Bills—From the House, to incorporate Windsor County Bank—referred to committee on Banks. Mr Briggs reported from the judiciary committee, the House bill relating to the judiciary. HOUSE.

Report. By select committee, bill appropriating $2,000 annually for three years for a geological survey of the State; laid on the table.

Justices of the Peace. Mr Rice called up the bill authorizing the nomination of justices of the peace by the towns to the legislature, the question being upon the second reading.

Mr Whitemore of M. doubted the policy of this bill.

Mr Rice of S. replied that the bill merely gave the towns the right to nominate, and was therefore no infringement of the constitution or of the power of the legislature.

Mr Smey concurred in the objections of Mr Whitemore, and argued that the change would not be for the better in any point whatever, while in some of the towns it would doubtless be a source of much difficulty. In any case of necessity, the towns might now nominate without this act, and he was sure they never would find the legislature unwilling to hear them. Mr S. also agreed with Mr W. in favoring an amendment of the constitution, giving the elections to the freeman.

After further objections by Messrs Dewey and Winslow, the bill was rejected, 157 to 29.

2 o'CLOCK, P. M.

SENATE.

THURSDAY, Oct. 24.

BILL REPORTED: From the select committee on licenses, a bill vesting the sole power of granting licenses in a Board of Commissioners, to be elected annually, on the first Monday in January, in every county, by a plurality of votes given, affixing certain penalties to the sale of spiritous liquors without a license, and empowering Justices of the peace to put the offender under bonds for trial at the County Court; read twice, and in order to give opportunity for examination, upon motion of Mr J Barrett, laid on the table.

Senate went into joint assembly.

Upon its return from joint assembly, the Senate took up the bill relating to usury, proposing to enable the borrower to avoid by his oath, the payment of the excess of interests above the legal rate. Mr Woodbridge and Mr Billings advocated the bill, upon the ground that its passage would check litigation, give force and effect to the present law, and tend to relieve the poorer class of community from the grasp of extortioners. Mr Briggs, Mr J Barrett, Mr Richardson and Mr Noyes opposed it, because it would increase litigation, incite to perjury, and conflict with the long established principle of law, that an interested party ought not to testify in his own behalf. The bill was denied a third reading, by a vote of 21 to 5.

HOUSE.

U. *S.* SENATOR.

The joint assembly then proceeded to ballot for U. *S.* Senator:

	9th ballot.

Thereupon the Hon. SAMUEL *S.* PHELPS was declared duly elected, and the Senate withdrew.

HOUSE.

Mr Whitmore of M. called up the resolution for adjournment without day, and moved to amend so as to adjourn on Wednesday morning next; agreed to, and the resolution was passed.

TREMENDOUS GALE AT BUFFALO—Great loss of Property and awful destruction of Life.

The gale on Friday night last has visited with dreadful effect the city of Buffalo, and it is with the deepest solicitude we await further intelligence from that place and the Upper Lakes.

The Com. Adv., to which paper we are indebted for our news, reports a fearful destruction of life and property. The gale commenced about midnight and blew with terrific violence till 4 on Saturday morning the storm was still threatening.

The steamer Chatauque was ashore. The U. S. steamer Albert ashore also.—The St. Louis made Buffalo port, having had three men and a boy washed overboard. The Julia Palmer was at anchor in the same bay, south of the light-house. She had on board 3 or 400 passengers. If she goes ashore the loss of life will be fearful.

The Wayne, Constellation and Perry made the harbor. The Fulton is reported ashore at Sturgeon Point—three men lost. Upwards of 70 canal boats are drifted ashore a number of which are half a mile off from the canal.

PIERS AND WHARVES.

The massive stone pier that protects the harbor is seriously injured by many rods in length. The whole extent of wharfage from the canal to the foot of Illinois street, is in many places totally destroyed. Of course a large amount of property, salt, &. laying on the wharves, is lost.

The flood was heavily felt by the stave dealers. Sherman had 800,000 drifted over the flats. Harbeck had some 50,000 also drifted up towards the Hydraulic works.

The whole of the lower floors of the warehouse on the harbor have been submerged, and the property therein stored of course much injured.

BUILDINGS DESTROYED AND INJURED—*an immense number.*

The Attica and Buffalo Rrailroad track for a distance of nearly half a mile from the depot is completely broken up. The water filled the depot to the depth of about five feet, but subsided without doing any material damage. The company fortunately had a car or two at the Engine house at the Hydraulics, with which they were able to send out the passengers this morning.—The cars will not start from the Hydraulics for 2 or 3 days until the track is repaired. The entire loss sustain by the company in buildings, injury to the road, &c., will amount to three or four thousand dollars.

But the most deplorable effect of the gale is the destruction of life. How many lives have been destroyed it is impossible, as yet, to ascertain. Twenty five bodies of men, women and children have been recovered and taken to the Court House, for identification by friends and relations. The bodies of five children in one wagon have just passed our office. Sixteen persons, men, women and children, are missing from Wilkiusons's Foundery. Two servant girls employed at Hoff's Hotel slept in the basement. The side walk fell in and filled the room with water before they could escape. Both were drowned. Thus far the number of dead ascertained is as follows:

Nine men, ten women and thirteen children, thirty two in all. Among the number was a man named Smith, who lived on Elk st; his wife and two children, a child of Wm. Nelson, living on Ohio st., and James Smith, whose body was washed up on Seneca st., and was identified by his wife. Also two families named Smith, fourteen in all, also a young man named Ploof, Mrs. Stalcom and three children, recently from Senaca Falls; a man named Metot, and another named White, who resided at Williamsville.

