THE VOICE OF THE PEOPLE, as well as of experience, has always been decisive in favor of PHELPS' TOMATO PILLS. They have been in general use as a Family Medicine, for five years, during which time, more than a million of afflicted ones have experienced their healing virtues.—From Maine to Georgia, and from the sea to the Rocky Mountains, may be heard the voice of gratitude for deliverance from suffering, by this the Peoples' remedy; and in every hamlet are living witnesses able to tell of their deliverance from death by this valuable remedy. Were all the testimony published, which the Proprietor has received concerning the good effects of his Medicine, it would convince the most sceptical. Cases almost innumerable of Dyspepsia, Jaundice, Bilious Fevers, and Liver Affections, Rheumatism pains in the back, side loins and limbs, acid stomach, gravel, habitual costiveness, sick headache, colds coughs and lung fever, scrofulous diseases, ulcers and tumors of long standing, &c, have been cured by these Pills alone, and the testimony recorded with proper vouchers; and it is confidently believed that no case of the above complaints can withstand a persevering use of the Pills—so say the Physicians.

Put up in Boxes, with the signature of G. R. Phelps, M. D., on the side label.

Beware of imposition! Many are base enough to try to imitate this remedy. Be particular to get the genuine, and you will not be disappointed in their effects.

AGENTS! Never buy of Peddlers—they are never allowed to carry the genuine Pills. Send your orders to the Proprietor, Hartford, or some of his general Agents, who are appointed by him.

Wright's INDIAN VEGETABLE PILLS; -OR- Indian Purgative.

THOUGH many medicines have been before the public for a much longer period than *Wright's Indian Vegetable Pills*, yet none stands now in higher repute, or has more rapidly attained a firm hold upon popular estimation. The THOUSANDS that have used them throughout the length and breadth of the republic, all bear cheerful testimony to their *thorough efficacy* and mild operation when employed in the most distressing disorders which flesh is heir to."

The theory of disease on which Wright's Indian Vegetable Pills are founded is this, *viz: that there is only one primary cause*, of all the disorders that afflict the human family, and that is corrupt humors; or, in other words—*impurity of Blood*. This principle is now so generally admitted that it may in fact be said to be sustained by an universality of opinion, the few dissenters constituting but a very feeble minority. It is useless, therefore, to discuss the soundness of this theory in this place and connexion.

The one disease principle being admitted, the mode of attack professed by all practitioners becomes the same—namely PURGATION. But many of the so-called specifics now before the public, produce only one form of purgation: they are either Sudorific, cathartic, Diuretic or expectorant.—Wright's Indian Vegetable Pills combine all these properties, and therefore calculated to attack the elements of disease at all points, and by a harmonious and combined operation to expel it radically from the system. Their effect is almost magical, and is no less astonishing for its mildness than its efficacy. Both sexes and all ages may employ them, according to the directions without fear, for while they are certain to cure all diseases that are remediable, they never inflict an injury upon the system.

The perfect safety of the medicine is another all important quality, and one which has contributed more than anything else to its extension and popularity.

In a word, this medicine commends itself strongly to the patronage of the public, and its use bids fair to become before long, almost universal.

CAUTION.

The citizens of New England are respectfully informed that in consequence of the great popularity which Wright's Indian Vegetable Pills have earned by their astonishing goodness, a gang of Counterfeiters are now industriously engaged in palming on the unsuspecting, a valueless and perhaps dangerous medicine, under the name of Indian Vegetable Pills

This is to inform the public, that the genuine medicine has on the boxes,

"Wright's Indian Vegetable Pills
(Indian Purgative)
OF THE NORTH AMERICAN COLLEGE OF HEALTH."

And also around the border of the label will be found in small type,—"Entered according to the Act of Congress in the year 1840, by William Wright, in the Clerk's office, of the district Court of the eastern district of Pennsylvania.

The public will also remember that all who sell the genuine Indian Vegetable Pills are provided with a certificate of agency signed by—

William Wright, Vice President
OF THE NORTH AMERICAN COLLEGE OF HEALTH,

and that peddlers are never in any case allowed to sell the genuine medicine. All travelling Agents will be provided with a certificate of Agency as above described; and those who cannot show one will be known as base imposters.

