CAMP MEADE.

The Second West Virginia Leaves for its Southern Camp. CAMP MEADE, Pa., Nov. 13.—The end of Camp Meade is in sight. By Thursday the entire second corps will have left for the new camps in the south. Three regiments started to-day, and three more will go to-morrow. General Young and staff and the signal corps will be the last to go. The regiments leaving to-day were the Second West Virginia, Eighth Pennsylvania and First Rhode Island. A battalion from a regiment not yet designated will stay behind, to guard the government property. Secretary Alger is so well pleased with this location that a portion of it may return next spring. The hospitals have been cleaned out, and on Wednesday their equipment will be sent away. The headquarters of the corps will be Augusta, Ga. The troops will be scattered between that city, Athens, Ga., Summerville, Ga., Columbia and Greenville, S. C. A train is provided for each battalion, and each man is allowed a seat to himself. Three days' travel rations, five days' field rations and coffee money is issued to each regiment before starting. A hospital car in charge of a surgeon and nurse is attached to each regimental train, and a surgeon sent with each section. The Fourteenth Pennsylvania regiment leaves to-morrow for Summerville and Tuesday the Thirteenth starts for Augusta. The other two Pennsylvania regiments have already been sent away. The sick soldiers in the city hospitals will join their commands after they are able to leave and have had a thirty days' furlough.

Freighted by Melancholy.

DETROIT, Mich., Nov. 13.—Ada Arola, twenty-five years of age, early to-day threw herself through the window of the Houghton express, when the train was a short distance from Columbiaville. She was an insane woman, who was being deported to Finland, in accordance with the immigration law, she having resided here less than a year. Immigration Inspector Williams and the matron of the Sault Ste. Marie custom house had the girl in charge. Williams stated to-night that she had made no outbreak at any time during the journey from Marquette, where she had been detained in jail. The first the custodian knew of the sad affair was when they heard the breaking of the glass. Mr. Williams said the dead girl was suffering from extreme melancholy.

New York's Horse Show.

NEW YORK, Nov. 12.—The annual horse show and parade of fashion will begin to-morrow in Madison Square Garden and the directors of the national horse show association to-day celebrated in advance the success they feel is certain to attend the show this year. The entries this year are far more numerous than they were last fall and the standard is high. Every box was sold several days ago and though there were few fancy prices paid for choice the average was high. The promenade, the favorite place for those who wish to see and be seen, has been broadened to accommodate those who prefer it to a seat in the galleries. The widening of the walk has cut down the tan bark space somewhat, but as the horse is the least consideration, the oval is large enough for him.

Commissioner Peck Arrives.

WASHINGTON, Nov. 12.—Ferdinand W. Peck, commissioner general of the United States to the Paris exposition, reached Washington from New York to-day. To-morrow he will call upon the President to report on the progress of his mission and to receive advice and instructions for the future.

THEY WILL BE MET.

Queen City to Bring a Party of Distinguished People INCLUDING MANY CONGRESSMEN AND GOVERNOR BUSHNELL AND MEMBERS OF THE OHIO LEGISLATURE—THEY ARE GUESTS OF THE OHIO VALLEY IMPROVEMENT ASSOCIATION AND THE PITTSBURGH & CINCINNATI PACKET LINE—PRESIDENT QUARRIER HAS ACTED.

When the Queen City arrives at the port of Wheeling to-morrow morning from below, she will have on board a party of distinguished people, who will be met on the boat by a committee of the Wheeling chamber of commerce, whose mission is to extend any courtesies the short stay here will permit. The party boards the Queen City early this morning at Gallipolis, O., about 180 miles below Wheeling, and includes several members of Congress, about sixty members of the general assembly of the state of Ohio, together with General Asa S. Bushnell, of Ohio, and his staff. Altogether there are about seventy-five people in the party. They are the guests of the Ohio Valley Improvement Association and the Pittsburgh & Cincinnati Packet Line. On behalf of the former, the president, Colonel John L. Vance, of Gallipolis, will do the honors, and for the packet line those popular and enterprising steamboatmen, Commodore James A. Henderson, general manager, and Captain Frank Ellison, superintendent, will dispense the hospitalities with a lavish hand.

