5c PER COPY.

CHELAN LEADS IN APPLE TREES

DURING YEAR 1908, 208,862 APPLE TREES WERE PLANTED—SPOKANE COUNTY WAS SECOND IN TREES PLANTED.

Statistics compiled by F. A. Huntley, commissioner of horticulture, show these shipments of nursery stock into Washington during 1908: Apple trees, 1,049,117; pear trees, 186,915; peach trees, 301,525; cherry trees, 165,721; plum and prune trees, 63,240; miscellaneous, 37,156. Total, 1,803,672.

Chelan county led with 208,862 apple trees; Spokane county was second with 206,666, and Yakima county third with 147,343. Counties with more than 20,000 trees are: Okanogan, 88,104; Benton, 74,453; Douglas, 53,260; Kittitas, 41,188; Whitman, 26,521; Walla Walla, 24,884; Stevens, 23,166, and Klickitat, 21,421.

Yakima county leads with pear trees, having planted 75,222. Chelan county is second with 23,790. Spokane county had 14,478. Benton county had 13,607, and Walla Walla county reported 10,681. Counties with more than 4,000 being Pierce, 5,662; Kittitas, 5,092; Okanogan, 4,424, and King, 4,026.

Yakima county was first with peach trees, reporting 80,640; Chelan was second with 50,452, and Benton county third with 37,517. Counties reporting more than 10,000 trees were: Douglas, 22,610; Klickitat, 21,010; Spokane, 18,783; Whatcom, 14,650; Okanogan, 12,491.

Spokane county led with cherries, reporting 53,013. Yakima county was second with 18,262, and Pierce county third with 13,630. Whitman county had 10,667. Counties reporting more than 5,000 are: Wahkiakum, 7,377; Benton, 7,185; King, 6,680, and Whatcom, 5,150.

Spokane county led with plums and prunes, having 11,607. Walla Walla county was second with 10,905; Thurston being third with 4,970. Counties reporting more than 1,000 are: Douglas, 4,122; King, 2,675; Pierce, 2,405; Okanogan and Whitman, 2,230 each; Yakima, 2,060; Whatcom and Kitsap, 1,675 each; Stevens, 1,644; Benton, 1,285; Kittitas, 1,075; Clarke, 1,045 and Snohomish, 1,010.

\$100,000 FOR COLUMBIA RIVER

Representatives Anderson and Myers have introduced a bill in the lower house of the legislature providing for the appropriation of \$100,000 for the improvement of the Columbia river between Bridgeport and Kettle Falls. The bill creates a commission to make such improvements.

Bills were also introduced yesterday making Lincoln's and Washington's birthdays school holidays.

Fancher, of Spokane, asked for an appropriation of \$30,000 for taking care of the National Irrigation congress which meets in Spokane next August.

MAKE SEATS FOR THE CITY PARK

Park Committee at Meeting Ordered the Erection of a Large Number of Seats in Public Square.

At a meeting of the Park Committee of the city council held this week it was decided to have seats erected in the city park at once. The fence is to be taken down and the seats will be scattered through the park at different places, and will be a great convenience to the hundreds of people who are accustomed to enjoy the park during the summer months. Most of the work of building these seats will be done by the city prisoners.

INSPECT ENTIAT ELECTRIC PLANT

ENGINEER SYLVESTER OF SPOKANE AND WIELAND OF THIS CITY MAKE TRIP TO ENTIAT THIS MORNING.

Engineers Sylvester, of Spokane, and Wieland, of Wenatchee, left this morning for Entiat, where they will make a thorough inspection of the new plant of the Entiat Power company.

The cold weather and frozen ground has made it necessary for this company to suspend operations until the weather conditions are different. The piers, power house and big canal are nearing completion and work will be resumed just as soon as it is possible. The machinery has been ordered and will be here just as soon as needed. Most of it is to come from Pittsburgh.

CHURCH HELPS BUILD SALOON

SKIRMISHING AMONG TRUSTEES TO CANCEL MORTGAGE UNKNOWNLY TAKEN ON BUILDING FOR SALOON MAN.

(By Associated Press.)
Pittsburgh, Pa., Feb. 13.—P. J. Byrne, a saloon keeper, borrowed \$22,000 from the Third United Presbyterian church here. The fact that the money was wanted to build a new liquor emporium was not known when the trustees voted to accept a mortgage on the property. Now, the facts have leaked out, there is general skirmishing among the trustees to cancel the loan.