The following highly respectable persons have been appointed agents for the sale of the above named.

CONTAGIOUS DISEASES, and changes of Temperament.

WATER must be adapted to the flesh, or there will be no propagation of the species.—The soil must be adapted to the seed, or there will be no increase. The climate must have those matters in it which which will unite and keep alive epidemical or contagious poisons, or they will become extinguished, as a lamp that is unsupplied with oil. So likewise with the Human frame; It cannot be materially affected by epidemical or contagious maladies unless there be those matters floating in the circulation which offer the appropriate soil. By purifying our bodies with the BRANDRETH PILLS, which have affinity with those impurities upon which contagion feeds, we may always feel secure whatever diseases may rage around us. True, we, may have it, but it will be the affair of a day or two, while those who have been too wise to use this simple and excellent remedy, either die, or have weeks, perhaps months of sickness.

Sudden changes from hot to chilly weather are unfavorable to health, and it is a fact universally admitted, that heat and moisture are powerful agents in producing disease, and that constant DRY and constant WET weather are both favorable to its generation: it does not signify WHAT we call it: it may be ague; it may be dysentary; bilious fever; it may be bronchitis; it may be cholic; it may be consumption of the bowels; it may be inflammation of the bowels, it may be inflammation of the stomach; it may be nervous affection; but still it is disease, and a disease curable by Brandreth Pills, because they remove all impurities from the body—all that can in any manner feed the further progress of the malady no matter how called; thus these pills are not only the most proper medicine, but generally the only medicine that need or ought to be used. At the present time it is every man's duty who wishes to secure his health to use them, it is the duty of every one who knows anything of their health restoring powers, to make it known in his immediate circle. For there are some alarming signs, which tell of the approach of diseases. The sudden changes of temperament are more to be feared and guarded against than any contagious malady

THE INFLUENZA has left many in such a state of weakness that there is in them a great susceptibility to be affected by these changes of the atmosphere and contagious maladies; but by the timely use of Brandreth's Pills even now this susceptibility can be in a great measure removed, and power given to the system to resist these morbid poisons, and the sudden changes in the weather with which it may be brought in contact during the next 50 days. Nature has formed the bowels for the evacuation of all unhealthy humors, and if man would but use common sense, he would take care they performed this office faithfully. If the bowels are out of order it too slow or to fast, a few doses of Brandreth's Pills will bring them to order. Ask the man who was dying from constipated bowels what cured him he tells you, Brandreth's Pill. Ask him who had had dysentary for six months and every remedy had failed; he will also tell you the Brandreth Pills cured him in a week.—So with other diseases. Twelve Brandreth Pills, rubbed down in half a pint of molasses, cured a little boy of an ulcer of the face which which a dozen doctors had tried to cure, but could not; the poor parents would have given half they were worth to have had it cured, but every thing they tried did no good, until they gave it a teaspoonfull of molasses every day, in 1-2 a pint of which they had rubbed down 12 Brandreth pills; before the whole of the molasses was taken the ulcer was cured. And yet some foolish people call Brandreth's pills quack medicine. it would be well if there were a few more such quack medicines. Will all your pretended Sarsaparilla Compounds cure like the Brandreth's pills? Can they send you letters cured as Dr. Brandreth can? Can they point out to you people who had been helpless for years from Epilepsy and St. Vitas' Dance who have been cured by their remedies? If they cannot, Dr. Brandreth can Can they point out to you a person who for twenty years had never had a stool without having used medicine or medicinal means, and whom the Brandreth pills cured, in a month, and gave him as healthy constitutions as he had when he was a child.—If they cannot, Dr. Brandreth can.

