POSSIBLE NEW INDUSTRY FOR BARTON

Woolen Mill Costing \$100,000 to Build and Equip Considers Barton for Its Location.

A new industry for Barton which will employ more men than any industry here at present, one that will require the erection of a large brick factory on a railroad siding, and an industry backed by men with capital is in immediate prospect for Barton.

Sites have been looked at and much of the detail settled. Tuesday a representative number of Barton's men came together at the Improvement club rooms and instructed the trustees and E. W. Cutting to go to the parties interested, and who have been here, with the proposition to give the concern a suitable site and railroad siding, grant village water and electric current concessions and probable exemption for a term of years.

The trustees and Mr. Cutting left Wednesday to place the proposition before those who have the matter to decide and expect a decision from them within a short time.

If the factory is built operations will begin immediately. The building will be a brick structure constructed in the form of three sides of a square, approximately forty feet wide and with a total length of several hundred feet, and when equipped will represent an outlay approximating \$100,000.

Other towns are bidding strongly for the concern and Barton feels it has gone its limit in the grants and concessions made. It may be stated that the electric and water concessions which the village is able to make because of its municipal ownership of these utilities is one of the features which appeals to those who propose the erection of the factory, and they look with some favor upon Barton.

successful operation for the removal of a cataract from one of her eyes.

Refreshments were served by Crystal Lake grange.

A good-sized audience gathered at the Congregational church Tuesday evening, considering the weather, to take part in the community sing and listen to the W. C. T. U. medal speaking contest. The contestants for the medal were the Misses Arline Marshall, Marion Sears, Bernice Ray and Ursula Wakeman. Miss Marshall was awarded the prize which is a silver medal. The other speakers did well and were given a box of chocolates each. Mr. Merrill led with some spirit, especially by the young people. Miss Ruggles presided at the piano and Slayton Lang played a saxophone solo. A chorus of school girls rendered a vocal selection which was applauded. Miss Julia King presented the work and cause of the W. C. T. U. and withal the affair was one to be enjoyed.

Who Wants Enumerator's Job?

The time for filing applications for census enumerators for the second district of Vermont has been extended to November 1, 1919. The second district of Vermont comprises the counties of Caledonia, Essex, Orange, Orleans, Washington, Windham and Windsor. There are 160 sub-divisions in this district, requiring about 160 enumerators.

The time of taking the census will commence on January 2d next and will require 30 days in the smaller towns and about two weeks in the larger places.

Applicants should write G. Herbert Pape, supervisor of the census, Barton, who will send them application blank and other necessary information.

FARM BUREAU MEETING

Annual Meeting Attended by over 200 People.

Over 200 people gathered in Irasburg Thursday to attend the sixth annual meeting of the Orleans County Farm Bureau. A business meeting was held in the morning, but owing to the lateness of the hour in getting started some of the business had to be taken up after dinner.

During the forenoon session, the following business was taken up. Pres. R. A. Dutton of Brownington opened the meeting. A report on the Dairy Project was given by the county agent in the absence of B. F. Butterfield. Then followed a report on the Farm Management Project, which was given by E. S. Kelley; Corn Variety Project by M. L. Porter; Home Demonstration work by Mrs. F. V. Swanson; and Organization Project by R. A. Dutton. A report was made by the county agent on the Exchange Project and Legume Project as well as the miscellaneous work of the Farm Bureau. This was followed by a report of the program of work committee given by B. J. Williams of Morgan Center, after which recommendations for community chairmen made by this committee were given by Mrs. Swanson. These reports were accepted and adopted.

A committee on resolutions was appointed by the chair, consisting of C. W. Richmond, Mrs. E. S. Kelley, and S. T. Vance, and a nominating committee made up of E. A. Dutton, Mrs. R. W. Buchanan and Fred May. Adjournment was then taken until after dinner.

The afternoon session opened with a song by the Brownington Boys' and Girls' club. Miss Winslow then gave a report on the club work which has been carried out in the county this past year with a few brief remarks on the work which has been carried out locally through the clubs in Brownington. Another club song was then given followed by a few remarks by A. F. Stoddard, president of the Caledonia County Farm Bureau, given by H. W. Shaw. President Dutton then outlined the present financial condition of the Farm Bureau, showing that with the most careful management the organization was bound to be in debt by at least \$500 or \$600 the first of next July. The first of this last July the debt was about \$1000, but a budget of expenses has been made so that at least \$300 will be made up this year. C. H. Root then made a few remarks concerning the value of the Farm Bureau and then stated he wished to give \$5 toward the removal of the present debt of the bureau. He was followed by B. J. Williams, C. W. Richmond, E. A. Dutton and M. L. Porter, all of whom wished to give their support to the move. President Dutton then asked for a rising vote of all who would back this move to the extent of \$5.00 and 16 responded.

Then followed the report of the committee on resolutions, a part of which follows:</
