

Guaranteed roofing—best responsibility! Why accept a doubtful guarantee on roofing when you can get one signed by the largest manufacturer of roofing and building papers in the world, with a saving in cost in the long run? Buy materials that last Certain-teed Roofing

HANCOCK

Eugene Smith is on the sick list. Mrs. Ethel Kerr of Northfield has been a recent guest of Miss Bessie Hubbard. Rinaldo Whittier's boys have in their possession five tame skunks and two bobcats.

AMUSEMENT NOTES

Klarck-Urban Company Opens With "The Third Degree" To-night. In 1828, in the preface of "Ruy Blas" Victor Hugo said that audiences may be divided into three classes; the mob, which demands action, the woman, who desires passion, and the thinker, who cares for characterization.

GRANITEVILLE

Saturday evening about 60 friends from Graniteville gathered at the home of Mr. and Mrs. Worthen Button in a surprising manner. Games and dancing were enjoyed by all until 12 o'clock, when light refreshments of cake and coffee were served.

ORANGE

Mr. Loveland, Orange county agricultural agent, will speak Tuesday evening on "Fertilizing the Soil," at the town hall at 7:30. All are cordially invited to attend.

HOT TEA BREAKS A COLD—TRY THIS

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburser Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoonful at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once.

LOW COST OF LIVING IN PLAINFIELD

Generators of all kinds at reduced prices. For the week ending Feb. 20, 1915; list of a few of the many articles in the grocery line:

- Peas, Best Quality, per 5 lb. \$1.00

Canned Fruit, per 5 lb. \$1.00
Canned Fruit, per 5 lb. \$1.00

We want our own coffee. They are fresh and not low. Try a pound and you will be satisfied.

H. A. KENISON, 200 So. Main St., Barre, Vt.

WATERBURY

Obituary Record Largely Increased During Past Few Days. In the passing of James Davis Roberts, who died at his home in Middlesex Notch yesterday, another familiar figure has gone and a constant attendant upon the Methodist church. He was born in Pittsford, 72 years ago the 27th of this month, the son of Edmund C. and Mary (Butler) Roberts.

The funeral of Mrs. Mary Humphrey, who died at the Mary Fletcher hospital, was held at the undertaking rooms yesterday afternoon, Rev. W. L. Boisvert officiating. The bearers were G. S. Blaisdell, Orlo Ayers, Frank Hodge and John Parker.

The news of the death of James Smith was received in town Saturday, he having suffered a stroke that forenoon. Mr. Smith was born in Fayston 68 years ago, the son of Mr. and Mrs. Patrick Smith, and died in the same town although he lived in this vicinity for a number of years.

The funeral of Mrs. Charles Allen was held from the Advent Christian church yesterday afternoon, Rev. A. D. Page officiating, assisted by Elder P. G. Lord. The bearers were Frank Rogers, Herbert Sloop, George Gibbs and Byron Rood.

BETHEL

Mrs. E. Rosetta Dean Died Last Week at Age of 83 Years. Mrs. E. Rosetta Dean, aged 83 years, one of the oldest residents of this section, died at her home in Bethel last Wednesday. The funeral was held Friday.

C. D. Cushing is in Boston on business. Mr. L. A. Gray has returned to Boston, after a two months' stay with Mr. Gray. Miss M. Josephine Welch of Boston, has been visiting former schoolmates here.

Local friends of Mrs. Frank Stone of the Fish Hill neighborhood in Randolph, have learned of her death last Wednesday, following an operation. She was a husband and a son, Raymond.

ROCHESTER

Henry Shipman of Brattleboro was in town last week. Glenn Abbott was at home from Rutland a few days recently. Miss Marie Eddy has returned to her home in Brattleboro, after caring for her sister, Mrs. Allen Darrach, for several weeks.

After Measles Whooping Cough or Scarlet Fever. The extreme weakness often results in impaired hearing, weakened sight, bronchitis and other troubles, but if Scott's Emulsion is given promptly, the system is restored to its normal condition and the patient is able to resume his usual life.

