

## POLISH ARMY, FLEEING IN PANIC, DIDN'T WAIT TO BLOW UP BRIDGES

Warsaw's Last Line of Defense, the River Bug, Has Been Lost and Warsaw Must Be Evacuated in Two or Three Days, the Military Experts Agree.

### GOVERNMENT PLANS TO OCCUPY CRACOW

Polish Forces Are Demoralized on the Whole Northern and Central Fronts and Russian Cavalry is Sweeping in Rapidly—No Hope That Poles Will Make Stand.

Paris, Aug. 4 (By the Associated Press).—Warsaw will have to be evacuated within two or three days, in the opinion of the French and British military experts there and the government is expected to be moved within that period, probably to Cracow.

The report of the members of the military mission, telegraphed here last night, declared that the Polish army along the River Bug had retreated so precipitately that it did not even destroy the bridges behind it. This river was Warsaw's last line of defense.

A special Russian cavalry corps, the military men reported, was driving southwest along the border of the Alenstein district and had yesterday reached a point 30 miles from Mlawka, 31 miles northwest of Warsaw, on the only district railroad to Danzig from the Polish capital. These cavalrymen were said to be headed through Mlawka into the Polish corridor to the Baltic nearby, and thence to Pomerania.

The experts reported that the Polish forces were demoralized on the whole northern and central fronts, and were falling back. The military men said they had virtually abandoned hope of the Poles making a stand now.

The Polish armistice delegates returned to Warsaw Tuesday night, and the Polish government has little hope of the speedy arranging of an armistice. The members of the allied mission are convinced that the soviet government does not intend to negotiate an armistice, they reported and declared their belief that the Russians intended to set the next meeting with the Poles to-day at Minsk knowing that it would be impossible for the Poles to arrive there in time, making a pretext for further delay.

The Polish government, it is learned, decided as to whether it will send emissaries to Minsk.

The reports said their gravest concern was the imminent cutting off of Warsaw's direct communications with Danzig, upon which Poland is dependent for military supplies.

Lord D'Abernon, the British ambassador to Germany, and head of the British mission to Poland, has returned to Warsaw from Danzig.

### SUSPENSE OF WARSAW WAS HEIGHTENED

By News That Negotiations at Baranovitchi Had Been Without Result.

Warsaw, Aug. 3 (By the Associated Press).—The suspense upon which Warsaw has labored for three days was heightened to-night by the news that the negotiations at Baranovitchi between the Polish and soviet Russian armistice commissions had been without result. The report that the Russian soviet government insisted that peace conversations begin at once caused a sensation in political circles.

Announcement was made that General Romers party was authorized only to confer with the bolsheviks on the question of an armistice. This was in line with the understanding that prevailed when the Polish emissaries left this city for the front.

Officials at the American consulate have packed up their most important records for prompt shipment from this city in case the Russian bolsheviks continue to advance. The task of vising the passports of the hundreds who desire to leave Warsaw will continue until the consulate is forced to close.

Outgoing trains for Vienna, Posen and Danzig are crowded, and seat reservations are being sold at a large premium. People are fighting to gain entrance to the station platforms and rush for places to sit or stand as the trains back in. A close guard is maintained by troops who inspect all papers to see that no soldiers depart unless they bear proper credentials.

Provisional headquarters for the American Red Cross have been established at Cracow for use in case it is necessary for that organization to abandon Warsaw. About 50 Red Cross women workers are still in this city, but they have all their baggage packed

and are prepared to leave on short notice. The Y. M. C. A., which has been engaged in the distribution of American relief supplies here, has also taken precautionary measures and officials state to-day that unless the bolsheviks come within a week nearly everything of importance will be saved.

