

**LAI'D OUT BY A DOUGHNUT  
DYSPEPSIA'S BEST FRIEND.**

Good Advice From a Rexas Soldier Saved Much Misery.

PRIVATE KAISER: "Don't you think you are taking long chances, Mr. Bolter? Doughnuts, cheese and boiling coffee would stagger the digestive abilities of a longshoreman."

MR. BOLTER: "Must be back to work in fifteen minutes! Can't stop for a course dinner!"

PRIVATE KAISER: "Judging from the color of your skin and eyes, and the shortness of your breath, you certainly have fatulent dyspepsia."

MR. BOLTER: "Something is wrong, right now; there is a red hot lump in my stomach that has ragged edges and keeps grinding out pain every minute. I cannot apply myself to work, and feel drowsy all the time."

PRIVATE KAISER: "Your whole digestive system is tired. REXALL Dyspepsia Tablets will help digest your food and give your stomach a rest. Eat regularly and slowly, and REXALL Dyspepsia Tablets will soon make a new man of you. They have cured thousands who have suffered more than you."

**REXALL  
DYSPEPSIA TABLETS**

Warranted to cure all forms of Indigestion and Dyspepsia, or money will be refunded. Price, 25c, 45c, 87c.

**RICKERT & WELLS, Druggists**

**Another Strike in Chicago.**

Chicago, May 22.—A general strike of all the members of the Gas Workers' union against the People's Gaslight and Coke company has been ordered by the central council of the union. Street men, drip pumps, meter setters and statement takers to the number of 600 are affected by the order. Efforts will be made to draw the teamsters into the strike. As a cause of strike the men give the discharge of 258 members of the union by the company since the Chicago board of arbitration made its decision in the recent strike of the men.

**Eighteen Poisoned in Porto Rico.**

San Juan, Porto Rico, May 22.—Eighteen people living in a boarding house here kept by a Mrs. Harrington have been poisoned by milk containing ptomaines. Eleven doctors responded to the alarm, and the use of stomach pumps saved the lives of all the sufferers. The Americans affected were Messrs. Kellogg, Sisson, Gordon, Halen and Schultz and Mr. and Mrs. Chadwick. They are all out of danger.

**Canadian Government Fooled.**

Vancouver, B. C., May 22.—By a curious mistake in the provincial department of the lands and works, the Island Power company was granted 480 square miles of timber lands over and above the tract applied for. The discovery has been made and acknowledged by W. H. Moore, deputy minister of lands and works. How the government will rectify this error is not yet announced.

**Fire at Pennsylvania Falls, N. Y.**

Opdensburg, N. Y., May 22.—Wainwright's hotel, two dwellings, two stores, several barns and outbuildings have been burned at Reinselers Falls. The loss is \$30,000. The fire was caused by a lamp being overturned in the hotel. The Opdensburg firemen responded to a call for assistance.

**Arkansas Again Stranded.**

Benton, Mo., May 22.—The United States war ship Arkansas has anchored at Commerce, eight miles east of here. A boat was sent below to take soundings, but it is not thought she can pass Atherton until there is a further rise in the river. If she can make Cairo, no trouble is expected.

**Death of Doorkeeper Levels.**

Hoosick Falls, N. Y., May 22.—Nathan Lewis, formerly doorkeeper of the state senate, has died after a long illness of heart trouble. He suffered a stroke of paralysis on Tuesday, which rendered him unconscious up to the time of death. He was sixty years old.

**E. H. Harriman Doing Well.**

New York, May 22.—E. H. Harriman, the railroad president, who was operated on for appendicitis, continues to improve, according to his physicians.

**Best for Children.**

Bread made from Spring wheat flour necessarily is best, because of the gluten and phosphate it contains. It feeds the brain as well as nourishes the body. Pillsbury's Best is the standard Spring wheat flour.

**A JURY OF SOLOMONS**

United States Circuit Court Decides Baby's Parentage.

**A LARGE SUM INVOLVED.**

Upon the Question Whether Mrs. Robinson or Mrs. Metheny Was Infant's Mother Hung Title to Pittsburg Property.