The trip, which is from Gallipolis to Pittsburgh and return, is for the purpose of impressing upon the congressmen and state legislators the importance of improvement of the great Ohio, the most important inland waterway in the world. The Queen City will reach Wheeling between 3 and 5 p. m. to-morrow, and will not likely leave before 8 o'clock. Last night, President HULLIEN Quarrier, of the chamber of commerce, appointed the following committee, which will assemble at the wharboast at 7:30 o'clock, and extend to the visitors a brief edition of the hospitality for which Wheeling is famed far and near.

W. P. Hubbard, P. J. Hearn, J. E. Sande, P. H. Moore, Howard Hazlett, C. J. Rawling, H. H. Denner, John Crookard, B. W. Peterson, Joseph Speidel, H. P. McGregor, F. G. Caldwell, Dr. R. W. Hazlett.

If it is possible, it is desired that all of the local committee remain on board the boat and make the trip so far as Steubenville, the return to be via the Pan Handle road.

A Rich Plaster.

SEATTLE, Wash., Nov. 12.—The steamer Wolcott, from Copper River, Alaska, brings news of the drowning of a young woman named Crossop and a man named Tankerson in Controller Bay October 5. They were rowing from the mouth of Chilkoot river to Kayak island, and their boat was capsized. The body of the woman was recovered. On it was found \$14,000. She formerly lived in Minneapolis. With her sister she ran a dance hall in Controller bay.

Some cough mixtures smother the cough. But the next breeze fans it into life again.

Better put the cough out. That is, better go deeper and smother the fires of inflammation. Troches cannot do this. Neither can plain cod-liver oil.

But Scott's Emulsion can. The glycerine soothes and makes comfortable; the hypophosphites give power and stability to the nerves; and the oil feeds and strengthens the weakened tissues.

TWO GRAND LODGES

Masons and Odd Fellows Meet here this Week.

MASONIC PROCEEDINGS OPEN

WITH THE ROYAL ARCH MASONS' CHAPTER THIS EVENING—THE TWO GRAND LODGES WILL OPEN TO-MORROW—MANY VISITING DELEGATES EXPECTED, AND THE ADVANCE GUARDS ARRIVED LAST NIGHT.

Wheeling will be the focusing point of two important gatherings this week, the Masons and Odd Fellows of West Virginia gathering here in annual session, and the occasion will attract a large number of visitors to the city. The advance guards of both orders arrived in the city last night and registered at the hotels, while the majority of delegates will come this evening and to-morrow.

The Royal Arch Masons grand chapter meets this evening, and the grand lodge will be called to order to-morrow evening and will be in session all day Wednesday. The Royal Arch will transact all the business before that body at this evening's meeting, which as well as that of the grand lodge, will be held at the Masonic temple. The Royal Arch officers are as follows:

J. C. Rheidafter, of Wheeling, grand high priest; F. M. Seybret, of Martinsburg, grand king; W. W. Van Winkle, of Parkersburg, grand scribe; Hugh Sterling, of Wheeling, grand treasurer; Dr. J. W. Morris, of Wheeling, grand secretary; Rev. R. D. Roller, of Charleston, grand chaplain; Joseph Hall, of Wheeling, grand lecturer; H. E. Thomas, of Bluefield, grand captain of host; J. M. McConchay, of Charleston, grand principal sojourner; C. S. McKenzie, of Huntington, grand Royal Arch captain; A. C. H. Holly, of Grafton, grand master of the second veil; Thomas Carrahan, of Wheeling, grand master of the first veil; T. W. Swats, of Hilltop, grand marshal; and T. W. Bliss, of Wheeling, grand Tyler.

The grand lodge I. O. O. F. of West Virginia will be in session beginning to-morrow, until Thursday evening. The day sessions will be devoted to routine business, and the evenings given over to social diversions, according to the programme of entertainment mapped out by the local committee. The Degree of Rebekah, the ladies auxiliary, holds its annual meeting here this week, also. Many visiting Odd Fellows, with their wives and families are expected, and it is the intention to make their stay one long to be remembered. The members of the Degree of Rebekah and the grand lodge I. O. O. F. will attend the production of an opera by the Wilbur opera company at the Grand on Wednesday evening. The play will be on exhibition at the I. O. O. F. hall on Tuesday, where members can secure their seats without charge.

