FAIR NEXT WEEK

Large List of Entries and Exceptional Attractions Offered.

Final plans for the Orleans County fair Tuesday, Wednesday and Thursday of next week are being made and everything points to one of those good old times when everyone went to the fair.

Elsewhere in this issue is a complete program of Wednesday's and Thursday's program. A smacking ball game may be expected both days as the teams playing have had their bats crossed and there will be no un-earned scores.

A special train has been arranged for Wednesday when the Lyndonville team come and this will undoubtedly bring a crowd of fans and fair visitors from the south. The train will leave St. Johnsbury about 8.15 o'clock that morning and will return after the races are completed.

The list of entries for the races show a string of nearly 40 horses and some good racing.

Secretary Hamblet is assured of a very full exhibit of stock and says some special exhibits never before seen at an Orleans County fair will be worth seeing.

The stage stunts are of an unusually high order and the band music by the Barton and Orleans bands is bound to prove satisfactory.

Mr. and Mrs. R. L. Byington of Charlotte were recent guests at the home of Geo. E. King and Miss Lois Hawkins is spending a few days there.

Mrs. Sarah (Smith) Creed, with her husband and four children of Northfield came to attend the funeral of her uncle, M. J. Smith, last week.

Miss E. M. Daggett, formerly of this county, late of Littleton, N. H., is guest at the home of Mrs. P. L. Webster. Miss Vera Webster has come to Lebanon, N. H.

Mrs. Ruth Burnham and daughter, Ruth, together with E. C. Blake, wife and two daughters, of Manchester, N. H., who have been taking a trip to Montreal, have arrived in town. Mrs. Burnham spent the summer in her brother's camp near Manchester.

Rev. R. B. Wright, D. D., who came on from his home in Boise, Idaho, to attend his class reunion at Dartmouth, left for home last week. He has preached at West Glover and visited many friends.

W. J. Edwards and Roscoe and Perley Smith, who came to attend their father's funeral, have returned home. Mrs. Edwards will remain to assist her mother in preparing to move to Barre.

Mrs. C. L. Hutchins is in Boston this week attending the convention of the New England Retail Milliners' association, of which she is vice president, an honor of no small proportions.

W. Scott Brooks of this place and Miss Josephine G. Summers of Randolph are married at the latter's home in Randolph Saturday. They have been in town for a short stay at the home of Mr. Brooks' parents. They will live in Lee, Mass., where Mr. Brooks is employed.

Sprague W. Drennan, assistant principal of Barton high school a few years ago, married Miss Dorothy Cook in Burlington Wednesday last week. Miss Cook was a high school assistant here for two years, and it was in Barton the young people first met.

More rain has fallen in the past ten days than for some weeks before and relief from the drought is welcomed. A number of cool nights and days of late remind us of approaching fall. The thunder shower of Sunday morning was one of the most severe of the summer, but no lightning damage is reported from this immediate vicinity.

Three of Barton's best ball players have been put out of the game this summer, the latest one being Catcher Barrows, who is now about town on crutches owing to a sprained ankle. S. Webster is another victim of the same trouble, while in the first game of the season, Maurice Leland was put out of the game by a broken arch. Yet the team is going strong and many fans are in Newport today to witness the first clash between these two teams.

We wish to thank the friends and neighbors for their help and many kindnesses during the sickness of our husband and father. We especially thank the Masons for their impressive funeral service, also all those who sent flowers.

Mrs. M. J. Smith. Mr. and Mrs. W. J. Edwards, E. C. Smith, P. M. Smith.

Mrs. Mary E. Bushey of Athol, Mass., a cousin of Mrs. O. A. White, and a niece, Mrs. G. R. Barnstead, and son, Richard, of Stoneham, Mass., accompanied by M. Barnstead, motored here, arriving Friday evening. Mr. Barnstead returned Saturday morning. The rest of the party will remain in Barton the rest of the week visiting relatives and friends.

The Ladies' society of the Congregational church served tea cream and cake in the vestry Tuesday evening. The weather was not favorable, but there was a good patronage. The ladies wish to thank the members of our band who so kindly furnished excellent music during the evening. It means quite an effort for these men to turn out for such an affair and their willing response and fine entertainment is much appreciated.

NAULT LOSES LEG IN MOTORCYCLE CRASH.

Accident Happens at Curve in Road Between Willoughby Station and Bobbin Mill.