Three hundred cartloads of supplies were brought out of Bialystok by the Red Cross before the bolsheviks captured that city, and members of the organization continued treating the wounded until the soviet forces were within four miles of the town. In addition to saving all their equipment the Red Cross workers brought out 800 war orphans, who had been pupils in a school established by the junior American Red Cross. These orphans have been installed in a village near Warsaw. Red Cross officials here declared to-day that they would remain in Warsaw until the last. About 70 women workers left recently, but their departure had been decided upon some time ago, because of a decision to reduce the local staff on August 1.

### PREMIER HUGHES IN BITTER ATTACK

Australian Premier Declares Archbishop Mannix Worked During the War to Prevent Recruiting.

Melbourne, Aug. 3.—W. A. Hughes, premier of Australia, speaking here today attacked Archbishop Daniel J. Mannix, who is now on his way from the United States to the British Isles, after having been notified that he would be barred from Ireland by the British government. The premier's speech was virtually a reply to a statement made public in New York City by Archbishop Mannix on July 29, in which he vigorously denounced Mr. Hughes.

"Demonstrations in America favorable to Archbishop Mannix," said Mr. Hughes, "were carefully stage-managed in a manner similar to that pursued in those arranged in Australia and the people who acclaimed him there were Sinn Feiners, possibly leavened with bolsheviks or other wild fanatics. Archbishop Mannix does not represent Australia or the Irish or any other question, and is the acknowledged Sinn Fein leader in this country."

"When he arrived in Australia seven years ago," the premier continued, "Australia was free from sectarian bitterness than any country in the world. Spurred by boundless personal ambition and hatred of Great Britain, Archbishop Mannix has fanned the dying embers of religious bigotry into a fierce blaze, gathering around him every fanatic alien and Sinn Feiner in the country. He worked incessantly during the war to prevent recruiting and help the enemy defeat the allies, working great harm to Australia."

Referring to an alleged threat by Archbishop Mannix to "deal with Hughes" upon the prelate's return to Australia, the premier said: "He may, but, first of all, he has to return."

### MOBILIZING TROOPS TO MEET CANTU

Mexican Government Does Not Consider Rebellion in Lower California Very Serious.

Mexico City, Aug. 4.—Mobilization of only 3,000 men under the command of General Abelardo Rodriguez for the campaign against Esteban Cantu, the insurgent governor of Lower California, has been ordered by the government, according to a statement issued last night by General P. Elias Calles, secretary of war. He declared no troops would be sent to Lower California if necessary and would be led by General Angel Flores. It was indicated that the government does not consider the rebellion there of great importance.

General Lucio Blanco, General Candido Aguilar, former governor of the state of Vera Cruz, and son-in-law of the late President Carranza, and Gustavo Espinosa Mireles, former governor of Coahuila, and one of the leading Carranza adherents, are believed to have joined Governor Cantu, says the newspaper Universal, quoting official advice.

The Chinese fraternal union has received a message from Chinese in Lower California, saying Governor Cantu has demanded a loan of \$500,000, but that, following a consultation with the Chinese minister at Washington, it has been decided to refuse to meet the demand, as such a step might be construed as aiding the rebellion.

Chinese and Japanese residents of Lower California have sent an appeal to the United States asking that they be given permission to cross the frontier into California, during the campaign against Governor Cantu.

Mrs. George Cruickshank and daughter, Mabel, of New York City are spending a short time with friends in Barre.

Frank Shea, secretary of the Vermont Shoe Retailers' association, and George N. Tilden, president of the same organization, left this morning for Woodstock to make final preparations for the picnic to be held there to-morrow.

### BRITISH SEND A SHARP NOTE

Demanding Yes or No Answer from Soviet Government

### AS TO INTENTION ABOUT ARMISTICE

British Government Said to Be Irritated Over Russia's Equivocation

London, Aug. 4.—The British government is irritated over what it believes is soviet Russia's equivocation over the British suggestion that the Russians halt at the armistice line of demarcation in Poland and begin peace negotiations. It has dispatched a sharp note to the soviet government demanding a yes or no answer as to whether that government intends to listen to the suggestions.

