FARM BUREAU PROGRAM MEETS WITH SUCCESS

County Agent Bewick's Weekly Letter Is Interesting.

The Eastern Panhandle Cow Testing Association, a department of the Farm Bureaus of Jefferson and Berkeley counties, began its first year's work on Tuesday. The Supervisor, Mr. Bason, of North Carolina, entered upon his duties at the farm of D. Z. Royer. His probable course during the rest of the month, is as follows: Tabb Bros—Leetown; M. K. Bowers, Kearneysville; C. Marshall, Kearneysville; I. D. VanMetre, Kearneysville; C. J. Cavalier, Harper's Ferry; McDonald Bros., Charlestown; Messrs. Stull and Albin, Summit Point; E. Conklyn, Rippon; Bruce McDonald, Darksville; J. B. Fisher, Arden; Allen Weller, Arden; Elmer Seibert, Martinsburg; J. Snyder, Tuscarora; H. Snyder, Tuscarora; J. N. Tischer Co., Tuscarora; J. Holland Snow, Spring Mills; A. R. Tabler, Greensburg; W. L. Folk, Swan Pond; G. Harry Whiting, Shepherdstown; J. D. Foreman, Shepherdstown; Jas. Staley, Scrabble; Luther Vickers, Shepherdstown. One or two others are expected to be entered before the end of the month which will finish out the month.

Mr. Bason is making friends wherever he goes and rapidly becoming an adept at his work. We predict that he will be of great assistance to the open-minded dairymen, such as the members of this Association are. The farm Bureaus of the two counties are congratulating themselves on their success in inaugurating such a worthy movement. They are not forgetting, however, to give a large part of the credit to Mr. G. L. Oliver, Agent in Dairying from Moran town, who has labored so faithfully to help us in this work. That he is a true friend to the dairymen of this

and our neighboring county, later results will demonstrate. Nothing has been attempted in years that can compare with this work in the possibilities for good to the dairymen. The amount of good to the individual farmer depends just as much on the farmer himself as on the tester. The value comes chiefly in a knowledge of the economic value of each cow in the herd and the help in feeding more economically. In addition, watch for the list of cows producing 10 lbs. of butterfat per month or more, as it will appear in the papers of the two counties. Dairymen will your name be written there?

The Buying Committee of the Farm Bureau met at the office of the Bureau last Saturday and placed the Fall order for fertilizers and timely seed. They consider that some very attractive prices were obtained. Farmers who are interested in saving money, are invited to consult the Secretary, J. Holland Sperow, or call at the office of the Bureau for information.

HANOVER BLANKED IN THAT TOWN

(CONTINUED FROM PAGE THREE)

Having three very fair outfielders on his team, just an average infield, no catchers to speak of and one really good pitcher (Howard) and another who works with a string of horse-shoes about his neck and thereby manages to pull down a big part of his games (McCleary), the Herald man thinks there is nothing else in the league but Hagerstown. He resents anything or any statement from any one which fails to class Hagerstown first. This is the outcropping of that petty, mean, little provincial spirit which usually characterizes Hagerstown in all lines of sport, and which has been especially noticeable during the past three years of base ball.

ACTION OF SINGLE SPOONFUL SURPRISES MANY

(CONTINUED FROM PAGE THREE)

Martinsburg people who bought the simple mixture of buckthorn bark, glycerine, etc., known as Adler-Eka, are surprised at the INSTANT effect of a SINGLE SPOONFUL. This remedy is so complete a bowel cleanser that it is used successfully in appendicitis. Adler-Eka acts on BOTH upper and lower bowel and ONE SPOONFUL relieves almost ANY CASE of constipation, sour or gassy stomach. ONE MINUTE after you take it the gassos rumble and pass out. The Leap-Worthing, Ltd., 136 N. Queen street.

HIS AMBITION IS TO PITCH IN BIG SERIES

Walter Johnson's ambition is to pitch in a world's series, and he often said that he would go to the mound every other day from the middle of August until the pennant was won or hopelessly lost by Washington. Since Johnson has been with the Senators they have had only one real chance to win the pennant. That chance came in 1912 and it was not Johnson's fault that Washington did not overhaul the Red Sox. He won 16 consecutive games and pitched in 50, winning 32 and losing only 12. The complete collapse of the rest of the pitching staff and a sensational winning streak by the Red Sox prevented Johnson from reaching his goal.

LEIMBACH HELD AS WHITE SLAVER

(CONTINUED FROM PAGE ONE)

that she went to church with Leimbach nearly every night, and also admitted that he lived with her for some time after coming to Baltimore. During the testimony Leimbach pleaded that the girl be sent to her home.
