

### WOMAN COULD NOT SIT UP

#### Now Does Her Own Work. Lydia E. Pinkham's Vegetable Compound Helped Her.

Ironton, Ohio. "I am enjoying better health now than I have for twelve years. When I began to take Lydia E. Pinkham's Vegetable Compound I could not sit up. I had female troubles and was very nervous. I used the remedies a year and I can do my work and for the last eight months I have worked for other women, too. I cannot praise Lydia E. Pinkham's Vegetable Compound enough for I know I never would have been as well if I had not taken it and I recommend it to suffering women."

**Daughter Helped Also.** "I gave it to my daughter when she was thirteen years old. She was in school and was a nervous wreck, and could not sleep nights. Now she looks so healthy that even the doctor speaks of it. You can publish this letter if you like."—Mrs. RENA BOWMAN, 161 S. 10th Street, Ironton, Ohio.

Why will women continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

### TO SAVE EYES

IS THE OBJECT OF THIS FREE PRESCRIPTION—TRY IT IF YOUR EYES GIVE YOU TROUBLE

Thousands of people suffer from eye troubles, because they do not know what to do. They know some good home remedies for every other minor ailment, but none for their eye troubles. They neglect their eyes, because the trouble is not sufficient to drive them to an eye specialist, who would, anyway, charge them a heavy fee. As a last resort they go to an optician or to the five and ten-cent store, and oftentimes get glasses that they do not need, or which, after being used two or three months, do their eyes more injury than good. Here is a simple prescription that everyone should use:

5 grains Optona (1 tablet)  
2 ounces water

Use three or four times a day to bathe the eyes. This prescription and the simple Optona system keeps the eyes clean, sharpens the vision and quickly overcomes inflammation and irritation; weak, watery, overworked eyes and poorer vision troubles are greatly benefited and oftentimes cured by use. Many reports show that wearers of glasses have discarded them after a few weeks' use. It is good for the eyes and contains no ingredient which would injure the most sensitive eyes of an infant or the aged. Any druggist can fill this prescription promptly. Try it and know for once what real eye comfort is.

### RANDOLPH

Program Completed for the High School Graduation Exercises.

Commencement week begins Sunday evening, June 7, with the baccalaureate sermon given by Rev. Fraser McCreary in the church. Musical numbers will be given and the stage will be decorated appropriately for the occasion. ### W. M. WRIGHT RE-ELECTED.

White River Junction Man Heads North Windsor County S. S. Association.

Windsor, June 4.—The annual convention of North Windsor County Sunday School association was held yesterday afternoon and evening in the Baptist church here. Walter M. Wright of White River Junction, president of the association, was in the chair throughout both sessions.

Features of the convention were the afternoon and evening addresses of Mrs. G. E. Ladd of Woodstock, a daughter of the late Dr. Cyrus Hamlin, founder of Robert college, Constantinople; conferences on elementary work by Miss Marion Stiekney of Barre and on adult work by Mrs. C. F. Aldrich of Springfield, and an address by Miss Grace M. Brooks of St. Albans on "The Text Book of the Sunday School."

Mr. Wright was re-elected president. Mrs. H. W. Dutton of Royalton, secretary, and Clayton H. Noyce of Windsor, treasurer. The vice-presidents are the presidents of the district associations auxiliary to the county organization—E. L. Miller of East Barnard, Rev. R. A. Hamilton of Hartford, Dr. A. L. Patch of Windsor and Rev. G. E. Ladd of Woodstock.

### REWEDED TO FIRST SPOUSE.

Mrs. Eaton, Who Was Not Guilty on Trial of Murder.

Washington, June 4.—Mrs. Jennie M. Eaton widow of the late rear admiral, and first husband, D. D. Eaton a man worth, were married here yesterday. The couple have gone to a summer resort on their honeymoon.

Mrs. Eaton was found not guilty of the murder of her husband, the admiral, after a long trial in Boston, last October.

### A Woman's Charm

Beautiful hair, fluffy, lustrous, abundant and free from dandruff, is one of woman's greatest charms—it's her main delight—yet many who would be most attractive but for their streaked, thin and lifeless hair, think there is no remedy and that pretty hair is a gift of nature. Beautiful hair really is a matter of care and attention. Parisian Sage, when rubbed into the scalp and applied to the hair, will work wonders—you will be surprised and delighted with the first application—not only will the hair appear abundant, soft, fluffy, radiant with life, but really doubly beautiful.

Parisian Sage supplies hair and scalp needs. It surely removes dandruff, with any application and cleanses the hair of all dirt and excessive oil. It is an inexpensive, scientific tonic, and contains nothing to injure the hair or scalp. It can be secured from the Red Cross Pharmacy or at any drug store.—Adv't.

### MORE PLANS COMPLETED.

Busy Days for Attendants at Women's Club Convention.

Chicago, June 4.—Miss Josephine V. Brower, whose name is not unknown in the field of letters, has planned an interesting program for June 13, a part of which day has been set aside for the literature and library extension department of the General Federation of Women's Clubs, which will then be in convention in Chicago. During the morning session Miss L. E. Stearns of Wisconsin, who is in charge of library extension work, will speak on "The Woman on the Farm." At 3 o'clock in the afternoon a conference will be held, with the following program: "Revival of Interest in the Book," Literature, a National Movement," Mrs. Martha Foote Crow, New York; "Folklore," Miss Josephine V. Brower; "The National Expression of American Life in Our Drama," Miss Mary Gray Peck, chairman of the drama section; "The Public and the Play," Mrs. A. Starr Best, Chicago; and "Industrialism in Literature," Mrs. Edna Blair, Michigan. Mrs. R. McKinney of Arkansas and Mrs. A. Hardy of South Dakota will also speak on the Bible; Mrs. Sarah W. George of Michigan on folklore; Mrs. George E. Blake of Tennessee on the drama; and other speakers will be Mrs. A. E. Sheldon of Nebraska, Mrs. Samuel E. Epler of California and Mrs. George T. Palmer of Illinois, who will speak on "Industrialism in Literature." The folklore part of the program will touch on children's games and the Morris dance movement, which is endorsed in England by the Shakespeare Memorial committee of Stratford-on-Avon.

