L. T. COOPER IN ST. LOUIS

ECENTRIC MILLIONAIRE WHO PROVED SENSATION EAST REACHES MOUND CITY.

ST. LOUIS, Oct. 15.—L. T. Cooper, the man who has created a sensation throughout the east, and who is rapidly acquiring a national reputation, arrived in St. Louis yesterday.

Cooper is president of the Cooper Medicine Company, of Dayton, Ohio, and has made a fortune within the past few years estimated at several millions, by the sale of two preparations, which are claimed to be very unusual, and which are said to accomplish remarkable results.

Cooper spends his time traveling from city to city introducing these remedies and in this manner he has acquired the fortune he now possesses.

Cooper is said to be a very remarkable character, and a man with eccentric ideas; one of his beliefs is that a certain part of his income should be devoted to charitable work, and he is said to give thousands of dollars to the poor in each city that he visits.

His charitable work is original, as he is continually devising new methods of making money give the most pleasure and relief possible.

The most remarkable feature of Cooper's work is what is known as his "Three minute removal of deafness." In cities visited by him within the past year he has appeared nightly before large audiences and offered to make any one hear, within less than three minutes, if they would come up on the stage.

Each night he is said to have removed, before thousands of people, cases of deafness in about three minutes' time with one of his preparations. The accounts of his work appeared in all of the leading "dailies" of the east, and people have flocked to him from all parts of the country.

The sale of his preparations is said to reach enormous proportions within a week after Cooper arrives in a city. Whether he will be as successful in St. Louis as elsewhere remains to be seen.