Byrne, as soon as the Pittsburgh baseball team leased its grounds in Oakland, foresaw a chance for business, and he forthwith bought a building opposite the new ball grounds. For this property he paid \$48,000. He hired men to put the place in shape for a first-class saloon, and applied to a broker to place a mortgage with the Third United Presbyterian church.

MOUNT COLIMA IS BELCHING

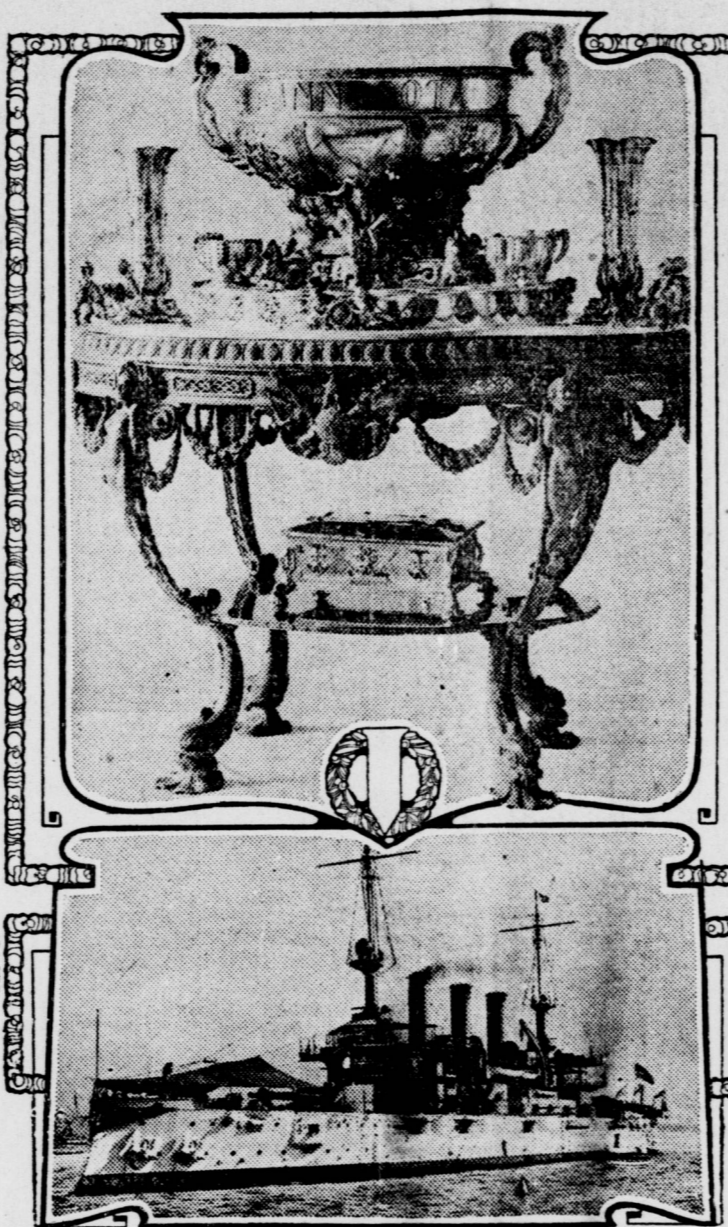

Mexican Volcano Spews Out Cinders Which Set Fire to the Adjacent Forests.

(By Associated Press.)
MEXICO CITY, Mexico, Feb. 3.—Rumbblings and earth quivers continue to be felt in the vicinity of Mount Colima, and the eruption has not ceased although the cinders are not spreading over such large areas. During the eruption ashes and cinders fell in the towns of Colima, Tuxpan, Capotlan and other towns in the vicinity and the forests were set on fire by the discharge from the smoking mountain.

OBJECT TO REMOVING SCHOOL

CHEHALIS PEOPLE DO NOT FAVOR GOV. HAY'S PLAN TO LOCATE SCHOOL AT WENATCHEE.

(By Associated Press.)
Chehalis, Feb. 13.—At a mass meeting of business men and citizens held here last night, called by Mayor West, about 200 representative business men of Chehalis protested against the proposed removal of the state training school from this city to some point in the eastern part of the state, and the locating here in its place of an insane asylum.

