The
Eagle
Drug
Store
Prescription Druggists.

The three great things to consider when buying household supplies are with most people: Price, Quantity and Quality, a few years ago it was easier and customary to give Quality, second place. We find that with many people now the tendency is the other way.

You may rest assured that when you are trading at our store that Quality was not lost sight of by our order clerks. Try us and be convinced.

W. R. Walleck came up from Chicago yesterday.

Mr. and Mrs. H. J. Mack of Phelps spent Tuesday in town.

Mrs. A. Well entertained the Bridge club Wednesday evening.

Herman Behn went to Mattoon on business yesterday.

A. J. Austin is at Tomahawk this week visiting his daughter.

Chas. Hanke is taking an enforced vacation by reason of the grippe idea.

John Knobla and C. A. Bent were down from Donaldson Saturday.

Mrs. W. A. Bradford returned Monday from Chicago.

F. H. Dildine had business at Three Lakes Monday.

Joe Burkle returned Saturday from the auto show in Chicago.

Stanley Borkowski went to Milwaukee Tuesday to visit a son for a week or so.

S. W. Smith is in charge of things at the Hotel Austin during the absence of A. J. Austin and wife.

Chas. Lewis returned to Gagen Wednesday after a week's layup with the prevailing complaint.

F. J. Strong went to Milwaukee Tuesday to attend the Hardware Dealers Convention.

Buy a farm in Vilas County and thus escape the blizzard swept section of this and other states.

John Murphy of Montello arrived Friday for his semi-annual visit at the home of his brother Wm. Murphy.

A large party of ladies met at the home of Mrs. J. T. Nemacheck Monday afternoon in celebration of her birthday.

Geo. Hall who had been scaling for Joe Mayo at his camp on the Deer-skin, came home Saturday the cut being finished and camp broken.

C. H. Wiegand and Art Morgan received two "Bred in the purple" water spaniel dogs from an Illinois kennel Tuesday.

County Highway Commissioner, G. H. Jackson left Saturday for Madison to attend the annual meeting of road builders held there this week.

Mr. and Mrs. Geo. Robinson left Monday to take up their residence in Chicago after a year's residence at Hwaththa Lodge.

Mr. and Mrs. E. W. Miller and children returned home to Middle Inlet, Wis. after an extended visit at the home of John Ulrich and wife. The ladies are sisters.

Th Kuehn Concert Co., appearing to-morrow night as the third number of the Lecture Course is the highest priced attraction of the four numbers and should be well worth the 50c charged for single admissions.

A Mr. Wilson of Iowa spent last week here and roundabout here in the interests of the Social Democrats and we were informed by him that the party was showing renewed strength in every precinct visited.

Wm. Murphy started Thursday for Rochester to consult Mayo Bros. regarding his health which has been bad for the past year. He was accompanied by his brother John, of Montello, who arrived here last week.

If the charitable associations would assist their city poor to get out onto a piece of land in Vilas or any other upper Wisconsin county, they would get where they wouldn't have to wear any old clothes.

The Ladysmith Journal came out this week in a new form and as a twice-a-week edition. Bro. MaHoney will have to get out and hump himself if he gives the citizens of that town a better paper than he has in the past.

Four horse team loads of logs going to the Eagle River Lumber Co's mill is a common sight these days. A large amount of cedar, spruce, etc. is being banked at the railroad sidings also, the sleighing being just about perfect for the work.

The Spike Horn club held their annual banquet at the Hotel Austin Saturday night. As a sort of curtain raiser to the big time. The secret work of the club such as grips, passwords, etc., were conferred on two new members in the persons of Thos. MacQuaker and Irving Barager.

WANTED TO BUY—About 75 good winter Muskrat skins. N. L. KINNEY.

Born to Mr. and Mrs. Robt. Simmons of Big Bass lake Jan., 29th—a daughter.

Cannot Lease Plants.

Madison—In an opinion to L. E. Gettle, secretary of the railroad commission, Attorney General Walter C. Owen held that there is no provision in the statutes which will permit a town, city or village which owns its water works or lighting plant to sell or lease it to any private corporation.