W. C. T. U.

The Temple Matter Will Come up To-day. Prospective Officers. ST. PAUL, Nov. 12.—This was a quiet day among the W. C. T. U. delegates, so far as convention work was concerned. A number of delegates filled local pulpits, both morning and evening. But one session of the convention was held. Miss E. W. Greenwood, world's and national superintendent of the evangelistic department preaching at 2:30 o'clock at the People's church. The temple matter and election of officers, which promises so much excitement Monday and Tuesday, were kept as much in the background as possible for subjects in which all are interested. The temple matter is due to come up late Monday afternoon, when Mrs. Matilda B. Carson, the founder of the temple, will make her report on it and seek to overcome the adverse decision of the executive committee on the subject.

The polling of delegates continues actively and everybody is confident of winning. A very lively contest is promised, the first move probably being an attempt to secure a secret ballot. The friends of the temple believe they can gain most by such a course, because of the timidity of some of the delegates. The general opinion has been that Mrs. L. M. N. Stevens, vice president at large and acting president, would be opposed in her candidacy for the place made vacant by the death of Miss Frances Willard, but several other candidates have been announced. Mrs. Martha E. Dunham, of Iowa, one of the temple trustees and now state president of Iowa, is a prominent candidate and her friends hope for help from the friends of the temple. Another prominent candidate is Mrs. G. B. Forbes, the state president of Connecticut.

Mrs. Stevenson's resignation leaves the position of corresponding secretary vacant, and a number of prominent workers have been mentioned for the office. There is little canvassing being done, and Mrs. Anna A. Gordon, formerly Miss Willard's confidential friend and secretary, seems to be the most prominent in the field.

There seems no reason to doubt that the other officers will be re-elected. The place of the next meeting has not yet been decided upon, but it is probable that it will be Seattle. There a number of eastern cities that have invited the convention to meet in the east, but the general sentiment seems to be in favor of Seattle.

TARIFF REVISION.

The War Revenue Measure Will Have to be Changed in Some Respects. CLEVELAND, O., Nov. 13.—In an interview to-night Senator Hanna said the tariff would have to be revised to meet existing conditions. "The war revenue measure," he said, "must be revised, but we will keep many of the original features of the law, simply because it is now necessary. Under the old tariff law we are not getting very much revenue, because we are exporting instead of importing and something must be done to meet these conditions. We must have a new revenue measure. So far as I am concerned, I favor putting a duty on tea and coffee. The revenue must be raised in some way, and the indirect is the best way, according to my idea. When the people do not realize that they are paying a tax there is no complaint. Still it will be necessary to retain some of the features of the war revenue measure. The tax is now on the people, and in some instances it is the proper method of taxation."

France's New Navy.

LONDON, Nov. 13.—The Daily Mail says this morning that the French naval construction programme for 1899 includes two battleships of 14,500 tons each, with very powerful armament and protection; two cruisers of 4,000 tons each, two large torpedo boat destroyers and eleven torpedo boats.

DR. BULL'S Cough Syrup is a most wonderful remedy for bronchial troubles. It has cured thousands, and will cure you. 25 cents.

CUBAN AFFAIRS

Mutiny Among Spanish Troops—Comes in Dues with Americans. WASHINGTON, D. C., Nov. 12.—Adjutant General Corbin received a dispatch to-day, announcing that the Eighth cavalry sailed at 5 o'clock this morning from Savannah for Puerto Principe, Cuba. The regiment will be the American garrison at Puerto Principe and Nuevitas.

In this connection an interesting bit of information has reached the war department. Arrangements have been made by the Spanish authorities to send back to Spain, the Spanish troops, numbering 9,500 men, upon the arrival of the American garrison. It was expected that they would sail next Tuesday or Wednesday, but an unexpected obstacle has arisen among the men themselves. They are on the verge of mutiny, openly declaring they will not return to Spain until they have received their pay, now far in arrears for service in Cuba. The mutiny extends not alone to the enlisted men, but their officers and is directed against the executive officials of the Madrid government on the island. Some of the men have not been paid for nearly a year and to all of them several months of pay is due.

The situation has created no particular concern in the minds of the American authorities, as it is not likely seriously to affect the control of that portion of the island by the American forces; but it is realized that those 9,500 soldiers, if they should persist in their refusal to return to Spain, might become dependents whom it would be difficult to care for, and, ultimately, perhaps, a menace to good government on the island.

The Spanish authorities express no fear of their ability to solve the problem presented, but how they will solve it, if the men, backed by their officers, absolutely refuse to return home without their pay is not clear.

