How we pick a winner!

A long time ago we learned that to fill our logical place in the community, we needed to do more than "sell groceries." We had to sell "service." Perhaps you don't know it, but we feel a keen sense of responsibility for everything we sell you. We feel it is our duty to know all there is to be known about the products on our shelves. So, when something new comes on the market we test it. Test it in our own homes. That's one way we render service. A striking example of this is RYZON, The Perfect Baking Powder. Now, we are among the first to realize that if RYZON was all that it was said to be, we ought to know about it. And now we do. We know so much about it that we recommend it to you as the dependable, economical baking powder. We sell you your flour, eggs and other ingredients and we want your baking to be successful—there is no better way of insuring this, we feel, than by selling you RYZON. It is 40c per pound, and we would like to tell you something about the RYZON Baking Book which is a complete manual of baking, edited by Marion Harris Neil, and comprising 200 tested recipes. Ask how to get this \$1.00 book for 30c.

COOL DAYS and NIGHTS

will soon be upon us, why not get ready by buying one of our new "Leatherette" coats?

The "Leatherette" Coat

It is absolutely waterproof. When soiled, wash with water. It does not crack or rot under the hardest service conditions. The most violent scraping and tugging leaves it smooth and strong. Looks like leather—but superior to leather in every other respect. Long and severe wear render it softer and more pliable with each day's service. "Leatherette" coats are made of Leather's Successor—not Leather's Substitute. Made in either brown or black, in any style wanted. Call and see the coat.
