Dr. George W. Talson Called By Death Angel

NOTED EASTERN PHYSICIAN DIES AT ISLAND HOME.

Member of Famous Class at Columbia. Funeral Friday From Residence of H. F. Jones.

Like one who falls into quiet slumber at eventide, Dr. George W. Talson passed peacefully from earth to eternity last evening at 3:45 o'clock, at the home of his brother-in-law, H. F. Jones, of No. 206 South Penn street. Death came at the end of a long period of ill health, during which he bore his sufferings with a noble Christian patience and fortitude that were a revelation to all with whom he came in contact.

Dr. Talson was born in Jersey City, N. J., his parents being prominent members of a fine old English family. His boyhood education was received in the best schools of his native city and after completing this, he entered Columbia university, graduating from the medical college of that institution with high honors. He immediately took up the practice of his chosen profession and rose very rapidly, achieving a reputation throughout the eastern states as one of the most skilled physicians of his time.

He was held in high esteem by his brother physicians, both as a practitioner and as a man, and for many years was president of the Hudson County Medical society. His practice in Jersey city and the surrounding country was very large, and as long as he cared to hold the position he was resident physician of the St. Francis hospital, the largest institution of its kind in Jersey City. Later, he removed to New York city and in this broader field again achieved remarkable success. In his work in New York he was often associated with two of his famous classmates at Columbia, Dr. D. R. St. John Roosa and the late Dr. Edward Janeway, whose names are familiar in medical circles throughout the civilized world. For a number of years he was on the staff of the great hospital of "The Little Sisters of the Poor."

Retired Ten Years Ago. About ten years ago, Dr. Talson retired from active practice on account of failing health, and since then it has been his practice to spend the winters in the balmy climate of Florida. He was a gentleman of the old school, devoted to nature and all wholesome outdoor recreations and derived much pleasure from his fishing and hunting trips in the south. For the past six years he had made his home with his brother-in-law, Mr. H. F. Jones. He was a lifelong and consistent member of the Methodist Episcopal church, and was associated with the Masonic fraternity.

The members of his immediate family surviving are his wife, who was Miss Elizabeth Stone, of this city, and a brother and sister residing at Newark, N. J. The Rev. Dr. J. Sumner Stone, of New York, and W. E. Stone and E. L. Stone of this city, are

brothers-in-law, and Mrs. H. F. Jones, a sister-in-law. The funeral will be held on Friday morning at 10:30 o'clock from the Jones residence. The services will be in charge of the Rev. Dr. Frederick E. Ross, of the Thomson M. E. church, and the interment will be made at Greenwood cemetery.

HEAVY LOSSES

(Continued from First Page.)

and roped, he was brought today before American Consul Dye of Nogales, together with Tim K. Sullivan, an American from Bridgeport, Conn., the consul having requested to see them. The federals had kept Sullivan for several hours so tied with knotted ropes that he was unable to lie down or stand up. Sullivan saw service with the Boers in Africa. Savage asked the consul not to inform his family of his fate.

To Relieve Ojinaga.

CHIHUAHUA, April 19.—One thousand federal cavalrymen left here today for the relief of Ojinaga. They will proceed by train to Palomir, thence 30 miles overland to Ojinaga. The insurgents activity in the north found most of the available federal troops here unprepared. Now there is a general outward movement to meet the insurgents.

Word from the interior of the personal participation of Francisco I. Madero, the insurgent leader, in the fighting makes it less probable that he will change his movements in order to confer with his father on peace proposals. It is supposed, however, that the father may be able to place himself in touch with the leader. Peace possibilities, as viewed here, are growing more remote.

Americans Starved.

It developed today that the fourteen American prisoners on their last days' march to Chihuahua from Casas Grandes had nothing to eat. For 36 hours they were without food, as they marched over the desert through blinding sand storms. This was due to the exigencies of war and not to neglect. All the prisoners are in excellent health and good spirits.

United States Consul Letcher talked with the men individually, and saw that they obtained all necessary supplies. The first things the prisoners asked for were soap, matches and tobacco. Four dollars' worth of tobacco was consumed in a few hours. Owing to the excellent climate here, the prisoners in their cells have plenty of air and light.

Truce Plugs Progress.

WASHINGTON, April 19.—Considerable progress was made today in the negotiations for an armistice between the forces of the federal government and the revolutionists in Mexico. Dr. Vasquez Gomez, head of the confidential agency of the revolutionists here, who is conducting the negotiations, received word tonight that his message setting forth

the armistice proposition and requesting definite instructions for arranging the truce was on its way to General Francisco I. Madero, Jr., who is encamped several miles south of Juarez, Mexico.

Taft Gets Telegram.

WASHINGTON, D. C., April 19.—The following telegram from Cleveland, O., signed "One Who Has Children in Mexico," was received by President Taft today: "God bless you for your consideration of the thousands of American lives that would be in great danger through United States intervention in Mexico at this time."

Pratt have been detailed to go to the Mexican frontier with the regulars. They relieve Col. C. E. Morrison, of Parkersburg, Capt. Jackson Arnold, of Weston, and Captain Walker, of Fayetteville, of the W. Va. National Guard.

INJUNCTION

WILL BE ASKED IN HARBURGER CASE.

Sheriff and Assessor Make Demands For Taxes—Test Case to Be Closely Watched.

Demands were made yesterday upon H. Harburger by Sheriff William M. Clemons and Assessor Henry Frome for county and city taxes alleged to be due under the state and city laws for itinerant merchants. The amount claimed by the sheriff is \$88.75 and by the city \$166.88.