Tuesday evening just before 7 o'clock a Ford car, driven by Alfred Demers, bookkeeper for the U. S. Bobbin and Shuttle Co., at its plant a mile south of Willoughby, and the motorcycle with side car, driven by Frank Nault of Barton, crashed together as they passed, young Nault sustaining a crushed left leg, which necessitated its amputation just below the knee.

It is said both car and motorcycle were jammed at a good clip, but that the automobile was on its side of the road. It would appear that the driver of the motorcycle swung back into the road too soon as the front fender of the car was not damaged, but the rear fender was jammed and the rear left hub cap jammed off while the spokes of the wheel showed signs of the collision. It must have been Nault's leg was between the hub cap and his motorcycle when the crash came as the leg was nearly severed. Otherwise he sustained few injuries, though the motorcycle was badly demolished.

In the side car of the motorcycle was Leora Ball, but she sustained no injury whatever.

The Demers car brought Nault to Barton where a stretcher was procured and he was taken to Orleans hospital where the leg was amputated later that night.

GREENSBORO

COTTAGE BREAKER TAKEN

For several years the cottage owners have been annoyed by their cottages being entered and frequently articles of food and clothing have been missed. Week before last, the cottage of C. M. Stebbins, situated on the south shore of the lake, was entered and an alarm clock and a pair of rubber boots taken. Complaint was made to State's Attorney Thompson, who came here and after investigating the matter, had a warrant issued for the arrest of Will Fitch, who has the control of three cottages owned by his mother, who lives in Morrisville. A search warrant was also issued to search the Fitch property for stolen goods. The papers were placed in the hands of Officer Chase, who, assisted by Officer W. S. Ingailla, made a thorough search of the Fitch premises, resulting in finding in the possession of Fitch the Stebbins boots and several other articles that the campers identified as their property. Fitch was taken to Barton before Municipal Judge Wright, before whom he pleaded guilty to entering the Stebbins cottage and taking the boots. He also admitted that he had entered and taken things from several of the cottages. On the person of Fitch and in the cottage in which he was living were found about 60 keys. Some of them were skeleton keys that would unlock the doors of several cottages. The case against Fitch was continued for sentence.

GET AFTER THIS CONCERN

Secretary of State Has Inquiry from Concern Regarding Location in Vermont.

Wessell, Nickel & Gross, manufacturers of piano actions, with offices at 457 West 45th Street, New York City, and factories at West Forty-sixth street and Tentia avenue and West Forty-sixth street, are desirous of locating a large factory in Vermont.

Here is their letter: New York, Aug. 12, 1919. Secretary of State, Montpelier, Vt.

Dear Sir: We manufacture piano actions and piano hammers, essentially a wood-working proposition, although we do metal working as well, manufacturing the hardware (brass and steel) used in the manufacture of our product.

Under normal conditions we employ about 650 persons, males and females, in about equal proportions, and the principal commodity which we use is rock maple, about 300,000 feet or more per annum. We have had for quite some time a plan under consideration to transfer a part of our plant to some locality where labor, both female and male is more or less plentiful, with good shipping facilities and where water power may be had.

Our plan would be to buy an existing plant, to manufacture our own lumber and install our saw mill and moulding mill departments, as a start and enlarging as time goes on.

Therefore, we would inquire whether you can accommodate us with full list of properties for sale with full description of buildings, floor space and asking price, etc., location, railroad facilities, population and other relevant data.

With thanks in advance for your attention and assistance in the premises, we are Very truly yours, Wessell, Nickel & Gross.

Two Hundred at Woodman Picnic.

While the day was not one to be most desired for a basket picnic, nearly 200 persons attended the Woodman outing at Lake Eden Tuesday.

The ball game in the morning between Lowell and Eden, was won by Eden. Score 10 to 6.

The speaking by State Deputy Whalen of Madison, Wis., was very interesting and should have been heard by a much larger audience.

At 3 o'clock p. m., the ball game between teams of Woodmen, one from the east side of Lowell mountain and the other from the west side, was called, resulting in lots of fun and a win for the west side team with a score of 22 to 6.

Everybody seemed to enjoy themselves and it is hoped that next year the weather will be right.

Special Barton Town Meeting.

Notices have been posted calling a special Barton town meeting at Seaver's hall Tuesday, Sept. 9, for the purpose of seeing whether or not the town will vote to appropriate a sum of money from the general fund for the purpose of continuing the work now in progress on the road leading from Barton to Westmore, for which work private subscription to the approximate amount of \$5000 was raised.