The BRANDRETH PILLS not only cure, all curable diseases, but it can be demonstrated, that by their timely use, they must infallibly cure, In a very short time, Dr Brandreth will bring before the public a concentration of the virtues of the Brandreth pills, both in the from of pills, and in the fluid and then he will explain the reason of the cures that must necessarily be the result of using BRANDRETHIAN REMEDIES, whether they be internal or external or external. I have just received the case of a medical gentleman, who resides in Sherbrook, Canada, who for twenty years was sorely afflicted with a disease, which came out in blotches and scabs all over his body This gentleman so far forgot his prejudices which too often curse his profession, as to apply personally to Dr. Brandreth, and his course proved a happy one. Within six months he was entirely cured of his miserable and tormenting disease by the use of the Brandreth pills. This valuable medicine is for sale at Dr BRANDRETH'S Office, 241 Broadway, and 276 Bowery, and 189 1 2 Hudson street, at 25cts per box, with full directions Be careful you get the genuine; observe six signatures of Dr. Brandreth on each box—three B. Brannreth and three Benjamin Brandreth.

17,500 Boxes of Dr. Rush's INFALLIBLE Health Pills.

HAVE been sold during the month of Dec, so great has been their popularity, in consequence of the numerous cures they have effected. Every person who uses these Pills recommends them to others as the BEST MEDICINE they have ever taken—so gentle in their operation, and so sure in giving relief.

It is now conceded by the most eminent of the medical faculty, that the stomach is the seat or fountain of all disease; that it is, as it were, the centre from which proceed all the evils produced by foreign or irritating causes, and which from thence spread to every part of the animal system.

The proper mode of cure, therefore, is to attack the citadel in which the disease entrenches itself, and no combination of medical agents has yet been discovered, so efficacious for this purpose as the preparation of the late Dr Rush and which, from the universal success attending their administration, during a practice of nearly half a century, were styled his "Infallible Health Pills." Their great virtue is that they arrest disease in its first approach. They are preventives as well as remedies and we will venture to say, that if taken by persons when they are first affected with symptoms of illness, many and many a case that is either serious or fatal, might be avoided.

The most highly

Approved Medicine now in general use for Coughs, Colds, and all Diseases of the Lungs.

THE VEGETABLE PULMONARY BALSAM is believed to be the most popular medicine ever known in America, for Coughs, Colds Asthma or Phthisic, Consumption, Whooping cough, and Pulmonary Affection of every kind.

[Extracts from Certificates.]

Dr. Samuel Morrill of Concord, N. H., writes "that he is satisfied the Vegetable Pulmonary Balsam is a valuable medicine, having been used with complete success in cases which had previously resisted the most approved prescriptions.

Dr. Truman Abell of Lempster, N. H., writes that he confidently recommends its use in all complaints of the chests, equal, if not superior to any other medicine within his knowledge.

Dr. Amory Hunting of Franklin, Mass, writes that after having prescribed the usual remedies without relief, and having consulted with several eminent physicians, he has found the Vegetable Pulmonary Balsam to have had the desired effect, and recommends it as a safe, convenient and efficious medicine.

Dr. Thomas Brown, of Concord N. H, writes that, to his knowledge, it has never disappointed the reasonable expectations of those who have used it.

☞ BEWARE OF IMPOSITION. Each genuine bottle is enclosed in a blue wrapper on which is a yellow label, signed Wm. Jon'n Cutler. None other is genuine of a later date than Dec. 1839. The signature of Sampson Reed will be continued for a short time, Purchasers should enquire for the true article by its full name, the Vegetable Pulmonary Balsam, and see that it has the marks and signatures of the genuine.

Prepared by Reed Wing and Cutler, (late Low & Reed,) Wholesale Druggists, Apothecaries and Country Merchants generally. Price 50 cents. For sale by S MOODY. .(30:1y

An experience of about fifteen years has proved, beyond a doubt, that this Vermifuge is a certain and never failing cure for worms.

Since it was first put before the public, many worthless preparations have been forced into sale which have had their day, and are now counted as so much trash, ☞ whereas B. A. Fahnestock's Vermifuge is daily increasing in popularity, owing to its intrinsic worth. It has only to be used according to the directions, and it worms exist, they will certainly be expelled from the system. The price is 25 cents per bottle, which brings it within the means of all. Be sure to get B. A. FAHNESTOCK'S Vermifuge, and avoid all other articles which are said to be as good, as none of them have the virtues of the genuine article.

Whitely, Green Co, Pa., May 11, 1843.

Mr. A. B. Fahnestock & Co.:

Dear Sir—I have been using your Vermifuge in my practice for a number of years, and find it the most safe Worm destroyer that I ever had.