The note, it is reported, contains no threats and is not in the nature of an ultimatum, simply requesting a quick answer as to what soviet Russia intends to do.

What was regarded here as the ominous silence of Warsaw, so far as official messages were concerned, was broken to-day, but the dispatches contained little to indicate what was going on.

### TURKISH FORCES ATTACK GREEKS

Offensive Started Along a 60-Mile Front in Asia Minor—British Are to Act With Greeks.

Constantinople, Aug. 3 (By the Associated Press).—Turkish nationalist forces opened a bitter offensive against the Greeks along a 60-mile front in Asia Minor on Monday. The battle line extends along the Baghdad railroad westward from Kutahia to Simnani.

Greek forces in Anatolia are being reinforced from Thrace and, in conjunction with British detachments, have advanced eastward from Ismid to Adahazar. The impression is growing here that the Greeks and British will counter against the Turkish action in the Smyrna district with movements of their forces through Anatolian and Black sea ports, thus taking railways and occupying all strategic points.

Izzet Pasha, former grand vizier, has been commissioned by the Sultan's government to go to Angora and attempt to reconcile the nationalists.

Desperate attacks against Greek forces, which had advanced beyond their area of occupation were made on Sunday by the nationalists at Simnani. The action lasted 24 hours and the Greeks were obliged to retreat, having lost 50 dead and 100 wounded. They were not pursued.

### APPEAL TO CLASS CALLED MENACE

Second Only to Surrender of Nationality to Internationality

### HARDING DENOUNCES LEAGUE OF NATIONS

Prefers "Industrial and Social Peace at Home" to International Peace

Marion, O., Aug. 4.—Decrying appeals to classes as a menace second only to surrender of nationality to internationality, Senator Harding, in his second front-porch presidential campaign speech to-day, declared that if he could choose but one, he would "rather have industrial and social peace at home than command the international peace of the world."

He asserted it would be unwise for this country to permit "our activities in seeking for peace in the old world to blind us to the essentials of peace at home" and added that "if America can be made to forget the attempted barter of nationality, well and good, but that 'when nationality is surrendered to internationality, little else matters and all appeal is vain.'"

The address was delivered to a delegation of Wayne county, O., Republicans.

Taking up the league of nations, Senator Harding declared it to be the other extreme to a referendum on a proposed declaration of war. "I emphatically agree," he said, "that no authority other than Congress may call our boys to battle. Accepting this truth, why make a covenant, which violates the good faith of nations?" "Suppose," he continued, "that under article X a program of armed force is agreed upon, and the Congress of the United States declines to respond. The executives would be called upon to carry on a war without constitutional authority or without a scrap of paper. We are on the side of both safety and honor to hold for ourselves the decision of our obligations to the world."

### PONZI NOTE HOLDERS NOT SO NUMEROUS

Speculators Were Again in Evidence Seeking to Buy Notes—Complaint Made About Slow Machinery of Payment.

Boston, Aug. 4.—The run on the Securities Exchange company, headed by Charles Ponzi, who claims to have made millions by dealings in international reply coupons, dwindled noticeably to-day. Perhaps a hundred note holders were on hand to present their claims, but the long line that has heretofore extended along the street for a block or more was absent. Speculators were again in evidence, seeking to buy notes.

Men who stood in line all day yesterday without reaching the windows of the paying tellers complained that the mechanism of payment worked so slowly that not more than 100 claims were disposed of during the day. But assistants in Ponzi's office insisted that this estimate was far under the mark. It was announced that arrangements had been made to-day to care for women note holders at a special window reached by a private corridor, so that they need not submit to the discomfort of waiting interminably.

Edwin L. Pridé, who is auditing Ponzi's accounts for the federal authorities, had a private conference with Assistant Attorney Daniel A. Shea, but neither he nor Mr. Shea would reveal its import.

