Summer Pleasures without Summer Discomforts! Indoors it's sticky and moist. On the porch it's cool—when the Vudors are down.

Why not eat, sleep, live there this summer? Thousands do it. The cool air gives appetite and forces you to dreamless sleep because it bathes the nerves while you sleep. It cures them.

Vudor Porch Shades cost little. They give air but keep out glare. You can look out through Vudors, but not in through them. They last—they keep "that new look," for they're stained, not painted, nor dipped.

The proposed football game to take place on the Berlin street grounds between the Bonaccords of this city and the Sons of Scotland of Montreal tomorrow afternoon was called off last night. Evidence of the big clean-up campaign continued to pile up yesterday in all quarters of the city. The work started so auspiciously the day previous was not allowed to stand still and many families who had deferred cleaning up in accordance with the clean-up program were busy working yesterday. In consequence, to the accumulation which the city teams were unable to handle yesterday were added many additional packages of refuse. All day the teams were engaged in transporting rubbish to the city dump. A careful tabulation of the number of loads carried will be available for publication later. By concentrating the team forces to-day it was hoped to have every vestige of the refuse removed by twilight to-night in order that the city may present a clean appearance for to-morrow. People whose rubbish has not been removed are asked to communicate early with the city engineer's office.

Warning.

Any parties wishing to hold picnics in the Shepard grove, near the greenhouse, are requested to ask the necessary permit from the Italian branch of the local Socialist party, Socialist block, Granite street, Barre. Said branch will hold the first annual private picnic on Memorial day.