Pittsburg, May 22.—The end of one of the most sensational cases ever tried in the United States circuit court came when the jury in the case of Beverly Robinson against Robert S. Stephenson and others returned a verdict for the defendants.

The case was for eighteen feet of property in Wood street, worth about \$100,000, and involved the paternity of a child. The plaintiff claimed title through a child which he alleged was born to his wife, who was his cousin, Miss Katherine Vera Robinson. They were married December, 1896, and it is alleged that the child was born in March, 1897, in Omaha, where they had gone to avoid publicity. Robinson and his wife were accompanied to Omaha by Mrs. David Gregg Metheny, sister of Mrs. Robinson.

**Both Women and Child Dead.**  
The family came east after the birth of the child, and in the summer of 1898 they spent several weeks at Fair Haven, Vt. One day Mrs. Metheny was seized with convulsions and died very suddenly. The next morning Mrs. Robinson and the child were dead, both having been shot. The suicide or murder of the woman and the murder of the child were testified to during the trial of the case. The defense was that the child was not the child of Mrs. Robinson, but was the child of Mrs. Metheny. Metheny is one of the defendants and the verdict gives him the title through the child born to his wife.

Robinson gave positive testimony that the child was born to his wife and that she had nursed the baby naturally. This latter fact was also testified to by other witnesses.  
On the other hand, a sister of Mrs. Robinson and Mrs. Metheny was present in the room when the child was born and swore that it was the child of Mrs. Metheny. She admitted that she had introduced Mrs. Metheny to the doctor as Mrs. Robinson and for that reason the doctor had believed that the child was that of Mrs. Robinson whom he visited professionally.

**Boy Killed by Small Negroes.**  
Ellaville, Ga., May 22.—Details have just been learned here of the killing of the five-year-old son of Albert Wall, a well known citizen of Schley county, by two negro boys aged ten and twelve years. The negroes enticed the boy into a shack pen, where, with a bed pin wrapped in a stick, they attacked him, breaking three ribs and inflicting other injuries. Spinal meningitis resulted, from which the boy died after much agony. The boys were caught and are being held pending a full investigation of their crime by the grand jury.

**Drowned in Lake Monadnock.**

Dublin, N. H., May 22.—The finding of the bodies of Louis Ellis of Keene and Richard France of St. Louis, Mo., in Monadnock lake, explained why they had failed to return from rowing. Ellis, who was sixteen years of age, and France, seventeen, embarked in a small rowboat about 9 o'clock in company with Roy Burke of this town. Some accident, the nature of which has not appeared, befell the craft and it began to fill. Burke being a good swimmer reached shore and reported that he thought the boat was sinking.

**Riots in St. Petersburg Feared.**

St. Petersburg, May 22.—The greatest anxiety prevails in administrative circles owing to the possibility of serious outbreaks on the occasion of the approaching bicentenary of this city. The police have requested the owners of workshops and factories to refuse a holiday to their employees during the festivities, but the men will probably refuse to work. The latter have recently shown much unruliness. Revolutionary emissaries have been flooding the workshops with seditious literature.

**Englishmen Petition the Kaiser.**

London, May 22.—An address to Emperor William is being widely signed here, expressing the hope of the British Catholics that Germany may be intrusted with the protection of Catholic interests in the east, and assuring his majesty that the British Catholics will labor unflinchingly to remove the misunderstandings between Great Britain and Germany and for the promotion of the friendliness of the two countries.

**Largest Cargo of Immigrants.**

New York, May 22.—The Hamburg-American line steamer Pennsylvania has arrived from Hamburg, Boulogne and Plymouth, bringing 235 cabin and 2,728 steerage passengers. This is the largest number of steerage passengers ever brought by a single vessel. The Pennsylvania also brought two camels and a number of birds and dogs.

**Papal Appointments.**

Washington, May 22.—The apostolic delegation has received from Rome briefs appointing Mgr. Henry Moellner coadjutor to the archbishop of Cincinnati, Mgr. J. J. Glennon coadjutor to the archbishop of St. Louis, Revs. E. Coffey and P. Nagel of the diocese of Scranton to the dignity of domestic prelates.