Mr. Pridé had with him two bundles of Ponzi's certificates, which had been redeemed yesterday. He estimated that they represented payments of about \$300,000. The examination of the accounts was progressing, he said, but considerable time would be required to complete it.

Chamulga Oil Treatment at Penikese Island Proves Effective.

Boston, Aug. 4.—Examination of two patients at the leper colony on Penikese island who have been undergoing treatment with chamulga oil, a product of an East Indian fig tree, has shown unusual progress toward recovery, but the men have not been wholly cured, according to a report of a special medical commission. Dr. M. Victor Safford, chairman of the commission, said that bacteriological studies showed the presence of bacilli in the blood and the release of the patients was inadvisable at this time.

J. P. Galleher, local station agent, has received from J. W. Hanley, general passenger agent, what the people of Montpelier should consider as "good news for night, train service; namely, that the management of the road hopes that the trains, Nos. 17 and 17, which were placed in service with the summer schedule will receive patronage enough so that the trains may be continued the year around. They will be on the winter schedule for a time at least. The winter schedule will go into effect October 31, when the daylight saving plan changes and then train No. 17, now leaving at 10:20 o'clock p. m., will leave about an hour later, while train No. 18, which now arrives about 6 o'clock, will arrive about 6 o'clock in the morning, leaving White River Junction at 4:30 o'clock instead of 3:20 o'clock, as it now leaves that terminal.

The board of education held a meeting Tuesday afternoon at which the results of the conference held in the morning with the board of control took place. The board has a hard problem to dispose of; namely, the providing funds for conducting the Vail school the coming school year. The school is now on the verge of the state, the house on the Speedwell farm has changed the situation materially, so that now it will be hard to provide for the beginning of the school year on the Speedwell farms, where, under the provisions of the deed, the school will have to be conducted, but Mrs. Vail reserved the right to remain at the home until October 15th. The committee and the management of Lyndon institute will confer on the matter and the decision relative to the whole matter will not take place until the next meeting of the board a week or so hence.

The north-bound afternoon express Tuesday on the Central Vermont railroad was about three hours late in reaching Montpelier, owing to the detouring by the way of the Montpelier and Wells River railroad. There was some delay caused by this and the train would probably have reached Montpelier about the same time had it come over its own iron for the track at the fair grounds in Northfield was cleared about 3 o'clock. The rest of the passenger trains were about on time but little delay, other than to the south-bound express. Two cars were removed from the south-bound express train to help out in the tonnage over the Wells River railroad on the east-bound trip.

### EXCITEMENT IN WHEAT PIT

General Selling Brought About a Sensational Smash in Prices

### FOLLOWED BY AN UPWARD SWING

Country Holders Were Eager to Turn Holdings Into Cash

Chicago, Aug. 4.—Excited general selling brought about a sensational smash in wheat prices to-day. The market opened 8 to 13 cents lower with December \$2.16 to \$2.21, and March \$2.21. Most of the selling was said to come from country holders anxious to turn their wheat into cash. After a few minutes, however, the market bounded as much as 11 cents upward. For the first time since trading in futures was resumed the pit was filled with traders. Business was on a big scale. The rush to sell appeared based largely on unfavorable financial reports especially from the southwest. There had been a severe fresh break in sterling exchange and, contrary to expectations the British ronal commission was said to be still absent from the export market.

### STERLING EXCHANGE FALLS

New York, Aug. 4.—Acute weakness continued in sterling exchange at the outset to-day, demand bills declining six cents to 356 1/4. The weakness was due to the unfavorable situation and large offerings of bills.

### GIRL'S BODY FOUND BENEATH A TREE

Amy Shonio, 19, Missing at Johnson Since Saturday Night—Probably Committed Suicide.

