THEY WHO DIED

From the French of Charles Peugy, Killed in the Battle of the Marne. Happy they who died for this carnal earth, For they have died in a war that is just.

PRESS COMMENT

The Graham Case. References to what someone in Washington, who must have had a very fragmentary knowledge of the case, says about Vermont and Vermonters, are in bad taste.

A Bi-Partisan Commission. Eli H. Porter, who succeeds Robert C. Bacon on the Public Service Commission, has had previous experience as an appointee of the late Governor Fletcher D. Proctor.

When Mrs. Wilson Goes to France. As soon as President Wilson and his party set foot in France, the women of America will insist on knowing what his wife says, does, wears and eats.

Remembered Mother's Answer. Little Harry one day asked his mother who made the trees and was told that God made them.

Artificial coloring of goldfish by keeping them in water containing certain chemicals is extensively carried on in Italy.

THREE NOTED FRENCH TOWNS

Will Live in History as Having Given Their Names to Articles of Every Day Commerce. Three towns in northern France have given their names to articles of everyday commerce—Cambrai, from which "cambric" is derived.

ARMENIANS LOYAL TO ALLIES

None of the Conquered Peoples Have Shown More Devotion to Cause of Liberty Than They. It has been the Armenians who have been most constant in their loyalty to the allies, and eight months ago, from the city of Yau, 130 of them went forth to take up positions which had been vacated by Russians.

Delighted.

The examining officers at the prison pens talk German like natives, but often the prisoners don't and that leads to complications.

Types of Big Guns.

There is no known 75-centimeter gun. If there were its bore would be more than 29 inches. The famous French 75-millimeter gun has a bore a little less in size than the American 3-inch field gun.

Faces Ahead.

The complaints from two Yankee regiments that had stormed the slope above the Ourcq came wearily back at sundown from the task of burying their dead.

New Trick.

A new method of fighting the U-boat menace is for the attacked vessel to drop a depth charge as the torpedo approaches. In daylight the wake of the torpedo can usually be seen quite clearly.

Unreasonable.

Several boys were holding a conference on the street corner. One boy kept correcting another's mistakes in English until the offender suddenly squared himself before his critic and demanded, "See what's what is vacation for if a fellow has to talk proper all the time?"

CITY OF NEWPORT

There were nearly 250 people in attendance at the First Congregational church last evening to listen to Rev. L. A. Edwards on the subject, "When a Man is a Man."

Influenza Convalescents Should Have Lungs Examined—Colds Which Hang On Often Beginning of Tuberculosis.

Washington, D. C.—With the subsidence of the epidemic of influenza the attention of health officers is directed to pneumonia, bronchitis and other diseases of the respiratory system which regularly cause a large number of deaths, especially during the winter season.

Common Colds Highly Catching.

"It is encouraging to observe that people are beginning to learn that ordinary coughs and colds are highly catching and are spread from person to person by means of droplets of germ laden mucus.

Suitable Clothing Important.

"Still another factor in the production of colds, pneumonia and other respiratory diseases is carelessness or ignorance of the people regarding suitable clothing during the seasons when the weather suddenly changes.

Could Save 100,000 Lives.

"I believe we could easily save one hundred thousand lives annually in the United States if all the people would adopt the system of fresh air living followed, for example, in tuberculosis sanatoria.

Droplet Infection Explained in Pictures.

"The Bureau of Public Health, Treasury Department, has just issued a striking poster drawn by Berryman, the well-known Washington cartoonist.

What to Do.

In his statement to the public Surgeon General Blue points out how those who have had influenza should protect themselves against tuberculosis.

Danger Signs.

The Surgeon General warned especially against certain danger signs, such as "decline" and "colds which hang on."

Patent Medicines Dangerous in Tuberculosis.

"Above all do not trust in the misleading statements of unscrupulous patent medicine takers. There is no specific medicine for the cure of tuberculosis. The money spent on such medicines is thrown away; it should be spent instead for good food and decent living."

ADVICE TO "FLU" CONVALESCENTS

SPAIN AND ENGLAND REPORT INCREASE IN TUBERCULOSIS AFTER INFLUENZA EPIDEMIC.

U. S. Public Health Service Warns Public Against Tuberculosis. One Million Cases Tuberculosis in United States—Each a Source of Danger.

GREENSBORO

J. B. Cock has been ill the past week. Linvel Brown, who is at Camp Eustis, Virginia, for military training, has been ill with influenza, but is again able to be on duty. Mrs. Lillian Kinney and two little sons of Hardwick spent Thanksgiving day at the home of Dr. F. C. Kinney. Mr. and Mrs. N. L. Drown spent Thanksgiving at Alpha Gebbie's in Hardwick. Mrs. Gertrude Campbell Paquette of Hardwick, who has been very ill with complications following influenza, is reported as improving. Floyd Magoon of St. Johnsbury has been in town several days visiting at the home of his mother. There has been a new upright boiler installed in the Caspian Lake Creamery by F. A. Messer, the owner. The knitting committee of the Caspian Lake Red Cross announce that they have just received a large quantity of yarn which is to be knitted into useful articles for the soldiers. Anyone who wishes to help in this worthy work may get the yarn from Mrs. W. B. Simpson. William Barrington, who attends school at Bakersfield Academy, was home over the Thanksgiving holiday. There were about 70 young people at the social and promenade given by the Vigilants and Glad Game classes of the Congregational Sunday school in the Grange Hall Friday evening. Every one enjoyed the very best time. A program was given and a charge of 10 cents each was made for refreshments. The water pipes burst in the United Presbyterian parsonage one day last week and the lower floor and cellar of the building were badly flooded. Fires are being kept in the building to dry it out. It has not been occupied for the last six months. Mrs. Carl Philbrook has been ill the past week. Ray Pette, principal of the junior high school, was a St. Johnsbury visitor Saturday.

On a Commercial Basis.

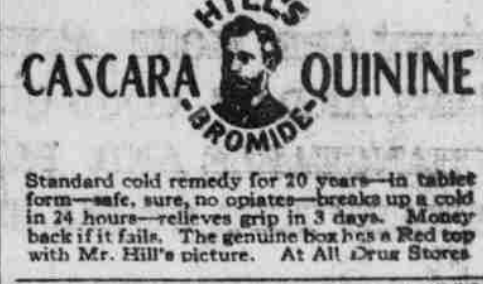

Gerald gave his grandmother a little gift for her birthday, and she said: "Well, you are a good lad; I shall give you a nickel for yourself; to which the little chap replied, "But, grandma, the present-cost 15 cents."

Explicit Directions.

Jessie was asked by a man if she could tell him where Mr. Dodge lived. Pointing to the west, she replied: "Go that way and that way, and stop at the first house where there's a dog."