The above appeared in our ready print service last week and as we have in the past heard considerable apprehension expressed lest some future town or village board might jockey the Eagle River light and water plant we take the liberty of re-printing it for the benefit of any one who may have failed to notice it before.

Social at Mayo School Friday Eve. February 12th.

Another of those Good Time Socials will be given at the above place and date. Tickets only 35 cents, proceeds to go towards the purchase of a musical instrument for the school. All who remember the excruciating good time furnished at the last one will be glad to hear that there is to be another opportunity offered them.

We are requested to state that if parties from town desiring to go, find any difficulty in securing transportation that rigs from the district will convey loads of 12 people out and back for \$5.00.

AGRICULTURAL NOTES
BY OSCAR GUNDERSON

The silo campaign is going on slow and sure. We had to get four farmers to erect concrete silos, to get the University to build us a set of steel forms. That was soon done and we now know where six concrete silos are to be built. Nine farmers have definitely decided to build silos and as many more are seriously considering it. Some will build of concrete, some with staves. Both are good. In every community where a silo is built there will be several more the next year. This is the universal experience all over the state. With silo-building and plating work and the rest we guess our 'Ford' will do considerable traveling next summer.

We had a letter recently from Mr. Nickel, of Seymour, who is coming here to start the creamery. He is looking forward to the time with much enthusiasm. Now, every farmer should do his utmost to get cream to sell. Buy an extra cow or two. They will pay you good interest on the money if properly managed. Form cooperative associations to haul the cream. If six farmers combine and form a cream route each one's turn will come only once in three weeks. A successful creamery is the greatest factor for the welfare of a farming community that is known. Support it and thus help yourself and your neighbors.

Our stereopticon is here and at work. Jan. 11th a meeting was held at the new schoolhouse at Sayner. By the way, Sayner has the finest one-room schoolhouse we have ever seen. Jan. 14, a meeting was held at the Sundsten schoolhouse and the next evening one in the Bohemian district schoolhouse. Last week meetings were held at Monheim, Pioneer Lake and Mayo schoolhouse. The meetings were all well attended. Silos and dairying was the subject of lecture and slides.

Supt. Cook had a set of fine slides on Yellowstone Park and lectured on the same. Next week we are going to the town of Phelps.

Married.

Saturday evening the marriage of Henry Numerick and Miss Sophia Speis took place at the Numerick farm home north of town. The ceremony was performed by Rev. Schmidt after which the guests present were treated to a sumptuous wedding supper. The bride is the daughter of Mr. and Mrs. Rinehart Speis of this village and is said to be endowed with every qualification to be a fitting helpmate to the sterling young man who has won her. They will set up housekeeping on the Numerick farm near the Hemlock resort. We extend congratulations and also a free copy of the Review for one year and further, advise dilatory swains that there are still two more copies waiting for the next two Vilas county couples to wed.

Eagle River Poultry Again Wins.

As predicted, the Radcliffe-Adams poultry exhibit at Wausau came back covered with honors and a nice piece of money tucked in below the garters on their stockings. Radcliffe with eighteen birds entered, won on eleven fowls as follows: 1st cock; 1st on cockerel; 1st, 2nd, 3rd on hen; 1st, 2nd 3rd on pullet; 1st on old hen; 2nd on young hen. C. H. Adams sent nine birds down that connected with the following premiums: 2nd, 3rd and 4th tockerel; 4th and 5th pullet. All were of the Single Comb Rhode Island Red variety.

Editors:
We congratulate you on this (enclosed item clipped from last week's REVIEW) suggestion to your readers. The writer was in Milwaukee last week and looking over their fine homes—business places and breweries, they should be able to care for their own poor. If some of them would move on to a good piece of Vilas County land and work one-half as hard, they wouldn't be so poor and needy. Help out your own deserving settlers and publish a good article telling those Milwaukee charity organizations to help their people get a good piece of land up state and they will be helping their people permanently not temporarily. That's what they need down there, more good farmers.

W. E. Raymond is taking inventory of the amount of electric current in use in town Feb. 1st when the accounts became payable to the town. There will be no change in rates at present.

Watch for our next serial story.
