

FIRE PROOF

DEMAND MADE ON GIANT MANAGEMENT FOR STEEL GRAND STAND.

Owing to Short Lease on Polo Grounds Doubt as to Rebuilding Extends.

NEW YORK, April 14.—The New York National league club may never play baseball again on the Polo grounds. City authorities will insist on strictly fireproof structures to replace the grand stand and part of the bleachers destroyed by fire early today, and this raises a serious doubt as to whether the promoters care to invest thousands of dollars in stone and concrete on a leased site.

One thing is definite, however. The Giants will use until further notice the American league park on Washington Heights, beginning a series with Brooklyn there tomorrow. President Ebets of the Brooklyn club offered his grounds, but conflicting dates make acceptance out of the question.

President Brush was too ill to take any active part today in the settlement of the temporary troubles of the Giants. He has long been in favor of building a concrete and steel stadium, but has hesitated because of uncertainty of the future of the Polo grounds as a baseball park. Many times the question of cutting streets through the grounds has been raised, and all efforts to buy the property have failed. The lease has ten years yet to run, but the fire has brought matters to a crisis, and the belief among followers of the game here is that a new site will be selected, although the Polo grounds may be used temporarily until repairs are made.

John T. Whalen, a director of the club, said: "Considering the fact that the grounds are leased and that other conditions may arise, I do not believe it will be decided to rebuild the burned portions with concrete and steel."

SHADYSIDE

The entertainment which was given in the high school auditorium by Miss Mayme Morgan and Miss Jess Wolfe of Martins Ferry was very largely attended by Shadyside and out of town people.

Class No. 9 of the Christian church held its annual meeting Thursday evening at the home of Mrs. Lindsay.

Class No. 5 of the Christian church held its annual meeting at the home of Miss May Sammons on Friday evening.

Rev. Ward, pastor of the M. E. church, has returned home after visiting friends at Marietta.

Mr. Charles McCollough and wife of Martins Ferry are visiting at the home of Mrs. Charles See on McKelvey avenue.

Miss Marie Andrews has returned to her home in Sherrard, W. Va., after a visit with Mrs. Albert Burns.

Mr. V. Brothers will erect a new store in the near future on Main street.

The people of Shadyside are greatly interested in the outcome of the corporation question.

Mr. Elmer Truax has sold his property and will move his family on a farm.

Mr. William Taylor will start a store in the Smith addition in a short time.

There was great excitement created here about 2 o'clock yesterday afternoon when the residence of Mr. Albert Hill caught fire somewhere in the attic. Both chimneys were called out and the fire was extinguished without much damage.

Talks on Teeth

By Orin Hedrick, D. D. S.

Why Not Beautiful Teeth

Beautiful, sound teeth are yours almost for the asking. It requires a visit to our office and an examination of your teeth by one of our experts, for which we make no charge, and a short and comfortable time in the chair—possibly a matter of two or three sittings in all—to restore all the teeth you have lost and to give you all the benefits which follow beautiful teeth. The Alveolar teeth is our own method of restoring teeth to look and act like nature's own teeth. There is no method in all to restore all the teeth in the mouth that is not sensible of wearing artificial teeth. It is practically painless and calls for no boring or cutting into the same, and is in no sense a surgical operation. If you have held to that idea, discard it.

We are general practitioners. From the smallest to the most intricate piece of dental work you will find us experts. The fact that our men are able to do such work as the Alveolar teeth calls for is evidence enough that in smaller form they will give you better service than other dentists. If you must wear a plate, let us make you one of our smooth suction plates, guaranteed never to drop in the mouth.

Painless extracting or no pay accepted.

Gold crowns, \$3 up. Plates, \$5 up. Porcelain and Enamel Crowns made.

Caution—Be sure you are in the right office. Look for our name on door before entering.

ADVERTISING TALKS

WRITTEN BY WILLIAM C. FREEMAN.

A young friend of mine, who abandoned a mercantile career for the advertising profession because he loves the work, drops in to see me occasionally just to talk over our work.

On a recent call, he discussed on CHURCH ADVERTISING, and became so eloquent that I reproduce here what he said, and it seems a fitting time to do so—today being the Saturday before Easter Sunday, when the whole world gives thought to churches:

"In the face of the admitted demand created for merchandise of intrinsic worth by means of good advertising, properly placed, it is preposterous to presume that a demand for good religion can't be created in the same way?

"In fact, I take it, that the evangelization of the world will succeed in direct proportion as the Redemption story becomes universally known.

"First, the legend and prophecy of Patriarch and Prophet, uncertainly spreading the news. Next, the personal exhortation as evidenced by Christ's travels up and down Palestine. With the advent of writing we have the gospels and later the monks with their well-guarded manuscripts.

"But it remained for the PRINTING PRESS to really popularize Christianity by placing Christ's teachings within the reach of humanity—at a low cost.

"So it seems to me that the next evolution must be Publicity—the telling of the story in a human way, in the paid advertising columns of the press.