SILVER SERVICE PRESENTED BY STATE OF MINNESOTA TO BATTLESHIP OF THAT NAME.

The silver service ordered by the state of Minnesota for its namesake in the navy is the most elaborate thing of its kind aboard any American ship. It consists of forty pieces besides the bronze table on which it rests. The punch bowl is twenty-one and one-half inches in diameter and fourteen and one-half inches high. It has a capacity of seventy-five pints. It weighs 1,000 ounces.

SMALL WANT AD SOLD HIM OUT

C. E. SMITH ADVERTISED IN THE DAILY WORLD SOME FARMING EQUIPMENT AND LOST NO TIME IN SELLING.

One day last week C. E. Smith placed a small want ad in the Daily World, offering for sale a horse, farming tools and household effects. The ad was left at the newspaper office about 3 p. m., just before the paper went to press. Mr. Smith was late in getting home that night and he had no more than got home before the telephone began to ring and queries were received regarding the stuff advertised. It was with difficulty that Mr. Smith could take time to eat his supper on account of the number of inquiries. Suffice it to say that Mr. Smith is a firm believer in the efficiency of the drawing power of the Daily World want ads.

The above is but one of the hundreds of good things that have been sold to the management of the Daily World regarding what has been accomplished by a little want ad.

Jack Evans, of Omak, has written the Daily World that the advertising that he is carrying in this paper is worth more to him than any other advertising that he has ever carried. If you want to buy, sell, lost or found anything, want a girl for housework, call in and tell your troubles to the man who handles the classified section.

FRISCO POSTOFFICE BURNED \$50,000 Loss from Branch Postoffice—Several Firemen Were Injured.

(Associated Press.)
SAN FRANCISCO, Feb. 13.—Fire which originated in the branch postoffice on Valencia street early today, caused a loss of about \$50,000 to the building and adjoining stores. A large number of people living in the upper apartments narrowly escaped with their lives. In rescuing inmates several firemen were slightly hurt.

LINCOLN EDITION RECORD BREAKER

YESTERDAY'S WORLD SURPASSED ITSELF FOR NUMBER OF PAGES, NUMBER OF COPIES AND COLUMNS OF ADVERTISING PRINTED.

Yesterday's edition of the World was the largest yet issued from this office. The sixteen pages were crowded to the limit with special Lincoln features in addition to the regular news service furnished by the Associated Press and the local happenings. In the advertising sections there were 925 column inches of paid advertising, which is also the record breaker for that department. The call for extra copies was so large that almost double the usual run was printed. So there is now plenty for all who desire to send copies of this souvenir edition to their friends in the east.

The general circulation of the World is growing at a remarkable rate. It has nearly doubled in the last year and the additions each month are surpassing those of all previous months. This growth is even more noticeable out of town than in the city. Over 100 subscribers in Cashmere alone have been added to the World's mailing list in the last two months. The popularity of the paper among the ranchers is also growing in the same proportion, as is shown by the many new names appearing daily on the mailing lists of the rural routes.

SETTLE VENEZUELA DISPUTE Special Commissioner of U. S. Wires That He Had Adjudicated the Trouble.

(By Associated Press.)
WASHINGTON, D. C., Feb. 13.—Special Commissioner Buchanan today telegraphed the state department that he had signed a protocol with the Venezuelan government for the settlement of the disputes between that country and the United States. He will leave Caracas for home Tuesday.

LONG TRIP FOR MONEY ORDER

SENT TO R. H. NOWLAN FROM ST. MICHAELS ON DECEMBER 24—ARRIVED HERE THIS MORNING.

R. H. Nowlan received a money order for a small sum this morning, mailed from St. Michaels on December 24. It was carried out from St. Michaels to Dawson, a distance of 2,500 miles, by dog team. It is a 300 mile stage trip from Dawson to White Horse. It is 110 miles from White Horse to Skagway by train and 1,000 miles from Skagway to Seattle by boat. The money order traveled 73 miles from Seattle to Wenatchee, making in all a long trip for the United States to transport coin.

TWO BANDITS HOLD UP TRAIN

RIO GRANDE AND DENVER PASSENGER TRAIN LOOTED OF THREE SACKS OF REGISTERED MAIL.