Johnson, Aug. 4.—The body of Miss Amy Shonio, 19, missing since Saturday evening when she left her boarding place, was found yesterday afternoon back of the cemetery by two factory girls crossing through the cemetery hill to get to the river. The cause of the girl's death is said by the authorities to be unknown, but it is believed that they are proceeding under the assumption that she committed suicide by taking some kind of poison. Dr. R. H. Stone of the state laboratory of Burlington performed an autopsy yesterday afternoon and took the vital organs to the laboratory for analysis.

Miss Shonio, who had been employed at the factory here for a year, was said yesterday to have been about to become a mother and that was the reason for her supposed suicide, the authorities state. What puzzles the authorities is the absence of any bottle that may have contained poison, as nothing was found by the body.

Miss Shonio's body was found under a tree near an old barn.

She left her boarding place Saturday evening and it is believed she died that night. So far as known she went with no young men in the village and bore a good reputation, living quietly. That she was missing was not reported to the authorities until Monday night. Her father, N. J. Shonio of Stone, was here yesterday and had barely returned home when notified of the finding of her body.

### CLAIMS SHE WAS DOPED.

Miss Bessie Raymo, Aged 18, Found Beside Road in Coventry.

Newport, Aug. 4.—Miss Bessie Raymo, 18 years of age, the daughter of Mr. and Mrs. Bert Raymo, living on the Gilman Dow farm in Coventry, was found lying unconscious beside the road near Coventry village late Monday evening. Mr. and Mrs. M. D. Frasier of Orleans were on their way home from Newport about 11 o'clock, and when near Coventry village, they saw the form of the young woman lying partly in the bushes beside the road.

They found she was alive and took her in their machine to their home in Orleans. Dr. T. C. W. Templeton of Irasburg was summoned, but it was several hours later before she recovered consciousness. She was taken to her own home yesterday morning.

The girl's story is somewhat incoherent. She claims to have walked to Newport to attend an entertainment and was on her way home. When near the water through on the Coventry road she about three miles from Newport, she says two men overtook her, she saw a car, and asked her to ride. She refused, and finally consented to get into the car. She said they gave her something to drink and that she remembers nothing more.

She claims she did not know either of the two men. A rigid investigation is being conducted by State's Attorney Frank Thompson and Sheriff E. J. Hill and it is expected that disclosures will be forthcoming as the officials have a clue as to the identity of the men.

Mrs. John Marr and son, Frances, of Granite street, leave to-night for Philadelphia, where they will spend the next three weeks with relatives.

### PARRY—M'LEOD.

Barre Young Lady Becomes Bride of Montpelier Man.

Last evening at 8 o'clock at the home of Mrs. Elizabeth McLeod on the Montpelier road, her younger daughter, Alice Mary, was united in marriage to Charles Frederick Parry of Montpelier. The double ring service was used and Rev. F. L. Goodspeed, pastor of the Congregational church, officiated. The ceremony, which was performed in the presence of the relatives of the bride and groom, took place in the parlor beneath a tower of evergreen, yellow daisies and hydrangeas.

The bride, who was given in marriage by her mother, was attractively gowned in white beaded georgette over white silk, wearing a tulle veil caught up with the orange blossoms worn by her mother at her wedding nearly 40 years ago to the late Donald McLeod. The bride carried a shower bouquet of bridal roses and white carnations. Her travelling suit was brown with picture hat to match. Her bridesmaid, who was her sister, Miss Elsie McLeod of Springfield, Mass., wore Copenhagen blue georgette over blue silk and carried pink carnations. The groom was attended by his brother, Lloyd Parry of Barre.

The bridal party entered the parlor to the strains of the Lohengrin wedding march, played by the brother of the bride.

Immediately after the vows were pronounced, congratulations were extended and dainty refreshments were served, consisting of neopolitan ice cream, cake and wafers and the bride's cake was cut.

In a shower of rice and confetti the happy couple, after experiencing some difficulty in getting away, left in an automobile and were followed by friends in a car as they again showered them with confetti and good wishes, leaving them shortly before midnight.

