District Reports.
 (Continued from fourth page)

much of hearing of the Sovereignty of God, as the Sovereignty of His Love in the glorious gift of His Son. We have much to bless God for in the success attending our labors here. The work has been uphill but we are gaining the utmost height. Sunday School work is a reality with us, aiming as we do to bring the scholars to the enjoyment of the greatest blessing within the reach of man. Our young people are brave and have done much to promote the cause of Christ, untiring in effort, ardent and zealous, they have done well and are encouraged to "press on". The older church members, few in number, hardly—as a class—have that sense of loyalty which insures success, consequently many opportunities have been lost, and much valuable time wasted. Yet we glory in the knowledge that many of the brethren and sisters are living daily monuments of His saving grace, exemplifying that grand truth, "He is able also to save them to the uttermost that come unto God by Him". The class meeting is a means of grace availed of by many to the help of the spiritual life. Prayer meetings and preaching services are well and regularly attended. Indeed, the spiritual condition of the Church is, on the whole, good. For many reasons the financial statement at last Quarterly meeting did not read as favorably as perhaps was to be expected. Yet we have done well considering the condition of affairs in the community. During this quarter we have paid some \$400 in the interest of the Church building alone. There is immediate need of \$600. "Our Father is rich." If some of His children desire to contribute to our necessity we shall be glad to acknowledge the kindness through the columns of this paper. We are "standing on the promises of God."
 C. HEFLY MOLONY.

Fishers Circuit.

This Charge is composed of twelve preaching places, Rev. C. W. Stephan is serving it as pastor for the second year. He has six Sunday schools doing good work among the children. His report shows sixty five conversions this year with forty five added to the church by probation. His local preacher helpers are J. K. Fisher, J. I. Carney, W. B. Parsons, A. B. Parsons.

This Charge has lately been blessed with three new church edifices two of which have been dedicated for worship. The third near "Berry Fishers" will be dedicated (D. V.) Aug. 5, ED.

Hartford City.

"NEWLAND, WALES, PEN.—Sunday School anniversary held Sunday, June 10, when sermons were preached morning and evening by Rev. John Beddow, of the Methodist Episcopal Church of America. Considerable interest was taken in the services from the fact that the preacher had been a scholar, teacher and superintendent in this school prior to his entering upon the work of the ministry. Large and representative congregation assembled to bid him welcome to the "old country," and the collections were the largest in the history of the school."

An interesting letter from Bro. Beddow gives us a glimpse at life on board ship. Four passengers were missionaries bound for the west coast of Africa. The great Atlantic treated Sister Beddow less kindly than it did our Bro. We will draw a veil over the meeting with friends after an absence of five and a half years and wish our Brother and Sister much enjoyment during their sojourn in the "Old Country." His pulpits are supplied by local talent. ED.

Leon.

The Leon circuit is in good living condition, there have been 127 accessions. We have ten Sunday Schools all in good condition. Brighton school has now lived through the storm of two winters. Our school at Leon, is among the best.

Revs. Z. T. Scantlin, Hill Tribble, John Snyder, and C. J. Baker are efficient local preachers. Rev. J. D. Stricklin is an honored veteran.

Bro. Lew's Forbus is a new Class Leader and is full of the Spirit.

John Plants is our senior leader and is known and loved by many.

Bro. Andrew Hill is a young leader and doing splendidly.

Bro. John Garson is an old Methodist but a new leader, and his class is full of life. Bro. Geo. Rowley is a man now in a good old age, he has the spirit of a youth and is a pillar in the church at Leon, as is Mrs. Anner Bright at Brighton.

But why should I mention the names of a few when we have a great host of willing workers, and our number is increasing daily.

Brethren, "Pray for the prosperity of Zion."
 DELL UPTON.

Noble.

The Children's Day was observed at Wilding Church June 10, and was enjoyed by an attentive audience of more than 300 people. The service showed that careful attention had been given to the preparation. The singing was led by Amos Hawk and the opening prayer by P. H. Hawk. Walter Lemaster, Amos Hawk, Wm Hawk, A. H. Hughes, Misses Florence Houston, Mamie Houston, Cora McKa, Fannie McKa, Mattie McKa, Anna Abler, Rosa Shiveront, Fannie Smith and others took part in the exercises.

After the prepared programme the pastor gave a talk on the origin of Children's Day.

The collection of \$3.27 was followed by an excellent address by E. McKa.

We anticipate a good time at our Children's Day service at Grose, and at Island Run.

We now have preaching at the Cha-Dale school house near A. L. Varner's twice a month with good interest. Our new Sunday School, superintended by Sister Varner is a success. Our Sunday Schools are generally doing well. The average attendance is more than 300. Regular prayer meeting at Grose and Island Run with good interest. Prayer meeting at Warden with a medium attendance, and a good interest. All of our services on the work are very well attended; there is good interest and the good work is moving forward. For years our people on Little Sandy have felt the need of a church. Several attempts have been made toward building; but the outlook for a new church is better now than ever before. Recently subscription has been taken and a good foundation for the building has been laid and the people are now eagerly looking forward to the time when they can worship in a new church instead of a school house.

W. H. HAMMOND,
 Malden.

Repairs are the order of the day, and we are no exception to the general rule, our people hope soon to worship under a new iron roof waiting only for the workmen to put it on. Sunday school literature has proved a great incentive to success among us we are coming to the front, the secretary is doing good work. Sunday evening June 17th saw a flood congregation assembled to hear the discourse on Rum. The day was mainly devoted to the sowing of Temperance seed. While our financial resources are being drained yet there are among us those who have faith to "go forward. God bless them!"
