EXPLANATION.

WE show on the opposite sides of this card correct pictures of the Presidential Candidates of the two leading political parties of the United States; *one* of which will undoubtedly be elected in November.

Choose your favorite, and with a pair of scissors or a sharp knife, carefully **cut out this design** — cutting on all the dotted lines. Then by folding together as indicated by the plain lines, a very neat and perfectly square box will be formed, with your choice “on top,” which may be kept as a pleasing little novelty and serve as a receptacle for a variety of small articles; and, last but not least, (we hope,) as a constant reminder of the numerous attractions to be found only at our store.