Mr. and Mrs. Parry were the recipients of several handsome and useful presents of cut glass, linen, chest of silver, electrical appliances of difference kinds, etc.

After a short honeymoon, they will be at home at 6 Baldwin street, Montpelier.

### CHARGED WITH ROBBING THEIR DEAD UNCLE

Elias and Dan Thomas of Bristol Under Arrest—Action Brought to Recover \$9,000.

Burlington, Aug. 4.—Elias and Dan Thomas of Bristol are under arrest in this city charged with embezzlement of funds from their dead uncle, Mike Solloman, alias Michael Sullivan, a Syrian peddler who died suddenly at his home in Bristol last March. The charge is made by George Youngs of this city as administrator of Solloman's estate.

The action is to recover the sum of \$9,000. Solloman had been a peddler in this country for 32 years and was supposed to be worth around \$16,000. None of this money could be found after his death. Three empty pocket-books were located on his body and a large cloth bag which Solloman used to wear around his neck and in which, it is said, he was accustomed to carry large sums of money, was found slit open and thrown behind some boxes at his home. The two nephews of Solloman were the only people who occupied the house with him. Although it is said that heart failure was the cause of his death it had not been previously known that he had a weak heart.

Solloman left a daughter, Mrs. Eva Shalooch, wife of John J. Shalooch of this city. It is in her behalf that the suit is being brought. Elias Thomas was arrested in Winooki Monday evening, after information had been received that he was planning to return to Syria. He has a wife in Winooki with whom he has not lived in recent years. Dan Thomas was arrested yesterday afternoon in Bristol. Both men are out on bail of \$2,000 each.

### MRS. MARY BERRY

Died Suddenly, After Complaining of Feeling Ill.

Mrs. Mary (Inglis) Berry died suddenly at her home at 222 Washington street yesterday afternoon at 4 o'clock, and until an autopsy was performed this morning by Dr. C. H. Burr, district health officer, and Dr. J. A. Wark, no death certificate was signed by the attending physician. The autopsy proved that death was caused by organic heart trouble. A short time ago, July 9th, the deceased was taken to the Barre City hospital for a gall stone operation, performed the following day. On July 14th she was allowed to return to her home and there resided until her death, taking meals with Mr. and Mrs. G. H. Cushman.

Mrs. Cushman declared Mrs. Berry died of a sleepless night, yesterday morning, when coming down for breakfast, and while taking toast and tea at the breakfast table was seized with acute stomach pains. She was taken to her room and cared for by Mrs. Cushman, but grew weak rapidly all afternoon until the end came.

Mrs. Bradley was born in Scotland about 60 years ago, coming to Barre 32 years ago to become the bride of J. S. Berry. To them six children were born, but all died in infancy.

Her only surviving relatives are a nephew, William Jessamine of Detroit, Mich., and three nieces, Mrs. T. Orr and Mrs. James Cruickshank of Detroit, Mich., and Mrs. Alexander Ford of South Hadley, Mass.

The funeral will be held in Holyoke, Mass., as soon as arrangements can be completed for such. Mrs. Berry resided for the most part of her life in Barre and Holyoke.

### LEGS CUT OFF BUT STILL LIVES

Alberta Eldred, Aged 4, Got in Way of Mowing Machine

### ONE FOOT SEVERED, OTHER NEARLY SO

Sufferer Was Taken to Montpelier Hospital, for Amputation

Waterbury, Aug. 4.—Alberta Eldred, four-year-old daughter of Mr. and Mrs. Daniel Eldred of Waterbury Center, had one foot cut off by a mowing machine yesterday afternoon that it had been cut at Heaton hospital. Her doctors at the hospital felt she would not survive the operation, but she did, and this morning she was still alive.

In some way the little girl got in front of the machine, which was being operated by her grandfather, George Hunter, and was cut down before the machine could be stopped. Dr. H. D. Hopkins was called and, he