I was called to a child six or seven years old, in May, 1842, which was then in spasms with the worms. I gave it a vial of your Vermifuge, agreeably to directions, and the child passed 440 worms. In a few weeks, I gave it another vial, and it passed 200 more, making in all 640 worms. The child recovered immediately, and has enjoyed good health ever since.

I have prescribed it in many other cases, in which it has brought away 200 and 300 worms.

JONATHAN MORRIS.

Caution!

Be very cautious to get the genuine B. A. Fahnestock's Vermifuge, and put no confidence in the statement made by Comstock & Co., that KOLMSTOCK'S is the same as Fahnstock's. It is not the same, and does not possess the virtues of our excellent remedy.

Sand's Sarsaparilla.

THIS unrivaled preparation has performed some of the most astonishing cures of diseases that are recorded in the annals of history, thus proving conclusively that it is capable of fulfilling the high aim and purpose for which it is designed. Patients suffering for years from various chronic constitutional disorders, after trying different remedies, spending thousands of dollars in traveling and doctering, and suffering all that human nature is capable of enduring, have by the use of a few bottles, entirely recovered their health. Chronic Rheumatism, Scrofula or King's Evil Salt Rheum and Ringworm, Ulcers and painful affection of the bones, Ulcerated Throat and Nostrils, Scurvy, Biles, Chronic sore Eyes, Blotches and various cutaneous eruptions, are effectually cured by its use. Diseases having their origin in an impure state of the blood and fluids generally will be speedily and effectually removed by this invaluable medicine, as its operation is peculiar, and consists in removing the cause of disease by entering into the circulation & passing through the general system. Where obstructions to its favorable operation exist they are removed as it passes along the alimentary canal; hence the patient will feel and know the sensible operation of the Sarsaparilla from its curative powers.

The following certificates from individuals who have suffered with scrofula in its severest form, are presented for the careful perusal of the afflicted:

ESSEX, Conn., July 25, 1843.

MESSRS. SANDS—Gent.: About eight years, since, by being overheated and directly after exposed, I was seized with a severe cold, which deranged the whole system. Purple or livid spots appeared on the skin, attended with violent pain of the head; the symptoms being alarming, a physician was called who prescribed blistering and leeching, which produced partial relief.—Hard bony lumps formed under the skin on various parts of the body, and the Doctor pronounced my complaint hereditary Scrofula row for the first time developed. The following winter my sight failed in both eyes; medical aid was again resorted to, which relieved my sight during the summer; my nose now began to increase in size and the whole body rapidly enlarged with a dropsical swelling. The nose even grew very sore and and discharged profusely the most loathsome substance. My whole system was involved in disease; the lumps softened and discharged freely producing great debility; ulcers now broke out on the legs, and to complete misery, the muscles and sinews contracted so that I was rendered nearly helpless. I remained with little change in this condition until last October, when I was suddenly seized with an indiscribable sensation which rendered me nearly unconscious, and my friends supposed it was the will of kind Providence to rid me of my sufferings, but from this I recovered only to suffer on: the ulcers had become one continuous sore entirely raw.

It was in this condition I commenced the use of yours invaluable Sarsaparilla which I was induced to use from the many remarkable cures I saw published. It came to me as some guardian angel; and I can scarcely tell why, yet from the moment I heard it mentioned I was impressed fully with the belief that this was to be the good Samaritan for me—and truly it has wrought wonders in my case. After using it a few days my pains grew easier, the swelling of the body and limbs went down, the ulcers commenced healing and I rested well. After suffering every thing but the pains of death, how happy am I and how grateful do I feel to be able to add another testimonial to the efficacy of your priceless Sarsaparilla! MONIMA SIMMONS.

Middlesex Co. ss—ESSEX, Conn. July 25, 1843—Personally appeared the above-named Monisea Simmons, and made oath to the facts contained in the foregoing statement before me.

CURDON SMITH, Justice of the Peace.

We the subscribers, being personally acquainted with Mrs. Simmons, do not hesitate to say that we consider the above statement of her case substantially true and entitled to confidence.

REMARKABLE CURE OF HIP DISEASE.