But it must be a HUMAN story. The bald announcement of the Sunday service won't do—the demand must be created and interest aroused by proving the needs and benefits of religion.

"Can you imagine any more effective way of filling a church than the publishing of 'The Sermon on the Mount' in clear type in a clean newspaper with the stimp cleanest paper what Dr. Jones, D. D., will preach on 'Blessed are the pure in heart' next Sunday morning at 11 a. m. in St. Paul's church?

"Could any personal exhortation reach a larger proportion, or interest so many people at so little expense?"

"In conclusion, it seems to me that Christ's command—Go ye into all the world and preach the gospel—can't be obeyed more effectively than by space regularly used in a good daily newspaper."

The churches are crowded on Easter Sunday. Is it not possible to crowd them EVERY SUNDAY?

Wouldn't it elevate every community if all people attended church?

PUBLICITY is the only way in which people can be aroused to take an interest in the great work of the churches.

Don't advertise in the usual church notice style. Do it in an impressive way.

Every church should spend yearly in spreading the gospel at least as much as it pays its minister and choir.

(To be continued.)

INDICT SEVEN MEN ON MURDER CHARGES

Fayette County Grand Jury Makes Report After Inquiry into Crime Wave.

Special Dispatch to the Intelligencer. FAYETTEVILLE, W. Va., April 14.—After a week's inquiry into the more recent crime wave in Fayette county, the grand jury has returned a partial report of eighteen indictments, seven of which are for murder. It is expected many more indictments will be returned before the investigators complete their work. The men indicted for murder are Charles Marshall, Mike Call, Placio Parafors, William Stewart, Shelton Robinson, Josie Bailey and Casben Salvatore, while the grand jury is yet investigating the case of a young son of Oscar Goodby of Hawk Nest, who killed his seventeen year old sister just after returning from a hunting trip.

STEBENVILLE

Special Dispatch to the Intelligencer. STEBENVILLE, O., April 14.—This has been divorce week in the local courts and now cases have been filed faster than old ones were disposed of. Two courts have been working for two days on contested divorce cases. Indolty was alleged in both cases and the class of witnesses on hand in one case shows that the preference ran to men with uniforms and brass buttons, as policemen, firemen, mail carriers and street car conductors are on hand, some to deny charges, while others are hiding from process servers.

Want a Road. Joseph Celka et al, residing on the outskirts of Dillonvale, have petitioned the county commissioners to open up and construct a road.

Fined for Selling. James and John Doe, of Dillonvale, were fined \$50 each for selling liquor illegally. Another "Doe" and Matt Weiss were arrested on the same charge.

New Suit. Nellie B. Davis vs. Thomas W. Davis, suit for divorce, custody of children and injunction to prevent his interfering with her or the children and money in the hands of La Belle Iron Works, attached. They were married July 17, 1905, and she alleges habitual drunkenness, cruelty in striking her and raising knots on her head; also, adultery. Margaret M. Smith vs. Joel W. Woods et al.

Realty Transfers. Caroline Lupton to E. D. Cattell, lot in Mt. Pleasant; \$1,400. Annie Gates to R. B. Durbin, two lots in Mt. Pleasant; \$1,400. Thomas Bishop to Nick Yohlie, lot in city; \$5,000.

R. O. Williams to A. G. Paxson, 1.750 acres in Mt. Pleasant township; \$1. H. C. Bowers to Ida Gotshall, 12 acres in Wayne township; \$875. J. W. Hendure to F. J. McLaughlin, lot in city; \$1,800.

Fred Kromer to William Arkeley, lot in city; \$375. Minnie Floto to W. H. Alexander, strip of land in city; \$1.

D. T. McMaster to Anna Gates, lot in Mt. Pleasant; \$1,400. A. A. McHugh to Annie Schrauger, lot in city; \$1,200.

Minnie Clayton to Joseph Neubert, lot in Smithfield township; \$400. Sarah Blackburn to W. F. Fekruhn, lot in city; \$2,550. J. L. Jones to Joseph Berger, 24 acres in Island Creek township; \$1,000.

La Bellevue Land Co. to R. M. Brown, lot in city; \$500. Joseph Barger to J. L. Jones, three lots in city; \$3,000.

AFTER THE SNOBS

Government Inquiry Under Way As to Social Status at Annapolis Academy.

WASHINGTON, April 14.—Social life at the United States Naval Academy as reflected in the Academy hops is being investigated by the naval department in order to discover if snobbery has crept into the institution. The investigation is based on the complaint that Miss Mary H. Boers, daughter of Professor Boers, head of the English Department of Yale, was a recent victim of snobbery at the academy. It is said that Miss Boers' escort at a hop was given an intimation by a midshipman that her presence there was not desired because of her position as governess in the family of Lieutenant Harrant of the Navy. The investigation is the result of a request of Congressman Korby of Indiana. He asked the secretary of the navy to investigate "that peculiar social system at the academy that makes unwelcome at a social function an estimable and talented girl who happens to be earning her own living."

