Russell Humphrey had quite a thrilling experience Friday noon when coming down the A. C. Clark hill on West Main street. He was These are all standard goods driving a coupe from the Lawson garage and when about half-way down the hill the rear end of the car tried to get ahead of the front end, and the very best manu- and resulting in the car going sidewise for some distance, the speed of which was not the slowest as the hill was very smooth and icy. As the near to the foot of the hill it made for the ditch, turning com Let us show you and quote pletely around heading up the hili too. But almost any home can furnish and running back until it came up the decorations for a really lovely tree against the bank near the bobbin mill without very much expense, and there where it stopped. What kept the car from tipping over is a miracle. After the car stopped the driver calmly opened the door, started the engine and went on his way as though it were an everyday occurrence. We berries looped from the branches are in doubt whether Russell was doing the fox trot or if he had a prospective customer along the high way and he was demonstrating the car that they might see what a safe car it was to buy.

Beginning of Great Industry.

Plymouth was the first permanent white settlement in New England and dates its founding from the landing of the Pilgrims, December 21, 1626. The iron works on the banks of the Saugus river, established in 1643, were the first iron works in America. A small iron pot cast there in the first forge in America is now the property of the city of Lynn and is in a glass case in the Lynn public library.

Mrs. Walter Barnard and child of Old-Folk Tale Relates That Stare Danced and Birds Sang on Day of His Birth.

> When the child of Nazareth was born the sun, according to the Bosnian legend, "leaped in the heavens and the stars around it danced. A peace come over mountain and forest. Even the rotten stump stood straight and healthy on the green hillside. The grass was beflowered with open blossoms, incense sweet as myrrh pervaded upland and forest, birds sang on the mountain top and all gave thanks to the great God."

strange, subtle force, a spirit of genlal good will, a new-born kindness. The Misses Agnes Trudeau and seem to animate child and man alike when the world pays its tribute to the "heaven-sent youngling," as the poet, Drummond, calls the infant Christ.

Pretty Trimmings and Decorations Can Be Made in Almost Any Home at Slight Expense.

As to trimming the Christmas tree, first of all, don't trim your tree with cotton batting and lighted candles, as there is always danger in this combination, and "safety first" should be the slogan in all Christmas festivities.

You can purchase a whole lot of pretty decorations for your tree at the shops, and these come very cheaply, is no reason why every family where there are children should not have their Christmas tree.

Strings of popcorn and red cranmake an effective decoration. And strings of yellow field corn gleam beautifully in the Christmas light. Crescents, stars and hearts cut from heavy cardboard and covered with silver and gilt, or even colored paper, and cornucopias of bright colors filled with candy and popcorn are very pretty. Form cotton batting into balls the size of an orange and cover with orangecolored crepe paper, twist tightly and tie to the tree with a bit of narrow ribbon. These are pretty on the tree and

look like oranges. It is best to place all the larger packages under the tree, tying only the smaller gifts which are tied up in bright-colored paper to the branches. In this way the tree will not look frayed and denuded when the gifts are distributed, and it may be kept a long time for the children to enjoy.

USE OF EVERGREENS.

The use of evergreens at Christmas time is older than the Christmas tree. the Christians seeming to have copied it from their pagan ancestors. In a very old book we find this reference to the use of evergreens at Christmas time: "Against the feast of Christmas every man's house, as also their parish churches, were decked with holme, ivy, bayes, and whatsoever the season of the year afforded to be green. The conduits and standards of the streets were likewise garnished; among which I read that in the year 1414, by tempest of thunder and lightning, toward the morning of Candlemas day, at the Leadenball, in Cornhill, a standard of tree, being set up in the midst of the pavement, fast in the ground, nailed full of holme and lvy, for disport of Christmas to the people, was torn up and cast down by the malignant spirit (as was thought), and the stones of the pavement all about were cast in the streets and into divers houses, so that the people were sore aghast at the great tempest."

HYMN FOR CHRISTMAS.

Oh! lovely voices of the sky
Which hymned the Savior's birth, Are ye not singing still on high, Ye that sang "Peace on earth?" To us yet speak the strains
Wherewith in time gone by
Ye blessed the Syrian swains, Oh! voices of the sky!

Oh! clear and shining light whose beams That hour heaven's glory shed, around the palms and o'er the streams. And on the shepherd's head. Be near, through life and death,
As in that holiest night
Of hope and joy and faith—
Oh! clear and shining light!
—Fellcia Hemans.