**ALCOHOL IN LIQUID KIDNEY "CURES."**

Sick Kidneys Doomed If They Are Used.

Kidney-Wort Tablets a Non-Alcoholic Remedy.

Alcohol is a kidney remedy is a crime. Anyone with knowledge enough to prepare a kidney remedy knows that alcohol is a deadly poison and irritant when allowed to filter through diseased kidneys, and people who deliberately buy a liquid kidney remedy, knowing that alcohol is required to make such remedies "keep," commit a blunder that often costs them their lives.

Why run such a risk when Kidney-Wort Tablets are obtainable at every drug store and there is no particle of alcohol in them? Kidney-Wort Tablets, because they contain nothing that can interfere with a steady improvement, are today accomplishing results that no liquid kidney remedy has ever attained. They are curing well developed cases of diabetes and Bright's disease. The Tablets have never failed to check kidney diseases in the young and the old. It is the one kidney remedy that leaves no bad after-effects. That is because the Tablets are entirely vegetable.

The result of kidney trouble, if allowed to take its course, is Bright's disease, which is nothing less than a consumption of the kidneys.

Watch your urine for symptoms of trouble. The morning urine is the best test. Let it stand for half an hour in a glass and then look for sediment, particles like brick dust or high color. If your suspicions are confirmed by pains in the loins, headaches or swelling of hands or feet, you should realize your danger. In these early stages Dr. Pettinill's Kidney-Wort Tablets send their healing and life-giving virtues to the very seat of the disorder, and always do their work without a failure. One bottle of Dr. Pettinill's Kidney-Wort Tablets will quickly take away all danger.

**GAS WORKS BLOW UP.**

Eight Persons Reported Killed in New York Central Yards.

New York, May 22.—Eight men are reported killed and several more injured in an explosion and fire in the gas works and paint shops of the New York Central railroad at One Hundred and Fifty-third street and Morris avenue.

Four explosions occurred in rapid succession. Tremendous excitement was caused in the neighborhood. Buildings were shattered, windows were blown out, and people fled from their houses for blocks around the railroad yards.

The flames spread from the gas house to the car repair sheds adjoining. Three alarms were sent in, and ambulances with a corps of surgeons were called from the Lebanon hospital. Calls for ambulances were sent in also to the Harlem hospital.

**No Wind For Big Yachts.**

Glen Cove, N. Y., May 22.—A large fleet of yachts and steamers gathered here to see the first trial race between the cup yachts Recluse and Columbia. The breeze was light all the morning, but at 11:30 the big single stickers with mainsails set sailed to the starting point of the triangular course laid out by the regatta committee of the New York Yacht club. The signal was given at 12:45, and the yachts started off, breaking out their headsails, when the wind died out and the committee boat signaled that the start would be postponed.

**Negro Killed by Mob.**

Corinth, Miss., May 22.—After an exciting battle, Mose Hart, a negro, was shot to death near here by a posse of citizens. Hart had been arrested for carrying concealed weapons and when on trial before Mayor Young, used insulting epithets. Marshal Bell was directed to keep order, whereupon the negro drew a revolver and fired upon Bell. Hart broke from the court room and escaped to a hut near the cemetery. The house was fired and when the negro emerged he was riddled with bullets.

**Turtle Mountain Cracking Again.**

Victoria, B. C., May 22.—A special in the Colonist from Frank says a crack four feet wide and three thousand feet long has opened a couple of hundred yards back from the face of the western peak of Turtle Mountain at the summit. A dispatch has been received at Frank from the lieutenant governor of the territory, ordering the mounted police to inform everybody of the danger and suggesting the immediate evacuation of the place.

**Orphans Burned to Death.**

Merrill, Mich., May 22.—Pearl and Edna Gill, aged three and five years respectively, orphans who had been adopted by Mrs. E. L. Butler, lost their lives in a fire that destroyed the Butler home. Mrs. Butler was at a neighbor's when the fire broke out and the children were asleep on the first floor of the house. They were smothered to death before help could reach them and their bodies slightly burned.

