

BARRE DAILY TIMES

FRIDAY, MAY 29, 1914.

FRANK E. LANGLEY, Publisher

Let it be a memorable Memorial day in the best sense.

Governor Fletcher's solo piece jarred the harmony of an otherwise tuneful week in Montpelier.

"Tramp, tramp, tramp, the boys are marching." With their hearts still stout they trudge sturdily along.

The French people are probably more reconciled by the feeling that they were beaten by a Franco-American on the golf links.

It would be very unfortunate if legitimate business interests in Vermont should suffer as the result of any dispute among officials.

We notice that Charles H. Thompson of Montpelier has gone to Oyster Bay "on invitation of Colonel Roosevelt."

The candidate for Congress from a Texas district who resorted to an automatic pistol in an encounter with another candidate ought to be barred automatically from all possibility of serving that constituency.

Senator Dillingham's faith in Vermont's water resources, as outlined in his address at St. Albans last evening, is shared by those corporations which have gone to unusual lengths in buying up the rights on the larger streams of the state.

These water rights are bound to become very valuable, especially in view of the possible situation, as stated by Senator Dillingham, when industries will seek locations in the less populated but well equipped sections like many parts of Vermont.

WESTERVILLE.

Florence M. Rock was pleasantly surprised Wednesday evening when, upon returning from an auto ride, she found 25 young lady friends awaiting her at her home. Upon entering the room, which was prettily decorated in green and white, Miss Rock was met by little Misses Rosa, Eudonia and Gladys Watson, who in behalf of the company, presented her a basketful of beautiful linen. With a few well-chosen words, Miss Rock thanked the young ladies, who so kindly remembered her. An enjoyable evening was spent in singing and playing games. During the evening ice cream, cake, punch and wafers were served by Misses Blanche L. Reason and Ruth E. McLeod. The party broke up shortly after midnight, all wishing Miss Rock much happiness.

MONTPELIER.

The Montpelier seminary baseball team will meet the Montpelier high school team on the seminary campus Saturday, May 30, at 2:30 p. m. A very hard struggle is anticipated, as both teams are in good condition and have met with good success thus far. It will be a game worth seeing, as the schools are naturally rivals and the seminary has a team which is far better than any turned out from the school for several years. The high school also has a snappy little team.

COUGH TWO YEARS OLD

Yields to Vinol—Read Why Strong vigorous men and women hardly ever catch cold; it's only when the system is run down and vitality low that colds and coughs get a foothold. You don't know that the right way to cure a cough is to build up your run-down condition again? Mrs. D. A. McGee of Waycross, Ga., says: "I had a chronic cold and cough which kept me awake nights for two years, and I felt tired all the time. Vinol cured my cough and I feel stronger in every way."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form all the medicinal curative elements of cod liver oil with tonic, blood-building iron added. Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system. You can get your money back any time if Vinol does not do all we say. Red Cross Pharmacy, Floyd G. DEAVITT CALLED TO COURT

Continued from first page.

to do business in the state of Vermont nor had they become so authorized on the 14th day of January, 1914, nor have they become so authorized since that day to the knowledge of said governor; that said governor did not know on said 7th day of February, 1913, that said companies were not authorized to do business in the state of Vermont and that said governor did not know on said day that said American Fidelity company was then in the serious financial condition hereinbefore set forth but supposed and believed that said companies were authorized to do business in the state of Vermont and that said American Fidelity company was in a sound financial condition.

"The relator further avers that said Deavitt on said 7th day of February, 1913, well knew that said foreign companies were not authorized to do business in the state of Vermont and that said American Fidelity company was in the serious financial condition hereinbefore set forth and that the capital of said American Fidelity company had been seriously impaired to the extent that said company was not a safe surety upon said bond when it was re-tendered to said governor for his approval as aforesaid and the relator further avers that said Deavitt wilfully, maliciously and contriving and intending to deceive said governor and to procure his approval of said bond and said instruments executed by said Southwestern Surety Insurance company, said International Fidelity Insurance company, said Southern Surety company and said New England Casualty company attached to said bond as aforesaid, did not inform said governor as to the financial condition of said American Fidelity Insurance company as hereinbefore set forth and that said Southwestern Surety Insurance company, said International Fidelity Insurance company and said Southern Surety company were not authorized to do business in Vermont as hereinbefore set forth but wilfully and maliciously as aforesaid withheld and concealed said facts from said governor and said governor then and there believing that said American Fidelity company was in a sound financial condition and that all of said other companies were authorized to do business in the state of Vermont and not knowing to the contrary, on the 7th day of February, 1913, approved said bond and said instruments attached thereto and on said day delivered to said Deavitt his said commission as treasurer of the state of Vermont executed by said governor and sealed with the seal of the state as aforesaid.

