Nisei Promoted In Field To 2nd Lieutenant

WITH U. S. 100TH DIVISION, Germany. — Sgt. George Doi, son of Japanese parents, received second lieutenant bars in a field promotion by Maj. Gen. Withers A. Burress, it was announced Sunday.

Doi, 30 years old and 5 feet 4, was an automobile mechanic in his native San Diego before he entered the service. His wife has been staying at Amache.

Capt. James Dougherty of Alden, Pa., commander of the Century Division's quartermaster company, in which Doi was commissioned, said:

"Ever since we came overseas Doi has been acting in an officer's place while the officer was on special duty elsewhere. He is unquestionably the company's best soldier."

Crosby declared:

"It was the arrangement that there would be no severe punishment and that the shootings would stop. I think that was the important thing."

Crosby said before the sentence was pronounced he asked Iwasaki if he had any objection and was told the complaining witness had none.

He said two army intelligence officers also were asked if they had any objection and offered none.

Crosby declared:

"We would like to express our appreciation of the excellent service we are performing, from which we have greatly benefited. We want you to know that the five young women you have referred to us for employment, Yasuko Tsutsumida, Masako Okada, Sayoko Doi, Trea Hamazawa and Ruth Fujiwara, are among our most valued employees. Each of them is outstandingly conscientious and proficient at her duties, and we have had unsolicited favorable comment from supervisors in four different sections of the agency.

"We shall continue to welcome your choice of applicants."

"I am sure I can guarantee there will be no more cases of this kind in the Parlier community, if they will simply leave us to handle the matter."

CIO Condemns Jury In Placer Raid Trial

LOS ANGELES. — The Congress of Industrial Organizations District Auto and Aircraft Council last Saturday condemned attacks on Japanese Americans and urged the governors of California, Oregon and Washington to "take public steps" to prevent further terrorism.

The union said action of a Placer County, Calif., jury in acquitting three persons accused of terrorizing Japanese Americans was "detrimental to the welfare of our loyal citizens, many of whom are honorably discharged veterans of this war or have sons and relatives in service."

O. Leon Anderson, temporarily in charge of the WRA office here, said he has received no official notice the Japanese were being brought in, but that it was not strange, since no notification of his office is required.

"When the Japanese are released from relocation centers they are free to go wherever they please, even as you and I," he said.

"It is possible for any farmer or anyone else to offer employment to the released Japanese and to arrange for their transportation."

He added that the WRA provides transportation only from the centers to the evacuees' homes. He explained half a dozen Japanese families will be returned here from centers this week.

Ickes Condemns Judge In Nisei Case

WASHINGTON. — Secretary of Interior Ickes Thursday said that Justice of the Peace L. B. Crosby of Parlier, Cal., was a "disgrace to the bench" because of his conduct of a case involving a terror attack against a Japanese American family.

"If California has any law under which it can reach out and demote that justice of the peace they oughtn't to lose any time," Ickes said.

Crosby gave a six months suspended sentence to Levi Multanen, 33, who was charged with using a gun "in a rude and threatening manner" after four shots were fired into the home of Charles Iwasaki at Parlier.

"I'll say it was damned rude," Ickes said.

"Certain parts of California instead of having law and order as their ideal have law and disorder," Ickes said. "It's terrible."

Judge Stands Pat On Decision

PARLIER. — Justice of the Peace L. B. Crosby said Thursday, "I take full responsibility" for leniency to a young farmer who shot into the home of a Japanese American family "but in a measure it was a community arrangement" to prevent further violence.

"There was a crowd of Parlier farmers and townspeople in the courtroom before the trial started, and we talked the situation over, all of us," he said.

"We agreed we didn't want any more shootings in our community and we agreed we would each of us act individually to see that there would be no more.

"It was the arrangement that there would be no severe punishment and that the shootings would stop. I think that was the important thing."

Crosby said before the sentence was pronounced he asked Iwasaki if he had any objection and was told the complaining witness had none.

He said two army intelligence officers also were asked if they had any objection and offered none.

Ranchers To Hire Evacuees In Fresno Area

FRESNO. — Despite the fact the Fresno area has been the center of a half-dozen attacks upon returned evacuees during the last 10 days, several Japanese recently released from relocation centers are to be brought into this area from other parts of the Pacific Coast to work as farm laborers.

This was disclosed when H. B. (Dutch) Leonard, one-time major league baseball star, who operates several large ranches near here, announced he has hired several Japanese families from other California areas and expects more. He added that when he has completed his quota he will have about 75 former evacuees employed, and that other large operators are making similar plans, especially for holdings in the Laciac and Armona districts.

O. Leon Anderson, temporarily in charge of the WRA office here, said he has received no official notice the Japanese were being brought in, but that it was not strange, since no notification of his office is required.

"When the Japanese are released from relocation centers they are free to go wherever they please, even as you and I," he said.