BULK OLIVES

We have just opened a new cask of Queen olives. They are of very fine quality, and you'll be sure to like them.

30c a Quart—15c a Pint.

OLIVE OIL.

Here you can buy the famous Pompan Olive Oil. It's different and better than ordinary brands, and when you buy it you know it is pure.

Bottles sell at 25c, 50c and 75c; Pint Tins, 50c; Quarts, 50c; 1/2 Gal. \$1.50.

EARLY RISER FLOUR, 55c Sack.

LUNCH BASKETS.

Woven willow baskets, strong, durable and in several sizes.

35c, 40c, 45c and 50c.

SEED POTATOES.

Best varieties—lowest prices. Early Rose, Early Ohio, Early Six Weeks, Puritan and Gold Coin.

WELTY'S "Pure Food Store," 1044 Market St. 252 Either Phone.

Sanitation Crusaders Will Cross the Continent Twice

DIG FIFTY H. P. TOURING CAR WILL TOUCH WHEELING.

After Touring Twice Across the United States Car Will Be Sent to Hawaii Islands.

Twice across the American continent by automobile, with five side trips from each of forty cities, totaling a mileage greater than the circumference of the earth, is a tour that will be made by H. O. Tilden, president of the American Sanitary works, starting Wednesday, April 20, from fifty-seventh street, near Broadway, New York. Mr. Tilden with several associates will conduct a national educational campaign in the interest of sanitation. He has purchased a fifty-horse power Stoddard-Dayton automobile with special equipment, and will be on the road continuously for eight months, traveling more than 25,000 miles.

The big car will arrive in Wheeling from Pittsburgh on her way to the Pacific coast. The car will lay in this city over night and will leave early in the morning for Parkersburg and then to Indianapolis via Dayton. From there the car will go to Omaha, Denver, Salt Lake City and Fresno. The second trip will be made from Portland, Maine, to British Columbia.

The trip will not only cover the United States but will include the Hawaiian Islands, British Columbia and a large part of Eastern Canada. In addition the route on the Atlantic and Pacific oceans will be skirted for a considerable distance to take in the larger seaports.

On each trip across the continent new maps will be mapped out. The outgoing trip will take a central course, while the return, via Vancouver, will necessitate the laying of a new trail over the Cascade range, the Blue mountains of Oregon, the Coast Range mountains and the Rockies into Southern Montana. In this way the sanitation experts will render an invaluable service to the cause of good roads by gathering road information and pathfinding. They will be the pennant of the Automobile Club of America and make their data available to its touring bureau.

Business organizations and civic bodies along the route to be covered will be addressed by Mr. Tilden.

Few in the motoring fraternity of the country realize that their number include the only woman president of a national bank in Ohio and probably in the United States. She is Miss Cora B. Clark, president of the First National bank of Utes, Ohio. Within a few weeks she will be driving a new 1911 Franklin, four-cylinder, twenty-five horse power, five passenger touring car.

Thomas Con, a contractor of Syracuse, New York, drove a Franklin coachlet three years without puncture, blowout or any other trouble in any of the tires.

Table d'hote dinner, the McClure Easter, 6 to 8 p. m. Music, \$1.00.

ST. CLAIRSVILLE

Special Dispatch to the Intelligencer. ST. CLAIRSVILLE, O., APRIL 14.—Civil cases filed today were styled: Corn Driggs vs. Clement L. Driggs, action for divorce on the grounds of extreme cruelty.

B. W. Peterson, Albert Schenk and George O. Naeke vs. Whitaker-Glessner company, petition for injunction.

Marriage License. J. E. Hudon, age 21, of Wheeling, W. Va., and Flora Braun, age 20, of Bridgeport, O.

Realty Deeds Filed. Clyde Bewley to Allen Houtman, 48 acres of land in Somerset township; consideration, \$1,500.

D. A. Blair and Rebecca Blair to S. M. Perry, 6 1/2 acres of land in Washington township; consideration \$450.

Spend Less Time In The Kitchen

"Let the 'Caloric' Do Your Cooking"

THERE'S absolutely no need of your spending so much time in the kitchen preparing the three daily meals. You can just as well have more time for other, more important things. By the ordinary method of cooking you spend fully two-thirds of the day in the kitchen. This is entirely unnecessary if you will use a

Caloric Fireless Cookstove

It cooks better, with absolutely no attention, cooks more thoroughly—more appetizingly; retains all the goodness—all the tissue and strength building qualities of the foods. None is lost by evaporation in boiling away. No unpleasant cooking odor, no burning or scorching.

The less expensive and toughest meats are cooked far better and more tender by the Caloric method. It also bakes and roasts even better than can be accomplished by an ordinary stove and costs less to operate.

SATURDAY last day of Demonstration.

THE LADIES OF THE

2nd UNITED PRESBYTERIAN CHURCH will hold their EASTER MARKET in the north window of The PALACE on Saturday Morning.

THE PALACE

1113-1115 MAIN STREET Undertaking Parlors, 1114 Water Street. Both Phones 45.