SANTIAGO, Nov. 13.—Captain Warren, an American who has been with General Maximo Gomez for nearly two years, has arrived here. According to his statement General Gomez will no longer have Americans about him, and is getting rid of them as fast as possible. He takes the same course in the case as Cubans suspected of favoring annexation to the United States. The result is that some of the best men who were long attached to his immediate staff are not now with him.

It will be difficult, Captain Warren believes, to get the majority of the insurgents to disband. His idea is that when the American authorities get control of the other portions of the island, they should give out no rations and punish severely all thefts of cattle and produce.

He thinks, too, that there may be some trouble with the insurgents because of their insisting on the right of courtmartial of delinquents among themselves.

There is very little serious sickness among the troops here. Everybody is improving with the cooler weather.

It is estimated that no fewer than 18,000 people in this section are learning English in addition to the school children.

Pis in Ex-Governor McCorkle's Home. Special Dispatch to the Intelligencer. CHARLESTON, W. Va., Nov. 13.—Ex-Governor McCorkle's handsome residence on Summers street was badly damaged by fire at 10 o'clock last night. The fire originated between the walls near a chimney and was difficult for the firemen to get at. The furniture and carpets were much damaged by the water. The loss will reach close to \$1,000. The governor is in New York on legal business.

Incendiary Fire at Tiffin. Tiffin, Ohio, Nov. 13.—Fire burned four business blocks in the ground to-day, with a loss of \$75,000. It is thought to be of incendiary origin.

Not on the Programme. ST. LOUIS, Nov. 12.—At the Century theatre, in the course of the presentation of "I Pagliacci," Tenor Francesco Collins carried out a finale in one of the acts by a bit of realism that was not on the programme. With unwonted ardor Mr. Collins wounded Miss Nedda Morrison, the prima donna, in the arm with a dagger. Blood spurted forth from a wound in the left forearm, the actress fainting and the curtain was rung down.

Manager Levinger called for a physician from the audience. Dr. Thompson responded and speedily revived Miss Morrison, who was forced to retire to her hotel. The wound is not serious.

Came From Virginia. LEXINGTON, Ky., Nov. 12.—Captain Peyton Randolph, one of the most prominent officers of the Seventeenth volunteer infantry (immunes), died to-day at St. Joseph's Hospital, in this city, of typhoid fever. He was twenty-five years of age, and commanded Company K. He came from the famous old Randolph family of Virginia, and was a graduate of Virginia Military Institute. For several years previous to his enlistment he was connected with the Standard Oil Company, at Baltimore.

A Terrible Tragedy. READING, Pa., Nov. 13.—Morris J. Lutz, aged forty-four years, a shoemaker, was shot and fatally wounded to-day by his son, Harvey, aged about eighteen. Young Lutz came home intoxicated and his father reprimanded him. This angered the boy and he fired two shots through his father's head. The boy then committed suicide by cutting his throat. He had the reputation of a desperate young fellow.

Li Hung Shet-wei. PEKIN, Nov. 13.—Li Hung Chang has been ordered to proceed to Tai-Nan, capital of the province of Shan Tung, to concert measures with the viceroy of Shan Tung to prevent future inundations of the yellow river (Hoang-Ho). This appointment is regarded as virtually shelving Prince Li.

A Beautiful Picture. What more beautiful picture is there in this world than that of a father, mother and children on a winter day, filled with health, vigor and vitality. It rejoices the heart to behold it. How many poor, unfortunate families, alas! are different. Father and mother sick and ailing, and low spirited children, puny, fretful and peevish. Such are sad to look upon. But this can be made different. Dr. Greene, 35 West 14th St., New York City, the eminent specialist, has cured thousands of cases such as these, and what is more greatly important, you can get this distinguished doctor's advice by mail, free. Take advantage of this if you need medical aid. Dr. Greene can cure you.

Plan for Merit System. CINCINNATI, Ohio, Nov. 12.—Judge William H. Taft, of the United States circuit court of appeals, president, and W. C. Herron, secretary of the Cincinnati Civil Service Society, have forwarded to President McKinley a protest against the proposed contraction of the civil service merit system, which rumor says is about to take place. The paper is numerously signed. It is both a protest and argument. After stating that the merit system is made much more important, in view of the new responsibilities that have been imposed on the government by the events of the last six months, it advocates the further extension of the system not only in the civil service, but the application of the same system to the regular and volunteer army and navy.