Attorneys S. G. Smith and J. R. Somerford, who are representing Mr. Harburger, will apply to circuit court today for a temporary injunction restraining the officers from collecting the taxes in any other manner than that provided for collecting from any other citizen of the state. Both city and state officials are anxious to see a test made of these laws, to ascertain whether taxes may be collected from one man engaged temporarily in the line of his occupation in a different manner from one who is engaged permanently in the same business.

Prepare Bond Issue.

CLARKSBURG, W. Va., April 19.—The board of education of the Clarksville independent school district is considering details for a proposed bond issue for \$275,000. The board desires to build a graded school building east of Park avenue and another west of Sixth street.

HAWLEY FILES ANSWER.

Denies Implication in the Formation of the Sugar Trust.

NEW YORK, April 19.—Robert B. Hawley, one of the individual defendants in the government suit for the dissolution of the American Sugar Refining company today filed an answer in the United States circuit court, denying that he was concerned in the conspiracy charged in the formation of the alleged trust.

He denied that the Cuban American sugar company was organized for the purpose of combining several competing corporations engaged in the manufacture of raw sugar in Cuba and shipping it to this country. The answer however admitted that the Cuban American company with an authorized capital stock of \$20,000,000 obtained the properties of five sugar companies in Cuba and leased in exchange therefor shares of its own capital stock.

Mr. Hawley denied that the American Sugar Refining company had dominated the Cuban American company or exercised control over raw sugar shipped from Cuba into the United States.

REV. FIELDS ADOPTS NEW METHOD OF EVANGELIZATION

An entirely new plan of evangelization, so far as Wheeling is concerned, has been adopted by Rev. W. H. Fields, pastor of the First Christian church. Earnestly engaged in the effort to reach the masses as well as the classes with the Gospel of Christ, Rev. Fields has instituted the practice of holding Monday evangelistic meetings in the factories and workshops of Wheeling.

Accompanied by a small band from his congregation, Rev. Fields visits some factory or workshop each Thursday and Friday afternoon of every week. Services lasting from 15 to 20 minutes are held. The evangelistic band carries a small organ, and render a short musical program at each service. An address is always made, either by Rev. Fields or some other member of the band.

SEASON OPENS AT THE POPULAR CARROLL CLUB

LADIES' SOCIAL CLUB ENTER-TAINS WITH CARD PARTY.

Handsome Prizes Were Awarded the Winners of the Contest—Enjoyable Time Had by All.

The Carroll club was the scene of a most enjoyable event last evening, when the Ladies' Social club entertained with a card party, which opened the spring and summer season. After spending several pleasant hours in this popular diversion, the one hundred or more guests present divided their time to dancing and participating in the various other amusements the club affords. The winners of the euchre contest received handsome prizes, and the committee in charge is deserving of much praise for the manner in which they conducted the affair.

The following members were responsible for the success of the opening: Miss Emma Gundling, Miss Virginia Wingerter, assisted by Misses Elsa Eick, Alberta Fox, Bess Gilmarlin, Gene Whyte, Agnes Mullaney, Blanche Anderson, Josephine Kates, Bertha Flaccus, Eva Haberstick, Cecilia Doseh, Carrie Miller, Esther Hill, Snyder Hughes, Stella Owens, Marie Fox, Eva Miller, Rosa Degam, Mayme Anderson, Alberta Woodruff, Anna Bryson, Nellie Flaherty, Messrs. Geo. H. Green, John Grogan, George Laurel, Harry Donaldson, Dr. J. W. Blake, Geo. Gundling, Herman Campbell, George Coleman, Ed. Kelly, Wm. Maley, George Nott, C. J. Sevier.

Plumber Caused Trust.

"What was the cause of this?" asked Mr. Grovener, special assistant attorney general.

"The plumber," was the laconic response.

Mr. Clow said the plumber loaded the jobber down with alleged claims for imperfect wares, and these claims under the patent process manufacturing did not have a leg to stand on.

"How have the prices been since January 1, 1910?" asked Mr. Grovener.

"H—! I condensed h—!" answered Mr. Clow. "There is neither pleasure nor profit in selling enameled iron ware now. We have been trying to get a resale price for years and this was the first decent one we ever had. Then the government steps in and breaks it up."

Other witnesses testified in a like manner. All of them said they had signed the agreement in order to get a better quality of goods.

Thomas C. Rowell, secretary of the Aled Iron company, of Troy, N. Y., told the government attorney that his firm had signed the agreement voluntarily.

He said it was a good proposition and that the buyer got just what he paid for.

The Modesty of Women

Naturally makes them shrink from the indelicate questions, the obnoxious examinations, and unpleasant local treatments, which some physicians consider essential in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the woman undergoes all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription write in appreciation of the cure which dispenses with the examinations and local treatments. There is no other medicine so sure and safe for delicate women as "Favorite Prescription." It cures debilitating drains, irregularity and female weakness. It always helps. It almost always cures.

"Favorite Prescription" is strictly non-alcoholic, non-secret, all its ingredients being printed on its bottle-wrapper; contains no deleterious or habit-forming drugs, and every native medicinal root entering into its composition has the full endorsement of those most eminent in the several schools of medical practice.

Some of the numerous and strongest of professional endorsements of its ingredients will be found in a pamphlet wrapped around the bottle, also in a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These professional endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days insist on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of KNOWN COMPOSITION. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 31 one-cent stamps for cloth-bound copy.

If sick consult the Doctor, free of charge, by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.