Mrs. Brown, who as Miss Florence Warren of London was the leading instructor of the famed Esperanto club, 50 Cumberland market, where the present day revival of Morris dancing began its career, will illustrate the steps and figures of a typical Morris dance. The library extension conference, under direction of Miss Lurie E. Stearns, chairman, has as its topics for discussion: "How to Secure a State Library Commission"; "More Liberal Library Legislation"; "The Extension of Available Library Resources to the Isolated and Less Favored Districts"; "The Kind of Literature to Be Furnished"; and "The General Relation of Libraries to Clubs." The above topics will be discussed by some of the leading librarians and clubwomen of the country.

The principal social feature of the biennial convention of the General Federation of Women's Clubs to be held in Chicago, June 19, will be the reception held at the Art institute, in charge of the social, music, art and decoration committees jointly. On that occasion the entire Art institute will be open to all visiting clubwomen and to Chicago clubwomen as well. The general federation officers will receive in certain rooms, although there will be no formal luncheon, June 19, will be 8:15. Allen Spencer will give a piano recital of two groups by Liest and Debussy; at 9 p. m. there will be a recital by Christine Miller of John Carpenter's songs, with the composer at the piano. Goldsmith's orchestra will provide the incidental music for the reception and dancing. A brilliant feature of the occasion will be a pageant, under the direction of Clyde Gardner of the Field museum, several hundred singers and dancers taking part in this classical Greek event, which will be somewhat of a professional nature, passing through the rooms and pausing at designated places, where classical dancing will be given.

On the afternoon of the same day, at 3:15, the music committee of the local board will present Mrs. Lou Wall Moore in a reading of the "Happy Prince," by Oscar Wilde, with musical accompaniment, music by Liza Lehman. At 4:15 there will be a concert, in three there will be a trio number. Three Russian songs by Glinka Herrman, with Josephine Large at the piano, Mrs. Rachel Steinman Clarke, violin, and Miss Mabel Woodworth, viola. This will be followed by two groups of songs, rendered by Marie Sidenius Zandt, soprano, with Mrs. Allen Spencer, accompanist. The third number on the program will be a violinello group by Vera Poppe.

Another social event which has to do with the art life of Chicago will be a tea in honor of Mrs. Percy V. Pennybacker, given at the Midway studios by Miss Clyde Chanler and Lorado Taft. The tea studios will also be open, Mrs. Anna Stacey, one of Chicago's well known artists, acting as hostess. At the Fine Arts building, Miss Magda Heuermann will conduct a tour of the 10th floor studios. Gallery tours will be conducted on June 11, 12, 15 and 16 from 4:30 to 5:30 p. m. each day, when members of the local art committee of the biennial board will receive and the speakers will be artists and lecturers of note. One of the attractive features presented by the art committee will be Dr. Frank W. Gunsaulus, masterful lecturer upon Rembrandt, illustrated with stereopticon.

Many of the best art shops will hold special exhibits. Dollier will have ancient and modern etchings; O'Brien, women painters; Thurber, Dutch art; and schoolroom decorations; the Fine Arts shop, an exhibit from the artists' guild and the Miniature Society of Chicago.

## Fresh Corn On the Cob —or Dry Kernels?

There's no question as to which you would choose to eat. And there's just as much difference between fresh tobacco in the Sickle Plug and dried-up particles of sliced or granulated tobacco.

All the natural tobacco flavor and moisture are pressed into the Sickle Plug, and kept in by the natural leaf wrapper. You whittle a pipeful of the plug as you use it—that is why you always get it fresh—always get a slow-burning, sweet, cool, satisfying smoke.

Economical, because you get more tobacco—there's no package to pay for. And there's no waste. All good dealers sell Sickle—try a pipeful today.

### Earning a Livelihood on a Single Acre.

In the current issue of Farm and Fireside Charles A. Byers writes an interesting article in which he shows how certain farmers in California are making a comfortable living from an acre of ground and in some cases from a fraction of an acre. Following is an extract from the article:  
"Sometimes a lot will be planted exclusively to some one vegetable or to marketable flowers, but in most cases a variety of garden truck is grown. As an illustration, the tiller of a half-acre lot at Monte Vista during the past season tells me that he planted potatoes, sweet corn, peas, three kinds of beans, cucumbers, melons, squash (several varieties), tomatoes, sweet potatoes, beets, carrots, onions, lettuce, and kale. Rotation of crops is carefully planned, and in this way the productivity of the soil is utilized to the greatest degree.  
"Many of the farmers devote considerable attention to raising chickens and eggs for the market, and the milk, cream, and butter produced by the colonies are supplied by the Toggenburg or Nubian goats."

## Trot-Moc

### BACK TO NATURE SHOES

#### For Grown-ups and Growing-ups.

They are a logical development of the Indian moccasin, retaining the softness and comfort of the footwear of the Indian, but improved to meet modern conditions and the requirements of a high-grade, fine-appearing shoe.

They conform to every bend of the foot, allowing the muscles to flex naturally.

The sole is retanned by our special process, which renders it light and flexible, yet materially adds to its wearing qualities.

We cannot too strongly impress the fact that Trot-Moc shoes require no "breaking-in."

Every Trot-Moc shoe is stamped plainly on the sole "Genuine Trot-Moc Sole" and has the Indian trade-mark stamped on the innersole. Get the genuine Trot-Moc.