New York, July 26th, 1843.

MESSRS. Sands—Gent.—My daughter aged six years, was attacked with the hip disease when two years old, and since then she has been growing gradually worse until recently, and her suffering at intervals was most painful to behold and baffles description. The head of the hip bone was thrown entirely out of place, after which matter of pus formed in the socket of the joint, and for many months in succession, she was entirely deprived of all natural rest.—She was reduced to a mere skeleton and very often exclaimed, 'Oh mother, I wish it might please the 'Good Man' above to take me unto himself.' It was my fervent prayer her sufferings might be terminated and my anxious fears removed.

The Almighty has promised to be with us in six troubles, and in the seventh he will not leave us nor forsake us, if we put our trust and confidence in Him; and truly I can say it has been verified in the present case. Through His blessing and your instrumentality, my child lives—yes is restored to perfect health, and is a living monument of the efficacy of your health restoring Sarsaparilla. We had tried all remedies within our reach, had the bones once set, had it blistered and purged, without effect. She commenced the use of the Sarsaparilla in April last and in less than a week there was an evident improvement a discharge came on from the hip joint, and it commenced healing, and in less than two weeks was entirely closed. During the time of using the Sarsaparilla she passed large quantities of worms, which aided materially in hastening the cure. She rapidly improved in strength and health, her appetite increased and she is now entirely restored, and wholly so by your Sarsaparilla.

With the grateful feelings of a mother's heart and father's joy, we subscribe ourselves your friend,

WILLIAM S. BAILEY,
SARAH BAILEY.

We the subscribers being neighbors to William and sarah Bailey, know the above statement in relation to their child and the cure performed by sand's sarsaparilla to be strictly truly

SCROFULA CURED OF SIX YEARS STANDING.

Philadelphia July 23, 1843.

Messrs. sands, Gent.—In the month of June, 1837, I was attacked with cramp in the stomach, induced by a sudden check of perspiration. By timely remedies I was relieved, but my system had received a shock from which I did not recover. About two months after this, a scrofula or lump appeared on my breast, which gradually increased to the size of a hen's egg, and then became excessively painful. I tried different panaceas without deriving any benefit whatever, and continuing to grow worse, applied to a homœopathic physician, who left me suffering more than he found me. The scrofula now appeared in my right knee and ancle; my leg swelled to four times its natural size and threatened extensive ulceration, rendering me for years a helpless cripple, the greater part of the time suffering excruciating anguish. I now had recourse again to the old practice, was cupped and blisteredvery severely, but all to no purpose.

Balsam of Liverwort,

Price Reduced to $1 50, and $1,00!!

CONSUMPTION AND *Liver Complaint.*

DR TAYLOR'S BALSAM of LIVERWORT, from 375 Bowery, N. York, for the cure of Coughs, Colds, Catarrh, Asthma, soreness of the Chest, pain in the side and breast, raising of Blood LIVER COMPLAINTS, Bronchitis, all those affections of the throat and Lungs, which are a source of so much suffering and unarrested, so often terminate in CONSUMPTION—this remedy is highly and justly distinguished. It is purely vegetable, mild and gentle in its effects upon the system, and can be taken in the most delicate cases, with safety as well as utility. Physicians, aware of its medicinal properties, and witnessing its effects even in extreme and in some instances, apparently almost hopeless cases, often prescribe it in practice, both as a palliative and a remedy, and with the Medical Faculty generally, it has met with great approbation.

Certificates from the highest and most respectable sources, of persons who have either been greatly relieved by it, or entirely recovered from affections of the Lungs and Liver could be furnished in abundance, but they will be found only in the wrapper, which is around each bottle.

The public are cautioned against the counterfeits and imitations which are offered for sale at any price, on the reputation of this really valuable remedy. Be careful to see that the new label is on each bottle to prevent counterfeits with the name of GURDON J. LEEDS, sole wholesale agent without which none is genuine.

N. B. There is a spurious and counterfeit article afloat, and lately introduced into this place Therefore be careful to get the genuine, which is from 375 Bowery, New York, and is for sale in Middlebury by Sidney Moody, sole agent for the genuine article in this place. 7;v1