"The relator further avers that no oath of office has ever been taken by said Deavitt other than said oath of office taken on the 4th day of October, 1912, as hereinbefore set forth, a certificate of which said oath appears on said bond.

"No Authorized Agents." "The relator further avers that said Southwestern Surety Insurance company, said International Fidelity Insurance company and said Southern Surety company have no authorized agents or attorneys or any officers whatsoever in the state of Vermont upon whom process can be served nor is there any manner of means known to the relator whereby process could be served upon said companies in case it were necessary to bring action in the courts of this state to enforce said instruments executed by said companies and that it would be necessary to bring such action in the states of the domicile of said companies if such action became necessary." "The relator further avers that said American Fidelity company is at present in the serious financial condition hereinbefore set forth; that said company has ceased to do employers' liability and workmen's compensation insurance business, which said business has heretofore constituted the larger part of its business, and has since been doing only a small fidelity and surety business with a disproportionate overhead expense.

"Your petitioner further avers that on account of the financial condition of said American Fidelity company it reduced its capital stock from seven hundred and fifty thousand (\$750,000) dollars to three hundred and eighty-two thousand and seven hundred and fifty (\$382,750) dollars by cancelling and retiring three hundred and sixty-seven thousand two hundred and sixty (\$367,250) dollars of said capital stock which the holders thereof surrendered to said company

without receiving any compensation whatsoever therefor. "The relator avers that said bond and said instruments thereto attached are at present an unsafe, insufficient and inadequate security to the state of Vermont.

"The relator further avers that subsequent to the first of July, 1913, said governor first became cognizant of the facts concerning the financial condition of the American Fidelity company hereinbefore set forth and that said Southwestern Surety Insurance company, said International Fidelity Insurance company and said Southern Surety company were not authorized to do business in the state of Vermont and thereupon notified said Deavitt and Guy W. Bailey, treasurer of the state of Vermont, that said governor withdrew his approval of said bond and said instruments attached thereto and further notified said Deavitt to forthwith cancel and abrogate said bond and said instruments attached thereto and to procure, present to the governor for approval and file with said secretary of state another bond in the penal sum of one hundred thousand (\$100,000) dollars conditioned upon the faithful execution by said Deavitt of the office of the treasurer of the state of Vermont, with other and good and sufficient sureties upon said other bond, all of which said Deavitt neglected and refused to do and has continued said neglect and refusal ever since.

"The relator further avers that there is no other adequate remedy in the premises than that a writ of mandamus issue from this honorable court directed to said Deavitt as treasurer of the state of Vermont and commanding said Deavitt to cancel and abrogate said bond of the American Fidelity company and said instruments attached thereto and to procure, present for approval to the governor and file with the secretary of state a new bond in the penal sum of one hundred thousand (\$100,000) dollars conditioned that said Deavitt shall faithfully execute the office of the treasurer of the state of Vermont with good and sufficient sureties upon said new bond."

The petition for a writ of mandamus reads as follows:

Wherefore the relator prays: 1.—That an order may issue from this honorable court or some justice thereof directing the how and when notice of the foregoing complaint shall be served upon said Edward H. Deavitt, treasurer of the state of Vermont, and commanding him to answer said complaint, and the time for taking testimony in said cause and the time and place for hearing said cause and for other matters required to bring said cause to issue, hearing and determination.

2.—That a writ of mandamus may issue from this honorable court directed to said Edward H. Deavitt, treasurer of the state of Vermont, and commanding him forthwith to cancel and abrogate said bond of the American Fidelity company and said instruments attached thereto and to procure, present to the