**D. H. ROSAHNSKY,**  
95 Henry St., New York City, says of

"My wife cannot live without Quinona. Quinona relieves her from liver trouble."  
To get well quickly take Quinona. The druggist has it.

THE QUINONA CO., BOSTON, MASS.

**OUR TRADE IN MANCHURIA**

The State Department Taking Steps to Protect It.

**WANTS NEWCHWANG OPEN**

To Obtain That Concession We May Have to Remove Countervailing Duties on Russian Sugar and Petroleum Products.

Washington, May 22.—Although the officials of the state department do not now feel at liberty to discuss Russian relations, it is true that they are taking the steps deemed advisable to protect American trade interests in Manchuria. The department is not dealing with the question whether Russia intends permanently to occupy that country; it seems to assume that Russia will never relinquish her hold there, so that whatever trade advantages the United States may hold or gain in the province must be through negotiations with the Russian government.

It is understood that the state department is directing its efforts to prevent the present American trade with Manchuria from being destroyed by Russia and that it is hampered somewhat by the countervailing duty imposed upon Russian sugar and petroleum under the ruling of Secretary of the Treasury Gage. Requests for the opening of new ports in Manchuria will hardly receive favorable action, it is believed, during the present negotiations, but that American interests can be fully protected in their present status is the firm belief of all of the officials of the government who have any interest in the case.

**To Keep Newchwang Open.**

The main point is to keep the port of Newchwang open to American trade upon terms of equality with all other nations. The customs reports for Newchwang show that American trade with that port is inconsequential, but the facts of the case are not revealed by competent authorities that fully one-quarter of all of the goods of every description shipped from the United States to China eventually find their way to Newchwang.

For the fiscal year 1902 the direct exports from the United States to China amounted to \$24,722,306. It is estimated also that since 1896 the value of American goods shipped yearly to China and ultimately reaching Newchwang for distribution has more than trebled.

**Indication of Russian Desires.**

While Russia has never openly expressed the desire for a better commercial understanding with the United States, that government has let it be known that such an arrangement would be highly agreeable to her. The alacrity with which the Russian authorities informally approved the still unsigned reciprocity treaty of three years ago was one such indication. The expressed intention of the Russian government to have M. Witte, the minister of finance, come to this country in the interests of amicable trade relations two years ago was another such indication. And both Russian and American authorities were disappointed when it became known that M. Witte could not come.

It is considered not improbable that the squabble with Russia over trade rights in Manchuria may lead to a trade understanding with that country.

It is hoped that the international monetary exchange commission, which has just sailed for Europe in the interests of a system of exchange between gold and silver standard countries and which will visit St. Petersburg, may do something to further a better commercial feeling between this country and Russia. While the members of that commission are not charged with any measure of diplomatic responsibility, the very nature of their errand to St. Petersburg will bring about necessarily a discussion of commercial relations between the two nations.

**Wealthy Farmer Murdered.**

Wheeling, W. Va., May 22.—A special to the Register from Parkersburg says that the body of George Lewis, a wealthy farmer of Grant Bend, O., has been found in the Ohio river near Middleport, O., with a bullet hole in his head. Lewis disappeared from Ravenswood, W. Va., on the night of Nov. 30 after an all night debauch. Fifty dollars which the dead man had in his possession is missing and it is thought he was robbed, murdered and thrown into the river by his companions.

**Lake Steamer Burned.**

Goderich, Ont., May 22.—A lamp exploded in the engine room of the steamer Pfohl in the middle of Lake Huron. A fire followed, and after fighting the flames for eight hours the crew of the vessel was driven to take refuge in the lifeboats. One lifeboat was picked up by a rescuing party from shore and the others are being sought near the scene of the disaster. It is believed that all the crew is safe. The boat was bound for Owen sound with coal.