The man who kept the boat-house on the peninsular, we think his name was Gilbert, with his son and a son of widow Oster, were all drowned. The boat-house keeper and son about daylight attempted to swim across the creek, but were swept down by the current.

These are in brief the particulars of this disaster.

The loss of property it is impossible to estimate, but it far exceeds any occasioned by any previous gale, and must amount to many thousand dollars. Great numbers of families have lost every thing.

The loss is estimated to be at least $250,000.

Reuben Smith, vs. Hiram P. Moses, William Joslin & Kent Wright } Addison County Court of Chancery, June Term 1844.

Whereas Reuben Smith of Shoreham in the County of Addison, at the present term of the Court of Chancery held at Middlebury in and for the County of Addison on the second Tuesday of June 1844, by U. H. Everest his solicitor presented his bill of complaint against Hiram P. Moses, late of Shoreham aforesaid, now gone to parts unknown to the said Orator, William Joslin of Vergennes in said County and Kent Wright of Shoreham aforesaid, setting forth that the said Hiram P. Moses on the 7th day of September 1840, being indebted to said Orator in the sum of 57 dollars 35 cents, as specified in two promissory notes of that date, in order to secure the payment of said sum of money, executed to the Orator a mortgage deed of the following described land in Shoreham aforesaid, viz. bounded as follows, to wit, beginning in the east line of the highway leading southerly past H. Newell's dwelling house in the north line of Ozias Sanford's north line eighteen rods to a pile of stones, thence west twenty two rods to the east line of said highway; thence southwardly on the east line of said highway, to the place of beginning, containing one acre and forty rods of land; with a condition thereto annexed for the payment of the said two promissory notes according to their tenor:—That at the term of County Court for said County of Addison held on the second Tuesday of June 1842, the said Orator served against the said Hiram P. Moses a judgment for the possession of said land in an action of ejectment, together with one cent for his damages and his cost taxed at 23 dollars and 4 cents, and by virtue of a writ of possession on said judgment took possession of said premises; and that neither the body or estate of the said Moses being found, said writ of possession was returned unsatisfied as to said damages and cost:—That at the term of the County Court for the said district of Addison held on the second Tuesday of June 1842, Harry C. Dennison and Heman H. Crane then of Vergennes aforesaid, and administrators of the estate of Christopher Dennison late of said Vergennes deceased, recovered a judgment against the said Hiram P. Moses in the sum of $25 44 cents damages, and 27 dollars 74 cents cost, and caused the execution thereon issued to be levied on equity of redemption in said mortgaged premises, being the undivided six thousand three hundred and forty nine eleven thousand seven hundredth parts of said equity of redemption, subject of said suit in ejectment; that the Heman H. Crane having died, and the said Harry C. Dennison having removed out of State, William Joslin of Vergennes aforesaid was duly appointed Administrator of the estate of Christopher Dennison deceased, which had not already been administered: and further stating, that the said Hiram P. Moses, on the 4th day of January 1841, by his mortgage deed of that date, conveyed the mortgaged premises to Kent Wright of Shoreham aforesaid, to secure the payment of a certain note of that date for the sum of 78 dollars 17 cents, payable to the said Kent Wright one year from date with interest: and further stating, that neither the amount of said mortgage from said Moses to said Orator, nor the costs of said suit in ejectment, or any part thereof has been paid to said Orator: and praying among other things, that the said Hiram P. Moses, William Joslin and Kent Wright may be desired to pay said Orator, the sum due on said mortgage from the said Moses to the said Orator, together with the said costs in the said suit in ejectment; or in default thereof that the said Moses, Joslin and Wright may be foreclosed of all equity of redemption in said mortgaged premises:

And whereas it was shown to said court of chancery that the said Hiram P. Moses resides out of the State, so that a subpœna cannot be served on him: It is therefore ordered by said court, that the said Hiram P. Moses be required to appear before said court, at the term of the said court next to be held at Middlebury in and for the county of Addison on the second Tuesday of December 1844, to answer to the said bill of complaint of the said Orator; and that the said complainant cause said order, stating the substance of said bill, to be published in the Northern Galaxy a newspaper printed at said Middlebury three weeks successively, the last of which shall be at least twenty days previous to the commencement of the said next term.

Bronchetis or Goitre is a disease resembling Scrofula, and is located in the glands surrounding the neck. Its commencement is slow and insidious, owing to its situation between the tracher or windpipe and skin, but as it progresses, shooting pains are felt through the body of the tumor, the veins become enlarged, respiration difficult, and death speedily follows. As the disease is of a scrofulous nature, is is often entailed to succeeding generations, hence the imperious necessity of eradicating it from the system by the timely administration of the *right medicine.* Sand's Sarsaparilla will dispel this and all other similar affections, by depriving the secretions of the poison or virus that produces enlargement of the glands, kings evil, white swelling, chronic rheumatism, sciatica, or lumbage, ulcers and cutaneous eruptions are removed by its use.

For further particulars and conclusive evidence of its superior value and efficacy, see pamphlets, which may be obtained of agents gratis.