A SWEET MOUTH FOR MR. SMOKER

If you are a steady smoker, you can change that stale tobacco taste for a delicious flavor, and sweeten your breath so that it is attractive instead of repulsive to those about you, by using ORA-HYGEN DENTAL CREAM. "The Kind That Saves Teeth"

ORA-HYGEN COMPANY, Portland, Me. RADIUM, URANIUM, AND VANADIUM. Production in 1914 was Largest in History According to United States Geological Survey.

The year 1914 was an eventful one in the industry of mining radium, uranium, and vanadium ores and had by far the largest year's production yet made. Figures collected by Frank L. Hess, of the United States geological survey, indicate that the output amounted to about 4,300 short tons of dry ore carrying 87 tons of uranium oxide and 22.4 grams of metallic radium.

Although carnotite, a mineral of these rare metals, contains three times as much uranium oxide as vanadium oxide, the Colorado and Utah ores of these metals generally contain only vanadium minerals in such quantity that vanadium oxide is present in excess of the uranium oxide. However, little is paid for the vanadium, as its separation from uranium is troublesome, and only a few thousand dollars was received in 1914 by brokers or producers for the vanadium in the ores sold.

NORTHFIELD

Mr. E. T. Raymond is visiting friends in Groton. Royal Cheney is visiting his parents, Mr. and Mrs. Harvey Cheney of East street. James A. McMann left Friday on a visit to his parents at Malone, N. Y.

Mr. W. C. White has returned from a business trip to Watertown, N. Y. The board of civil authority held a meeting at the town clerk's office Saturday afternoon, for the purpose of reviewing the checklist for the coming March meeting.

America's Mineral Products. The mineral products of the United States are discussed in a small volume now being distributed by the United States geological survey which contains a fund of useful information concerning the useful minerals and their values and production in all the states during 1912 and 1913.

These large figures are of general interest, but the chief value of the volume lies in the figures and discussion of the increased or decreased production of each state during recent years. Several principal minerals are discussed in the pamphlet entitled "Mineral Products of the United States in 1912 and 1913," a copy of which may be obtained free of charge from the director, U. S. Geological Survey, Washington, D. C.

After Measles Whooping Cough or Scarlet Fever. The extreme weakness often results in impaired hearing, weakened sight, bronchitis and other troubles, but if Scott's Emulsion is given promptly, the system is restored to its normal condition and the patient is able to resume his usual life.

WAR TRANSFORMED NISH INTO BIG CITY

Normally a Town of Some 20,000, It Now Holds More Than 100,000, and Where They Stay is a Mystery. Nish, Serbia, Feb. 15.—Nish, normally a town of some twenty thousand, has been transformed by the war into a city of more than one hundred thousand souls.

Every house with vacant rooms was commandeered by the government, but even this action failed to provide shelter for hundreds of fugitives from the battle districts. In the dilemma in which the American Red Cross mission came as a veritable God-send.

"Our constitution," said M. Petronjevitch, "and all of our institutions are really modeled from those of the United States of America, and some day we hope to be really an American state here at the end of Europe and the beginning of Asia.

TO PREVENT COLDS. Increase Bodily Defenses Against Disease Germ. People who have colds, according to the U. S. public health service, are suffering from an attack of germs which they carry in their own mouths or throats.

From the number of letters which they have received on the subject recently, officials of the department believe that sportsmen may unintentionally violate the provisions of the federal migratory bird law, which it is the purpose of the government to enforce rigidly.

Spring Shooting of Migratory Birds Absolutely Prohibited. The officials of the department who are entrusted with the enforcement of the law are anxious that these facts be impressed upon the people because it is the intention to investigate carefully all reports of violations made to the department's inspectors and warden and to prosecute all such violations in the federal courts.

The Producing Power of your land depends upon its fertility. Whatever may be its present condition Lowell Fertilizers will improve the soil because they are made of Organic Animal Substances, nature's best plant food.

LOWELL ANIMAL FERTILIZERS. M. A. Nelson, Montpelier, Vt. M. O. Marshall, Moscow, Vt. Geo. H. Pearson, Waterbury, Vt. Howard & Bell, South Barre, Vt. W. H. Haddock, Morrisville, Vt. E. A. Stone, Williamstown, Vt. Frank W. Strong, Montpelier, Vt. E. W. Post, General Agent, Essex Junction, Vt.