**The Whitaker Wright Case.**

London, May 22.—Premier Balfour announced in the house of commons that a bill to amend the defects in the law as disclosed by the case of Whitaker Wright (the company promoter who is a prisoner at New York under extradition proceedings) was ready, but the attorney general and himself considered it both inconvenient and improper to discuss the matter while the Wright case was pending.

**WHAT IS CATARRH?**

Hyomei Cures This Common and Disagreeable Disease.

Hyomei cures catarrh by the simple method of breathing it into the air passages and lungs. It kills the germs of catarrhal poison, heals and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectually driving this disease from the system.

If you have any of the following symptoms, catarrhal germs are at work somewhere in the mucous membrane of the nose, throat, bronchial tubes or tissues of the lungs.

Offensive breath,	Discharge from the nose.
Dryness of the nose,	Stomping of the nose at night.
Pain across the eyes,	Aching of the body.
Pain in front of the head,	Droppings in the throat.
Pain in back of the head,	Mouth open while sleeping.
Tendency to take cold,	Tickling back of the palate.
Burning pain in the throat,	Formation of crusts in the nose.
Hoarseness to clear the throat,	Dryness of the throat in the morning.
Pain in the chest,	Loss of strength.
Cough,	Spasms of coughing.
Stitch in side,	Cough short and hacking.
Loss of flesh,	Cough worse nights and mornings.
Variable appetite,	Loss in vital force.
Low spirited at times,	A feeling of tightness across the upper part of the chest.
Rising of frothy mucus,	
Expectorating yellow matter,	
Difficulty in breathing,	
Frequent sneezing,	
Ruickness of voice,	

Hyomei will cure the disease, destroy activity of all germ life in the respiratory organs, enrich and purify the blood with additional ozone, and after a few days' use of this treatment the majority of these symptoms will have disappeared. In a few weeks the cure will be complete.

Catarrh or catarrhal colds cannot exist when Hyomei is used. This is a strong statement, but the Red Cross Pharmacy emphasizes it by agreeing to refund your money if Hyomei does not cure.

**TWO NEW STEAMERS.**

One of Them the Largest Tank Vessel Afloat.

New York, May 22.—Two new steamers have arrived in port direct from the builders' yards. They are the Narragansett, an enormous oil tank steamer, the largest afloat, and the Prince line steamer African Prince.

The Narragansett was launched Feb. 12 from the yard of Scott & Co., Greenock. Her dimensions are 531 feet length, 63½ feet beam and 42 feet depth. She is about 11,000 tons gross, 5,775 tons net register and 12,500 tons dead weight and 21,000 tons displacement. The owners are the Anglo-American Oil company of London. She will carry over 2,000,000 gallons of oil and 1,500 tons of coal.

The African Prince was built by Short Bros. of Sunderland for the Prince line. She is 423 feet long, 52 feet in width and 30 feet 4 inches in depth. She will be employed in the South African trade.

**COTTON BREAKS SHARPLY.**

Slump in Liverpool Affects the New York Market.

New York, May 22.—Cotton bulls were badly twisted by the bears when prices broke abruptly from 11 to 29 points at the opening. This is the worst decline that has occurred in the market in a week, and was due to a sensational slump in Liverpool, where quotations were 26 points lower on enormous realizing.

Shorts seized this opportunity to cover and thereby caused a decided commotion. At the low point of the day bull leader Brown took an active part in the proceedings and prices rallied about half a dozen points.

**Rosebery Unwavering Free Trader.**

London, May 22.—Lord Rosebery expresses surprise that his speech at Burnley, Lancashire, May 19, in which he dealt with Colonial Secretary Chamberlain's tariff speech delivered at Birmingham May 15, has been interpreted as in any way supporting Mr. Chamberlain's proposal to establish reciprocity between Great Britain and her colonies, and explains that he purposely treated the subject uncontentiously because he was addressing a nonpolitical audience. Lord Rosebery adheres absolutely to his opinion that the Liberal party is indissolubly bound to free trade.

