THE GALAXY, PUBLISHED EVERY WEDNESDAY MORNING IN STEWART'S BUILDINGS, BY J. COBB JR. BY WHOM ALL ORDERS FOR PRINTING BOOKS, Pamphlets, HANDBILLS, Cards, Blanks, &c. &c.

MISCELLANEOUS.

The Patriotism of Woman.

How well we did the land we love? O'er dusty toils to pore? And catch the warrior's wrathful mood From Amazonian lore?

The World.

Unthanking, idle, wild and young, I laughed, and talked, and danced, and sung; And proud of health and freedom vain, Dreamed not of sorrow, care or pain;

The Good Resolution.

Quite away from the dusky turnpike, and across sweet-smelling clover fields, in a small, quaint, moss grown house, dwelt Job Woodell and his daughter May.

few indeed of the many that were shed for him. 'You are a good girl, May,' said he, patting her head, and kissing her white forehead with parental delicacy; 'you are a good girl, and I wish I were a more worthy father. But let me go now, dear, and I will be soon back again to help you.' With this promise, he tore himself away.

The person who approached was the son of May's nearest neighbor, widow Lovell. He was a fine looking fellow, with a complexion of the clearest white, eyes of the darkest blue, and hair that would rival the gloss and blackness of a raven's wing.

For nothing was Harry more remarkable than for his readiness and eloquence of speech. It was astonishing what could keep him so silent on this occasion. Root after root was fixed in the ground, and still his tongue filtered in its instructed duty.

kins, preface the name with a loud oath.—'What has brought you to this house?' 'My daughter's love has brought me to this scene,' was the calm reply, as he turned with a serious aspect toward the door.

He was hurrying from the room to hide the tears that forced themselves to his eyes, when Job's hand detained him. 'Stay a moment, my son,' said he. 'As you pass by Dix's grocery, just be kind enough, will you, to put up this little note on their door. I wish to make it as public as possible.'

Among the laws enacted by the late Congress was one allowing the benefit of drawback on foreign merchandise exported into Mexico and the British North American Colonies. Imports into Canada are to be made from Plattsburgh, Champlain, Burlington, Sackets-Harbour, Ogdensburg, Oswego, Rochester, Buffalo, Erie, Cleveland, Sandusky, and Detroit.

When he entered his own house, he found Harry there, standing with May's hand clasped in his; and both looking very much afflicted.—May sprang forward with an exclamation of joy, and twined her arm in his. 'O father, I was sure you would return, you are so very kind of late.'

How could they refuse a request like this?—Harry said nothing further about going to sea, but in the following autumn, took May Woodell to his home with the title of a child, even though she was a married woman, never yet broken, nor repented of his Good Resolution.

Although Mr. Tyler's rule has been brought to a close, his successor has proven already that he is worthy of following in the footsteps of his illustrious predecessor; and that by his administration of the affairs of the State, he has secured to the people the benefits of a Tylerian course of policy.

GOOD MOVE.

We are happy to observe that the Laprairie and St. Johns Rail Road Company has applied to the Provincial Parliament for an extension of its charter from St. Johns to the Province line, at or near Missisquoi Bay.

He was hurrying from the room to hide the tears that forced themselves to his eyes, when Job's hand detained him. 'Stay a moment, my son,' said he. 'As you pass by Dix's grocery, just be kind enough, will you, to put up this little note on their door. I wish to make it as public as possible.'

Among the laws enacted by the late Congress was one allowing the benefit of drawback on foreign merchandise exported into Mexico and the British North American Colonies. Speech of Mr. Clingman, OF NORTH CAROLINA, ON THE LATE PRESIDENTIAL ELECTION.

I am now brought, Mr. Speaker, to the consideration of another most important matter in connexion with the late Presidential canvass. After the nomination in the spring, the Whig party held many large political meetings, at which there was much able and eloquent discussion.

He was hurrying from the room to hide the tears that forced themselves to his eyes, when Job's hand detained him. 'Stay a moment, my son,' said he. 'As you pass by Dix's grocery, just be kind enough, will you, to put up this little note on their door. I wish to make it as public as possible.'

TRACHERY.

Senator Merriek, of Maryland, voted for himself an unusual name, almost as John Tyler, his country needed his services most, he saw fit, despite the expressed wishes and instructions of his own State, to go over to the enemy on the Texas question.

SORREL SHEEP AND HORSES.

If our good-natured readers laugh as heartily over the following story as we did, we shall be abundantly paid for its publication. It seems, according to the correspondence of the Mobile Register, that a bill was before the lower branch of the Alabama Legislature, for the charter of a Botanical Medical College, at Wetumpka.

TENNESSEE WELL PROVIDED FOR.

Although Mr. Tyler's rule has been brought to a close, his successor has proven already that he is worthy of following in the footsteps of his illustrious predecessor; and that by his administration of the affairs of the State, he has secured to the people the benefits of a Tylerian course of policy.

Why am I like Texas?

'Why am I like Texas?' said the blooming Miss Star to a bashful wooer, who did not spunk up, as she saying is, 'I do not know,' said the verdant one. 'Because I am a Lone star.' 'Then,' said Mr. Knight, brightening up, allow me to propose Annexation!

TRIAL OF BIG TENDER.—The Jury in the case of Boughton, alias Big Tender, could not agree and were discharged. Boughton remains in jail.

teemed honest and deserving men. Nothing could show more conclusively their devotion to their party than that they should thus be able to overcome their natural aversion to crime, and thus endeavor to countenance and protect the criminal, because that crime had been committed for the benefit of the party.

I wish simply to call your attention to the nature of the bond which connects this so-called Democratic party. To show the extent to which its organization has been carried, I refer you to the 'Circular from Executive Committee of the Democratic Association of Washington city' issued last September.

Section seven directs these officers and minute-men to circulate all papers that may influence the doubtful men. Section eight makes it the duty of the minute-men to get all the doubtful men to their meetings.
