

Y. M. C. A. "GYM" Exhibition To-morrow Evening Shows Association Work, AND WILL BE THE FIRST EVENT

Of the kind attempted by the Local Association—will be under the direction of Physical Director State—The Classes have been preparing for the exhibition for several weeks, and are in a state of high efficiency.

To-morrow evening at the Opera House the first exhibition of the Young Men's Christian Association will be held, and the interest taken by the friends of the participants and the association insures a large audience.

The different classes have been working hard on their parts assigned them, and the exhibition bids fair to be well worth going to see. The work, aside from being entertaining, presents to the public the work that has been going on in the gymnasium of the Y. M. C. A. of the past winter.

The work on the horizontal bar will be given by first class. It is generally conceded to be the hardest piece of apparatus to perform on. Those that have been selected for this class are: Chas. Alexander, Harry Mallins, Chas. Long, Harry Prosser, Rudolph Schott and E. J. State.

Many jokes are told on the manner our rural brethren celebrate their holiday visits to the city, and it is a story which tells of the two rustics, who had a "time," one glorious Fourth on 15 cents. The story runs that each bought a drink, and with remaining nickle secured a cigar, which the divided, then lighting up they staggered in each other's arms saying in unison: "Gosh, but wouldn't our wives give us thunder if they knew how we blowed ourselves."

There is a roof painter in Fulton who has a keen eye to business. If things don't come his way, he gets behind them and pushes them his way. He controls all the painting done in his block, and it grieves him sorely a few days ago, when a Wheeling painter got the job of painting the roof of a large slaughter house in Fulton.

When the spring time comes, "gentle Annie," like all other sensible persons, will cleanse the liver and renovate the system with DeWitt's Little Early Bitters, famous little pills for the liver and stomach all the year round.

A TEA INSPECTOR Wanted to Guard Against Impure Teas From Japan. TACOMA, Wash., May 5.—The Tacoma chamber of commerce, aided by Eastern importers, is making a strong effort to have the secretary of the treasury appoint a tea inspector for this port.

FINANCE AND TRADE. The Features of the Money and Stock Markets.

NEW YORK, May 5.—Money on call easy at 1 1/2 to 2 per cent; last loan 1 1/2 per cent; closed at 1 1/2 to 1 3/4 per cent. Prime mercantile paper 3 1/2 to 4 per cent. Sterling exchange weak with actual business in bankers' bills at \$4 7/8 to \$4 7/4 for demand and at \$4 55 to \$4 56 for sixty days.

could be desired by the graziers. The bear in the market and additional Liverpool market was very weak. Under such circumstances it would have been surprising if the price of wheat had not opened lower and it did so. July started at from 68 1/2 to 68 3/4, compared with yesterday's close of 69c. By 10 o'clock help had been given to shorts who were made timid by the bad crop reports which came from France and Russia, it had recovered to 68c. But it held there for only a few seconds and 68 1/2 was soon reached again.

There was a very good demand for hogs and light weights remained nearly steady, but others averaged a nickle lower than yesterday. Heavy packing lower than yesterday. Light and prime light sold at high as \$2 97 1/2, the bulk of the hogs crossing the scales at \$3 00 3/4, while pigs sold largely at \$3 65 3/4.