**Severity of Drought.**

Saratoga, N. Y., May 22.—The unprecedented drought in the lower Adirondacks and eastern New York is causing much alarm among farmers. With but two or three brief storms and no rain of appreciable amount, agricultural values have fallen in this section since early in April. The intensely hot weather of the past few days has parched the farm lands to an intense degree. An early and protracted rain storm is prayed for to save the crops from utter destruction.

**THE CONFEDERATE REUNION.**

Great Ovation to General Joseph Wheeler—S. D. Lee Presides.

New Orleans, May 22.—General S. D. Lee presided at the opening session of the Confederate reunion in the absence of General Gordon, who remained in his room at the hotel to gain as much strength as possible for the ordeal of the parade.

The committee on credentials reported that there was a total of 1,534 camps represented at the reunion with 2,423 properly accredited delegates. The report was unanimously adopted. The report of the committee on resolutions was called for, but that body was not prepared to appear, and a delay ensued.

The report of the Battle Abbey committee was offered by General Clement A. Evans, who had read but a few words when General Joseph Wheeler came into the hall, and for a few minutes it was over with the Battle Abbey report while the delegates cheered a welcome to the little commander.

General Wheeler, after reaching the rostrum, made a short address of thanks for the welcome that had been accorded him. He urged upon his hearers the necessity of providing for the needy and aged soldiers of the Confederacy, suggesting that the best way to bring this about was through the various state legislatures.

At the conclusion of General Wheeler's speech General Evans resumed the reading of the Battle Abbey report. He announced that the cash in hand and in immediate prospect amounts to \$204,471. Of this amount \$104,471 is in cash in bank, \$40,000 is the remaining portion of the Rones donation, \$50,000 has been donated by the city of Richmond and \$10,000 by individual residents of that place.

The committee therefore recommended that as \$200,000, the minimum amount desired for the erection of the abbey, had been secured, the time had arrived for the commencement of the work. The report was adopted.

**To Send Bulgarians to Anatolia.**

Constantinople, May 22.—Hilmi Pasha, the inspector general under the reform movement in European Turkey, is credited with having formulated a plan for the colonization of Anatolia (Asia Minor, or the peninsula forming the western extremity of Asia) and the islands of the archipelago by Bulgarians, whom he proposes to deport wholesale from Macedonia. It is doubtful, however, if the powers will permit this. In the meantime Hilmi Pasha has planned to summarily exile to Anatolia the Macedonian prisoners who are suspected of complicity in the recent events in European Turkey, but who have not been convicted.

**More Cars Run in Bridgeport.**

Bridgeport, Conn., May 22.—The Connecticut Railway and Lighting company further increased the number of cars operated by nonunion men in the city and suburbs, all the lines except the East Main street line being open for business. Cars were started at 8 o'clock, an hour earlier than has been the practice since the strike of motor-men and conductors began a week ago. Conditions remained quiet, so that it was not considered necessary to have deputy sheriffs as guards on all cars, though on some lines the armed guards still remained on duty.

**General Estrada Reported Killed.**

San Francisco, May 22.—Eugene J. Groutner, an American of Salt Lake City, who arrived from Corinto on the steamer Newport, says that General Estrada, the leader of the forces of President Zelaya in Nicaragua, was killed in battle with the insurgents near Rivas on April 27. His troops were routed with great loss and the revolutionists succeeded in capturing a large quantity of arms and ammunition. The insurgents now have possession of the port of San Carlos and have complete control of Lake Nicaragua.

**Ohio Town Wiped Out.**

Lima, O., May 22.—The business portion of Dunkirk, twenty-five miles east of here, has been practically wiped out by fire. Eleven business blocks and three residences were burned. The heaviest losers were Mahon & Co., the First National bank, Lydeck brothers and the Dunkirk Telephone company. Loss estimated at \$100,000, partly covered by insurance.

**Two Killed by Lightning.**

Huntsville, Ala., May 22.—Mrs. Thomas Countess of Meridianville near here, and a servant, Margaret Morris, were struck by lightning and instantly killed. Two daughters narrowly escaped death.

**Growing Old Gracefully**