(By Associated Press.)
DENVER, Feb. 13.—While running 50 miles an hour the Denver & Rio Grande passenger No. 4, from the west, was held up early this morning, between Fort Logan and Denver. Two bandits appeared from the coal tender and compelled the engineer and fireman to stop the train. They took them from the cab and fired shots to intimidate the passengers. The conductor, who started to investigate the cause of the trouble, was fired upon three times but was not hit. The robbers compelled the mail clerk to open the mail car and stole three sacks of registered mail. They compelled the train crew to keep quiet a long distance from the train, then escaped in the direction of Fort Logan. It is believed that their real destination is Denver. The value of the loot cannot be ascertained. The detective and police are searching the surrounding country.

DENVER, Feb. 13.—The estimates of the amount secured by the robbers vary. Both clerks agree that only registered mail was taken but they have no idea of its value. One package is said to have had currency from the Salt Lake City bank estimated at \$10,000 to \$50,000.

CASHMERE IS NOW A "DRY" TOWN

COUNCILMAN FRANCISCO MAKES THE MOTION THAT PUTS THE ONLY THIRST PARLOR CLEAR OUT OF BUSINESS.

"There's no use in postponing this any longer. It can just as well be settled tonight. I move you that the application of Henry Ellis for liquor license be not granted."

Councilman J. M. Francisco, in the foregoing words, made the motion Wednesday evening that closed Cashmere's only remaining saloon, and put this town definitely on the "dry" list, says the Cashmere Record.
Mr. Francisco's motion followed a motion by Councilman West "that the application be laid on the table until there is a full council here." As there were but three councilmen present, and of these Mr. Francisco

MEETING OF NEW DIRECTORS

THE MATTER OF MAKING A GOOD EXHIBIT AT SEATTLE FAIR DISCUSSED BY MANAGEMENT OF COMMERCIAL CLUB.

A meeting of the board of directors of the Wenatchee Commercial club was held last night, with all of the new directors and President King present.

Four new members were elected to membership, as follows: H. M. Swartwood, J. R. Taylor, G. M. Boyd and O. E. Loving.

The matter of assisting in the making of a Chelan county exhibit at the A.-Y.-P. fair was discussed and several committees were appointed along this line. It was suggested that the Great Northern should assist in a liberal donation towards this end, and Messrs. Bousquet, Blake and Webber were appointed to take the matter up with President Hill.

Messrs. Farwell, Horan and Taylor were appointed to investigate the matter of space and location at the Seattle fair. The space that has been allotted to Chelan county is not very satisfactory and Mr. Farwell goes to Seattle next week to see what can be done towards getting a larger location for the county.

Messrs. Sumner, Webber and Bousquet were appointed to devise ways and means for raising more money to put into the exhibit. It has been thought that the county should erect its own building at the fair, and as it is likely that the present legislature will give the county commissioners authority to make an allowance for erecting buildings at the fair it is thought that an appropriation for this purpose can be secured from the Chelan county commissioners. The newly appointed committee will have this matter in charge.

The new board elected D. N. Gellatly as secretary for the coming year. The vote on this was unanimous.

The Seattle Chamber of Commerce presented a petition to the club asking for the endorsement of a memorial to congress for an appropriation of \$1,000,000 to be expended on the roads of Alaska. The endorsement of this club was given to the memorial.

The Empire Land company, doing a land business in Douglas and Lincoln counties, asked the permission of the club to use some of the Wenatchee statistics that were used in the Wenatchee booklet in some of the printed matter that this company desires to put out. The club voted not to sanction this, inasmuch as it might be misleading and could not possibly do this club any good.

To Discuss Negro Problem.

(By Associated Press.)
NEW YORK, Feb. 13.—The signatures of many prominent men and women are attached to a call issued for a national Lincoln conference on the negro question. The question is put to all, "How near has the nation lived up to the obligation imposed upon it by the emancipation proclamation?" The call goes on to say if Lincoln could return in the flesh he would be disheartened by conditions as they exist and goes into various features of alleged discrimination against the negro.

Washington Weather.

(By Associated Press.)
Washington—Rain or snow in the west portion, snow in the east portion tonight and Sunday; north winds.

had at a previous meeting refused to vote on this question, it was expected that the ballot Wednesday evening would result in a tie, one to one, as Councilmen Olive and Johnson were out of town. Mr. Francisco had evidently "seen a great light" since the meeting of a month ago, and told the council that a majority of the people of Cashmere want a "dry" town.
